

## **Material Recovery Facility**

*New Construction*

The Material Recovery Facility (MRF), located west of campus on Route 125, enabled the College to move its recycling operation away from central campus to a purpose-built facility with sufficient sorting space, room for trucks, and a screened work yard.

For information on the College's award winning recycling program please visit the [Recycling & Waste Management](#) web site.

<b>Completed:</b>	October 2002
<b>Total Square Footage:</b>	7,500
<b>Project Manager:</b>	Tom McGinn
<b>Project Cost:</b>	\$1,500,000
<b>Design/Builder:</b>	Bread Loaf Corporation, Middlebury, VT
