

Middlebury Schools Abroad Evaluation: 2007-2008

Evaluating your period of study abroad is one of the most valuable services you can render Middlebury College and future students planning to study abroad, and it is one of the most important ways you can help us maintain the highest possible standards. For this reason, until this form is submitted to International Programs and Off Campus Study a hold will be placed on official Middlebury transcript requests for Middlebury College students who studied at Middlebury Schools Abroad. Please note: If you studied abroad for two semesters on two different programs, you must submit two separate evaluations.

The staff of International Programs and Off Campus Study welcomes the opportunity to hear about your experiences abroad; please feel free to stop by or call and talk with us!

Other comments about this course:

The theory part of the course opened my eyes to a new genre of film making that I vaguely knew of but didn't practice. The practical section was mostly spent workshopping ideas and seemed like a futile exercise given that we weren't actually able to practice the theory we were being taught. There were 2 short assignments.

Other comments about this course:

This course was taught very badly. There was no through-line and hence I found myself completely lost. The professor might as well have been completely absent throughout the semester and my results would have been the same. Furthermore in her assessment of me she explicitly mentioned that had I been a native speaker I would have gotten a better grade which leads me to think that she evaluated my Spanish and not my content.
