Please note that information in this Handbook is subject to change.
The Purpose of this Handbook
This Handbook has been compiled in an effort to begin preparing you for the program of study abroad with Middlebury College during the 2011-2012 academic year. Please read everything carefully and be sure to follow instructions. Failure to do so will waste valuable time and may jeopardize your participation in the program. A successful experience abroad depends in part upon how well you are able to assume the responsibility of preparing yourself for it.

If you read all of this material carefully you will find the answers to many commonly asked and basic questions. However, our office always welcomes your e-mails, phone calls, and inquiries and hopes that you will continue to seek guidance and support as you prepare for your School Abroad experience. Likewise, our staff is always available to talk to your parents and family and answer any questions they may have regarding your time abroad.

We strongly recommend that family members, parents, or guardians become familiar with the contents of this handbook.

We hope this information will be helpful and we wish you a productive and enjoyable year abroad.

Statement of Non-Discrimination
Middlebury College complies with applicable provisions of state and federal law which prohibit discrimination in employment, or in admission or access to its educational or extracurricular programs, activities, or facilities, on the basis of race, color, ethnicity, national origin, religion, sex, sexual orientation, gender identity and expression, age, marital status, place of birth, service in the armed forces of the United States, or against qualified individuals with disabilities on the basis of disability. Because of varying circumstances and legal requirements, such provisions may not apply to programs offered by the College outside the United States. This is consistent with the College's intent to comply with the requirements of applicable law. Individuals with questions about the policies governing such programs should direct inquiries to the Language Schools, Sunderland Language Center, Middlebury College, Middlebury, VT 05753.

Students are responsible for knowing and observing all regulations that may affect their status at Middlebury College. For this reason, they are expected to acquaint themselves with the contents of this handbook, individual School Web sites, and all official School memos and notices. Middlebury College endeavors to present an accurate overview of the programs, facilities, and fees of the Language Schools and Schools Abroad in this publication. However, Middlebury College reserves the right to alter any program, facilities, or fees described in this publication without notice or obligation.

Because this handbook covers a range of topics, and because it may occasionally be necessary to change the text, the statements contained herein are not meant to be and should not be considered contractual in nature.
Estimados alumnos,

Me dirijo a ustedes para darles la bienvenida al Programa de Middlebury College en España aprovechando la ocasión para explicarles los aspectos más relevantes de su estancia con Middlebury.

El programa de Middlebury College se caracteriza por el compromiso con hacer todo lo posible por HABLAR ÚNICAMENTE EN ESPAÑOL y por INTEGRARSE EN LA SOCIEDAD ESPAÑOLA. Tomamos estos principios muy en serio ya que supone para ustedes una base fundamental para perfeccionar los conocimientos de la lengua y cultura españolas. ¿Qué significa este compromiso para ustedes? Significa que deben estar 100% dispuestos/as a vivir de una determinada manera mientras están en España. Los cientos de evaluaciones de alumnos en el pasado indican que la MEJOR manera de aprender consiste en:

- NO vivir con ningún otro alumno anglohablante
- HABLAR español, aún cuando otros hablar en inglés
- RESISTIR la tentación de salir y viajar con otros alumnos norteamericanos
- HACER un tremendo esfuerzo por BUSCAR OPORTUNIDADES de hablar en español y conocer España

Dicho esto, les aseguro que el personal de la oficina en España reconoce lo difícil que es comunicarse en otra lengua y superar las barreras culturales para integrarse, por lo tanto les ayudaremos en todo lo posible a orientarles hacia esa integración respetando al mismo tiempo su independencia y voluntad propia.

Respecto a los temas académicos, quisiera dirigirles la atención a las asignaturas que se ofrecen y que pueden ver en la página Web. Como verán, la oferta es amplia y abarca las áreas de lengua, literatura, cultura/civilización y preparación profesional para maestros.

Durante el verano habrá varias sesiones de orientación, tanto académica como práctica, cuyo objetivo es aclarar cualquier duda respecto a la información recibida previamente. Para ello, les animo a que lean muy detenidamente todas las páginas Web, y especialmente este manual.

Para integrarse mejor una vez estén en España existen diversas posibilidades de trabajar como voluntarios o hacer prácticas sin crédito. Consulten esa sección de la página Web y si les interesa participar deben ponerse en contacto con Teresa Córdova cuanto antes. También Carlos Jurado organiza intercambios con jóvenes españoles para todos nuestros alumnos y les animo a mirar nuestro boletín “De Madrid al Cielo” y la página Web de “Student Life” para ver las actividades en Madrid en las que participan los alumnos de Middlebury.

Otra vez reitero la bienvenida al programa y les brindo mis más sinceros deseos para un verano exitoso. Nos conoceremos pronto y hasta entonces, les manda un cordial saludo,

Kim Griffin

School in Spain Graduate Calendar
PRE-DEPARTURE INFORMATION

APPROXIMATE PROGRAM COSTS
Estimate of program costs for full and half-year students as of February 2011 can be found here. Please remember that Middlebury College only bills you for the tuition portion in two installments: fall tuition due August 15; spring tuition due January 15; the remaining expenses will be out-of-pocket. Amounts are given in U.S. dollars though remember that expenses you will incur while in Spain will be paid in Euros and are based on an exchange rate of €1 = $1.45. Figures may vary depending on individual lifestyles and situations. Please note that the “personal” figure covers only some basic necessities (e.g. local transportation, personal items, cell phones, laundry, cultural activities, bank fees, etc.) and does not and is not intended to include students’ discretionary spending (e.g. entertainment and travel).

Fluctuating exchange rates make advanced planning of costs challenging. We advise that you overestimate your costs to accommodate these fluctuations. Please be sure to confirm the exchange rate shortly before your departure so that you budget accordingly.

EXPENSES
Keep in mind that the amount of money you spend ultimately depends on the lifestyle you choose. Remember to budget extra if you are planning to travel before or after your program. Plane tickets are often more expensive than in the U.S., but train and bus travel has remained relatively inexpensive. If you are a big spender in the U.S., bringing more money would be a good idea. Many students have found that they buy many books, as they are inexpensive and easy to mail home, and spend more than expected on gifts, entertainment, etc. Students who plan on regularly sampling the nightlife of their cities should budget extra money for taxis.

STUDENT VISAS
A student visa gives you permission to be a student in Spain for the duration of your studies and is required of all students, except citizens of EU countries. This procedure requires that you already have a valid passport. You must apply for the visa at your local consulate. Most Spanish consulates are now allowing students to apply through them if either their permanent or their home school address falls under their jurisdiction, but you should verify this with the consulate while you are researching your options. (The Boston Consulate will not allow you to apply there if you only qualify as a student on the Middlebury program, e.g., either your permanent address or an undergraduate school address from the current academic year must be within its jurisdiction.) Some consulates have more strict guidelines than others and you should compare requirements of the consulate with jurisdiction over your permanent residence to the consulate with jurisdiction over your home school to determine which one has more manageable requirements given where you will be while you are applying.

Please call or check the Web site of your consulate for instructions as soon as possible, and before making your travel plans. Consulates require visas to be applied for and, in most cases, picked up in person. Most consulates say that visas take at least seven weeks to process. Generally, there is a $140 processing fee, which may be requested by money order.

The Spanish consulates recommend that students going abroad for the fall semester apply for their visas in May and June. In advance of these dates, you should be consulting the appropriate consulate and gathering your documentation. Please note that while your visa is being processed, your passport will be unavailable for your use. If you are studying in Guadalajara before beginning the program in Spain, your visa will likely be processing at the same time you need your passport for travel to Mexico. If this is the case, please contact International Programs as soon as possible to discuss your options.
If any of the documents that you need for your visa need to be “apostilled,” you should contact the Secretary of State’s office in the state in which the document was produced and notarized for further information.

A letter certifying the student’s acceptance to the School in Spain, including a statement that students will be housed in consultation with the School in Spain staff, will be supplied by our Vermont office well before departure. A letter certifying health insurance will also be provided. You are responsible for collecting all other requisite documentation.

Students who will be applying for a student visa at a Spanish Consulate outside of the U.S. and those who are not U.S. citizens must contact International Programs and Off-Campus Study. These cases require more paperwork and at least several more weeks to process.

ORIENTATION
The Assistant to the Director of the School in Spain will hold pre-departure orientation sessions during the summer session at the Spanish School in Middlebury. Students not on campus the summer prior to your year in Spain will receive materials distributed in those meetings by mail/email and should feel free to contact the office with questions.

ORIENTATION SESSIONS ARE MANDATORY FOR ALL STUDENTS IN VERMONT FOR THE SUMMER.

TRAVEL TO SPAIN
TSA Regulations
The Transportation Security Administration regulates what items may be carried aboard the aircraft and, as these regulations are subject to change frequently, you should consult their Web site close to your date of departure. Possessing certain items while going through security may result in fines or, in the case of firearms, may be considered a criminal offense.

Airline Luggage Regulations
Students should contact their airline to confirm exact luggage allowances. We strongly suggest you stick to these guidelines, or be prepared to pay excess baggage fees, which can be quite expensive. We also suggest that you consider insuring your luggage through a comprehensive travel insurance policy.

Travel Arrangements
Students are responsible for your own travel arrangements. We recommend using a student travel agency for flexibility and the best rates:

- www.edreams.com
- www.travelcuts.com
- www.studentuniverse.com
- www.statravel.com
- www.terminalA.com
- www.rumbo.es

Please consult the School in Spain calendar at the back of this handbook before planning your travel dates. The program begins on Wednesday, September 7 (complete calendar found in the back of this handbook). In order to adjust to the time difference, as well as to the new environment and obtain housing, it is strongly advised that you plan your arrival several days before the first day of orientation. It is especially important that you not plan your return to the United States or travel to another destination before the date of the last final exam. Exam dates will not be changed to accommodate students’ travel plans. No exceptions will be made, so please do not ask.

CHECKLIST OF ITEMS TO PACK
- Passport (and photocopy)
- Visa and supporting documents provided by the Consulate
- Airline ticket/Itinerary (and photocopy)
INTERNATIONAL STUDENT IDENTITY CARD (OPTIONAL, BUT RECOMMENDED)

- Insurance card
- Debit/Credit Cards
- Calling card
- Certified copy of original birth certificate (in case your passport is lost or stolen)
- Medications in original containers and with the corresponding doctor’s prescription
- Extra Photos

GENERAL PACKING SUGGESTIONS
Plan carefully what to bring, keeping in mind that you will have to carry all of your own luggage while traveling. This means TRAVEL LIGHTLY. We cannot emphasize this strongly enough! Choose each item carefully and avoid duplication.

As you pack for the flight over, also keep in mind that when you travel you will be carrying this same luggage by yourself, sometimes over great distances or on crowded trains. Take things that are easy to manage and avoid over-packing. One rule of thumb is to pack your bags and walk around the block with them three times; then re-pack.

Remember to also check whether luggage accompanying you is limited by weight or by physical dimensions. In view of frequently-changing airline regulations, it is essential that you find out from your airline which items may be transported in checked baggage, and which may or must be hand carried. Do not pack lots of books in your luggage. You can buy them in Spain and ship them home after the year ends.

CLOTHING
Winter in Spain is not severe, but it can be damp and have a penetrating chill. Indoor temperatures may be lower than those to which you are accustomed, so you will need warm woolen clothing, including a winter coat. You will also need sweaters, heavy socks, sturdy shoes, and warm sleeping clothes. The best idea is to bring clothing that you can layer, so as the seasons progress you can dress accordingly.

GIFTS
If you are planning to live with a host family you may wish to present them with a gift. A guide for choosing a gift is to select something that has significance to you, and is packable and light. Consider the following gifts:

- Books with lots of photos
- Small souvenirs of the US and gifts: postcards, buttons, pins, stickers, U.S. stamps, small handicrafts
- Items representative of where you are from (i.e. maple syrup, saltwater taffy).

DON’T FORGET PHOTOS. Your friends will be interested in where you come from: your family, town, friends, and school. Take pictures that help explain parts of your life in the U.S.

BED AND BATH LINENS
We do not recommend that you bring sheets, blankets, or pillows with you. They are too heavy, the wrong size, and take up too much space in your luggage. These items are also costly to ship in advance, and can be easily purchased once you arrive in Spain. If you are going to be living with a host family, sheets and blankets will be provided. You may want to consider bringing one hand
towel and one bath towel with you, which should suffice until you determine whether you will need to purchase more.

**Electrical Appliances**
Most electrical current in Europe is 220 volts/50 cycles rather than the 110/60 cycles found in the United States. You should make sure that any appliance you bring is 110/220 compatible (50/60 cycle). Transformers and adapter plugs are available in Spain, but it is possible to buy them in the U.S. before you leave: American transformers are lighter and cost less. Occasionally, even though a transformer is used, an appliance may not work properly. Because of this difficulty and because of their weight and bulk, you may want to leave most electrical appliances at home and buy in Madrid those that you find absolutely necessary. Some students do find it preferable to take iPods or battery-operated CD players with small speakers or earphones. Some electrical appliances can be bought in Spain inexpensively (e.g., hairdryers).

**Computers**
Students should be advised that computer resources in Spain may be more limited than in the U.S. and you are therefore encouraged to bring your own laptop. Consult your dealer to determine whether it has dual voltage (110/220). Most, if not all, new models are equipped with self-setting transformers (requiring no special equipment to change the voltage, just an adapter for the wall plug); printers may or may not be. Previous students have recommended that you take a USB drive abroad. The Middlebury College facility in Madrid has both Macintosh and IBM compatible computers and printers.

**Toiletries**
Toiletries are readily available throughout Spain. If you are particular about brands, you may want to pack an appropriate supply of the articles you regularly use.

**Prescriptions**
If you are taking any prescription medication you should take a full supply of what you will need with you on the plane as well as appropriate prescriptions. Mailing medicines across international borders is extremely complex and often impossible. Prescription medicines should be left in the original containers, be accompanied by a doctor’s prescription, and be packed in your carry-on bags. Please also note that in the event that a prescription must be replaced in Spain, you should have the GENERIC NAME of your medication on the prescription, in addition to the American 'brand' name.

If you are under a doctor’s care for a specific condition, you may want to bring a copy of your medical history with you or sign a release form with your doctor in case your medical history needs to be sent to a doctor in Spain.

**CUSTOMS**
If you plan to bring any new, non-U.S.-made articles of value, such as cameras, MP3 players, computers, bicycles, or jewelry that are LESS THAN 6 MONTHS OLD, you should register them with U.S. Customs and Border Protection before departure (CBP Form 4457). Alternately, you can carry your original sales receipts to prove that you purchased them in the U.S. This avoids your having to pay a duty upon your return. Customs regulations vary from country to country; there are usually limitations on liquor, cigarettes, and other goods.

**SMART TRAVELER ENROLLMENT PROGRAM**
In addition to securing a visa, all U.S. students are required to register themselves with the U.S. Embassy in Spain before departure from the U.S. In the event of international, political, or family emergencies, or in the event that a passport is lost or stolen, the U.S. Embassy will be
much better able to assist registered students. Please visit the Department of State’s Web site and follow the links to register.

Registration is fast and costs nothing. Please print the confirmation page after you have registered; leave one copy at home and take a copy with you. Students of other nationalities should check to see if it is possible to register with your own Embassy in Spain.

INTERNATIONAL STUDENTS
The U.S. Citizenship and Immigration Services (USCIS) require re-entry documents for some foreign nationals. If you are living in the U.S. but are a citizen of another country, check with the USCIS to determine the regulations that apply to you and be sure to obtain all necessary re-entry documents before you leave the United States.
**ARRIVAL IN SPAIN**

**HOW TO GET TO DOWNTOWN MADRID FROM THE AIRPORT**

The [airport](#) in Madrid, [Barajas](#), lies about 10 kilometers outside the city so you will need to take the bus, the subway, a shuttle service, or a taxi into the city. There are various city bus lines that travel between the airport and the bus station at Avenida de América. [Subway Line 8](#) can also transport you between the airport and Madrid. However, unless you’ve packed very lightly and have a great deal of mobility while carrying your luggage, we do not recommend you take the subway or a bus into Madrid when you first arrive.

The Asociación de Programas Universitarios Norteamericanos en España (APUNE) recommends the shuttle service, [Aerocity](#), which will take you from the airport to whatever address you give them in Madrid. Their prices vary according to the number of people being picked up and the location of your destination in the city, so it is less expensive if you share it with a group of people. But even alone it is cheaper than a taxi because they have fixed rates, not a meter that runs on distance and time. They operate a booth at the Madrid airport, and you can make a reservation through their [Web site](#). You might want to make reservations ahead of time with your flight number, date, time of arrival, and number of people in your group.

Another possibility is to take a taxi, which will cost approximately €25-40 per ride, not per person. As there may be other students arriving in Madrid at the same time, it is usually possible to find someone with whom to share a taxi. **To avoid being over-charged in a taxi, ask the driver for a receipt (recibo),** which he is required by law to provide at the customer’s request, and make note of the license plate if you are concerned that you have been incorrectly charged.

It is suggested that you arrange to travel with another student since arriving in pairs will facilitate getting cabs/buses, making hostel calls, and protecting luggage. Names, addresses, and phone numbers of accepted students who are interested in coordinating their travel plans will be distributed several weeks before potential travel dates. If you have difficulties at the airport, there is a tourist information center that may be able to help you.

We recommend that you do **not** arrive late at night nor go directly to the Middlebury office from the airport to begin your search for housing. Unless you have made prior arrangements with a family, take a room in a [pensión](#) or [hostal](#) and rest. Consult the list of suggested places to stay (see section: Local Information) and make a reservation ahead or call from the airport to see if a room is available.

You may find it beneficial to purchase *Let’s Go Spain*, *Moon Spain*, or *The Lonely Planet Guide to Spain* before you leave the U.S. They provide information on good, inexpensive food and accommodations and are updated annually by the publishers.

Once settled in your hotel room the first thing you should do is obtain a map of Madrid with a street index (*Callejero*) at the nearest newspaper stand, bookstore, or department store.
ACADEMIC AND ADMINISTRATIVE MATTERS

ACADEMIC CALENDAR
Students should consult the School in Spain calendar on our Web site, as the dates may change after the publication of this Handbook.

Important: ALL STUDENTS MUST REMAIN IN SPAIN UNTIL CLASSES ARE OVER AND YOU HAVE TAKEN YOUR FINAL EXAMS. STUDENTS WHO CHOOSE TO LEAVE BEFORE THE ESTABLISHED DATE FOR THE END OF THE PROGRAM MAY FORFEIT CREDIT FOR THE ENTIRE SEMESTER.

PROGRAM SITE
The Middlebury College program in Spain is housed at the Sede Prim, a very central location within short walking distance of Colón, Cibeles, and Puerta del Sol, as well as the National Library, the museum district and theatre district. At the Sede Prim, Middlebury has its main offices for Spain, classrooms, a computer lab, and a small reading library.

M.A. IN SPANISH PROGRAM STRUCTURE
Requirements for the M.A. for students accepted to candidacy beginning with the 2005 session of the Spanish School are as follows:

<table>
<thead>
<tr>
<th>Program structure</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Regular Program</strong></td>
</tr>
<tr>
<td>Summer 1 in Vermont: 3 course units</td>
</tr>
<tr>
<td>Fall in Madrid: 3 course units</td>
</tr>
<tr>
<td>Spring in Madrid: 3 course units</td>
</tr>
<tr>
<td>Summer 2 in Vermont or Guadalajara: 3 course units</td>
</tr>
<tr>
<td><strong>Accelerated Program</strong></td>
</tr>
<tr>
<td>Summer in Vermont: 3 course units</td>
</tr>
<tr>
<td>Fall in Madrid: 4 or 5 course units</td>
</tr>
<tr>
<td>Spring in Madrid: 4 or 5 course units (add to fall to total 9 units abroad)</td>
</tr>
</tbody>
</table>

The choice to take the Regular or Accelerated Program depends on academic performance at the Spanish School during the summer and upon previous studies, needs, and interests.

Please Note:
- In order to be considered full time and qualify for financial aid and federal loans, students must take a full course load (at least 3 units of credit) each summer session and each semester abroad.
- If a student fails a course during fall semester, s/he may take an additional course in the spring semester only within the limit of 5 units total.
- Students who withdraw from the program during the course of a semester will receive an "F" for incomplete courses. See the “Guidelines for Studying Abroad with a Graduate School Abroad” for more details.
- Full tuition will be charged independently of the number of credits taken.

**Registration**
Class registration will be conducted on-line during the summer. Students who are not present at the Spanish School during the summer will receive information in order to register on-line.

Once available, the [class schedules and descriptions](#) for 2011-2012 will be made available on the Web site.

**Class Attendance**
In order to benefit fully from your experience abroad it is imperative that your presence be continuous and your participation active. Attendance is therefore expected throughout your courses, with travel or other absences reserved for weekends and official holidays.

Early submission of coursework is not an excuse to leave early, nor should work be submitted after the deadline established by the instructor. In case of illness, students are advised to seek medical advice promptly, so as to avoid complications. It is your responsibility to keep the School informed of your progress by personally telephoning the office staff, to present a certificado médico, and to make up work missed after consulting with the instructor. Failure to adhere to these regulations may result in a lower grade or failure in the course. Visits by parents, relatives, or friends do not constitute a valid excuse for not attending classes.

**ACADEMIC RESOURCES – LIBRARIES AND BOOKSTORES**
There is a reading room located at the Sede Prim, which has limited resources available for student use, but students will also have access to public libraries. Library use is very different in Spain compared to the U.S.; therefore, the School in Spain staff will work with you to familiarize you with library facilities and use. Generally, students will need to request a book from the librarian as opposed to having open stacks. Many libraries are open only during business hours. You may purchase or order books at various bookstores throughout Madrid.

**VOLUNTEER WORK**
Students wishing to contribute their time and service to the community may choose to work as volunteers with organizations in the non-profit sector. The Coordinator for Development and Site Programs can assist students in finding volunteer opportunities.
CULTURAL ACTIVITIES
Options that facilitate student immersion include sports, cultural, and outdoor activities. The Coordinator for Student Affairs and Integration is available to advise students on the wide range of possibilities Spain has to offer; information and some options for cultural co-curricular activities are available on the School in Spain Web site. Middlebury College in Spain subsidizes participation in cultural activities through refunds up to a certain amount per semester.
LIVING IN SPAIN

HOUSING
Middlebury College has a unique policy regarding student housing. It is based on student personal choice as well as the belief that by assuming responsibility for finding your own accommodations, students learn life skills and important information about language and culture. It is Middlebury College in Spain's role to assist students in this process. Finding housing in any large city to fit personal preferences is time consuming and requires perseverance and patience. You should begin this process by consulting the Housing section of the web page. You should contact the Housing Coordinator by email to let her know your housing preference, even if you will be arranging it entirely on your own. This process should be started EARLY, as the office in Spain is closed for most of August.

For students who choose to live in a Spanish home, it is also possible to reserve your accommodations prior to going to Spain by contacting the Housing Coordinator. The only requirement in making a reservation in advance is that you MUST stay with this family for a minimum of one month. NO EXCEPTIONS!

It is very important to always keep the Middlebury staff informed about your current housing situation and telephone number in order to contact you in case of emergency.

To prepare for a day of looking for housing, you should buy a map of Madrid in a bookstore or at a newspaper stand. Take your time in looking at various options and several different places before deciding where to live. It is your responsibility to READ ALL CONTRACTS CAREFULLY AND UNDERSTAND WHAT THEY SAY. Students should not hesitate to ask for assistance if the wording in a contract is unclear. Due to the increase in the use of web based housing resources in Spain, we strongly encourage students to consult the housing coordinator before finalizing any housing arrangements.

HOUSING OPTIONS
You may choose their own housing from the following options:
1) living in a Spanish home
2) renting an apartment
3) living in a residence hall

Living In a Spanish Home (Homestays)
We have found that living in a Spanish home can be a very valuable experience. This total immersion offers the student insight into Spanish culture, providing a richer vision of traditions, customs, and day-to-day life. Nevertheless, it should be clearly understood by the student that for the family or the señora, this arrangement is a business. Any attempt at establishing a more personal relationship will depend almost entirely on the student. There may be rules on the use of appliances, meals, laundry, showers, telephone, curfew, etc., which vary according to the individual arrangement. Spanish homes may be smaller than those to which you are accustomed, utilities are expensive, and lifestyles are different than in the U.S. Courteous gestures, such as letting the señora know when you will not be home for a meal and giving two weeks notice before moving out, as well as economizing on hot water, phone calls, and electricity, will help your relations with your hosts tremendously. It is also important to keep your room neat and clean.

If you choose this option, the Housing Coordinator will send you several addresses to choose from. If you visit these addresses, and you find them already occupied or they were not to your
liking, you should contact the Housing Coordinator for more addresses. The program maintains a substantial database of families that offer housing; nevertheless, students should be aware that spaces fill up quickly and the office staff may not know immediately when an address is no longer available.

**Approximate Costs**
- Pensión completa (room and three meals) €858 per month
- Media pensión (room, breakfast and dinner) €698 per month
- Con derecho a cocina (room only) €425 per month

**Renting an Apartment**
Students interested in renting an apartment should keep in mind that the process may be time-consuming (at the very minimum a week to ten days) and can be frustrating. Two-bedroom apartments average around €1,000 – 1,100 a month, and in most cases a minimum one-year contract and one or two-month security deposit is required. You should also be aware of the hidden and extra monthly costs like building community funds, and that utilities like water, electricity, or phone services are comparatively more expensive in Spain.

Middlebury College has a database of apartments that previously have been rented to students. Depending on availability, these addresses will be sent to students upon request. Madrid is a very large city, rental apartments may be scarce, and availability changes on a daily basis. Therefore it is impossible to provide specific information prior to arrival.

Students have found the following web pages useful in their search for an apartment. Some of these web sites are free of charge and others require a fee in order to provide the final information.

**Free sites:**

- [www.madridinsider.com](http://www.madridinsider.com)
- [www.accommadrid.com](http://www.accommadrid.com)
- [www.salyven.net](http://www.salyven.net)

**Living in a Residencia**
Accommodations in residence halls are scarce but may be possible to arrange upon request. There are a few residence halls used by students and that come well recommended:

- Serrano 40: No web site available; Housing Coordinator will send information upon request.
- [Alvaro Residencia](http://www.alvaroresidencia.com)
- [Residencia Vitruvio](http://www.residenciavitruvio.com)
- [Residencia Arti](http://www.residenciaarti.com)
- [Residencia Palacio de Barradas](http://www.residenciapalaciodebarradas.com)

All students wishing to stay in a residence hall should request a reservation through the Web site of the residence hall. In this way, students can ask about prices, the availability and conditions of the place directly and then make a final decision. It is important that the Middlebury housing Coordinator is aware of all correspondence, so please cc: Laura Hernandez [lhernand@middlebury.edu](mailto:lhernand@middlebury.edu).
MEETING THE SPANISH
One of the questions we are asked most frequently is how to go about meeting Spanish students. Those of your predecessors who have been successful in this respect would say that the best approach is to find a group activity that includes Spanish people: choral singing, hiking or sports, volunteer work, language exchanges or internships, anything that gives you an interest or a structure in common. The office has resources that include Spaniards interested in participating in an intercambio with English-speaking students. For more information contact the Coordinator for Student Affairs and Integration, and consult the Student Life Web site. You will need some courage and a good deal of initiative; results may not live up to your expectations, especially right away, but be patient. Keep in mind the strategies you would use at home to meet people you are interested in knowing: you try to be where they are, you try to share an interest or an activity that will bring you into contact with them, you get to know people who know them. It goes without saying, if you have one or two Spanish acquaintances to start out with, it can only make things easier. Conversely, if you speak English in public, spend much time with other Americans, or travel outside of Spain on weekends, it will make things more difficult.

HERITAGE LEARNERS
If you are of Hispanic descent, studying in Spain may be the realization of a long held desire to learn more about your own heritage and roots and improve your language skills. It may also be an important phase in developing your understanding of yourself as a heritage learner. At the same time, be prepared for the possibility of feeling “caught between two worlds” and experiencing your own kind of culture shock.

INTERNSHIPS AND VOLUNTEER WORK
Many students have found volunteer work an excellent way to integrate into the local culture. There are also unpaid, non credit-bearing internship opportunities; consult with the Coordinator for Development and Site Programs. Be sure to do this early in the year so that you are able to gain fully from the experience.

TRAVEL WITHIN SPAIN
The books Guía Trotamundos, La Guía Azul, Let’s Go Spain, Moon Spain, or The Lonely Planet Guide to Spain, provide very useful information on low-budget lodging and meals, sights and places of interest, transportation, and helpful addresses, such as post offices, etc. They are updated yearly and sold in the U.S.

TRAIN: Rail travel is a common and convenient form of transportation in Spain and Europe in general. For more information contact RENFE.

• CARNET JOVEN: This card can be purchased by students under 26 years of age. Instructions on how to purchase the card in Madrid will be provided in the orientation packets that students receive upon arrival. The carnet joven can be used to obtain significant discounts on transportation, lodging and cultural activities. There are some minor restrictions regarding eligible travel days. There is also a card for students over 26, called Carnet+26.

BUS: Intercity bus transportation tends to be lower in cost than train travel, and many of the buses on the road these days are fairly spacious, have bathrooms, and show movies. Where a choice is available, check schedules and fares. Discounts may be available to students under age 26 who are in possession of the above-mentioned Carnet Joven. There are many different bus companies that provide services to different regions of Spain, but you can find information and make reservations at www.movelia.es.
PLANE: Air travel is another possibility for travel within Spain and Europe. Some flights available through student travel agencies are priced at 1/2 to 2/3 of the regular rate. For regular flights, low-cost fares are sometimes available for students traveling round-trip to other countries, excursions within the country, etc.

Student Travel Agency

STUDENT TRAVEL AGENCY: T.I.V.E.: Fernando el Católico, 88 tel.: 91.543.7412. This agency issues a limited version (it does not include insurance) of the International Student I.D. Card in case a student is not able to purchase it in the United States before departure. In order to take advantage of T.I.V.E.’s multiple services, you must be the holder of an International Student I.D. Card. T.I.V.E. also provides information on hostels, student vacation resorts, ski trips, and activities for the student population of Madrid.

When leaving Madrid overnight or longer, students must leave an itinerary and/or addresses and phone numbers where you can be reached with the Middlebury College Office in Madrid or by e-mailing deviaje@middlebury.edu. This information will be kept confidential and used only in cases of emergency or urgent messages from family. As a matter of courtesy and common sense, students living with hosts should similarly inform them when they plan to be away.

TRAVELING IN EUROPE

If you plan to travel to other countries, be advised that regulations regarding necessary visas or entry and exit permits vary and may change at very short notice. Consult a travel agent or the corresponding country’s consulate and/or embassy for current procedures.

Hitchhiking anywhere is strongly discouraged as a matter of College policy. The practice is regarded by European security officials to be extremely unsafe and is often illegal. Buses and trains provide a low-cost, safe alternative.

ON-SITE MONEY MATTERS

CURRENCY EXCHANGE
At the time this handbook was published the exchange rate was €1=$1.50; however, the exchange rate may fluctuate between now and when you arrive in Spain.

MONEY AND BANKING
You should make arrangements for your travel funds early. For your initial expenses, experience suggests that you should have immediate access to approximately €1,200. This will cover your stay in a hostel or hotel upon arrival, your first month’s rent, book purchases, personal expenditures, as well as allow for unanticipated expenses. We also advise you to change $200 into Euros before arrival or at the Madrid airport.

It is a good idea to obtain a credit card for use in Spain. Visa is the most widely accepted card in Spain and Europe. American Express is valid in most of the larger establishments within Madrid, but in small cities it is less known. MasterCard is also accepted.

Throughout Spain and Europe it is possible to use credit and debit cards to get cash from a bank during business hours or from ATMs. Students should make sure your cards are valid for international cash use. Ask your bank if you will need a valid international PIN. Also check what the daily (and in some cases weekly) limit is for withdrawing funds, as well as the bank fee charged per withdrawal.

We have found that the following financial arrangements have also proved useful for our students:

1. Some students bring all of their money for the year in travelers’ checks. These can be cashed in any bank with only a passport. The disadvantage is that one has to bring a great sum of money at once.
2. You may open a checking account in euros (cuenta de no residente) after obtaining a Certificado de No Residencia from the Spanish police, or you may open an account in dollars at any bank; however, U.S. bank checks may take considerable time to clear.
3. American Express moneygrams, which are wired instantly to the Amex office, can be exchanged with no problem.
4. A pre-loaded card, such as the one advertised at Travelex.

Each of the above options will incur charges and/or commissions. You should NOT have money sent to you in the form of money orders, bank drafts, or treasurers’ notes. You will encounter great difficulty and delay in cashing them.

EMERGENCY CASH
BEFORE you leave, you should discuss with your family a plan for getting more money in an emergency situation. Check Western Union details and service fees, credit card services, and ATM availability.

**WORKING IN SPAIN**

A non-EU citizen may not work in Spain without a work permit, and ordinarily the Spanish government does not issue a work permit in any instance when a foreigner is seeking to fill a position for which EU citizens are qualified and available. In view of this, students are urged not to come to Spain with the hope of finding paid work.
COMMUNICATION WITH HOME AND FRIENDS

COMMUNICATION AND IMMERSION
Students who seek maximum immersion should note that regular communication with home can significantly hinder your language progress and your adjustment to the new culture. If your goal is maximum immersion, you should prepare family and friends for the reality that you may be difficult to contact and that, even when possible, frequent calling or e-mailing, or instant messaging will interfere with your language acquisition. If something goes wrong, your family will learn about it immediately. Otherwise, you can remind them that no news is good news.

MAIL
You may receive their mail at the address below; you should receive packages at your local home address.

Your Name
Middlebury College School in Spain
Prim 19, Primera Planta
28004 Madrid
SPAIN

Customs charges and taxes may be charged for receiving packages. A package sent through the U.S. Post Office can take three to six weeks to arrive by airmail. Letters usually take 8-15 days.

INTERNET SERVICE/E-MAIL
Students with a computer and a modem may subscribe to commercial Internet sponsors once in Spain. Bills for these services are sent to the subscriber, but as there are also phone connection charges involved, you will want to be sure that your landlord is in agreement if you do not have your own phone line. There is also the option of purchasing a USB modem which most internet service providers offer. Specific information will be provided in the orientation packet that you will receive upon arrival.

The School in Spain has computers and printers (including both Macintosh and IBM compatible equipment) available for student use for e-mail and academic purposes. However, due to restrictions on access, scheduling, and numbers, we recommend that whenever possible students bring your laptop.

All computers have Internet access and you will be able to use Web-based e-mail accounts. However, due to the aforementioned restrictions, academic work takes precedence over using e-mail or surfing the web. This rule is particularly enforced during midterm and final exam time.

TELEPHONE AND FAX
The telephone at the School in Spain office in Madrid is for the use of the staff only. Students may not make or receive telephone calls through this office, except in cases of emergency.

International calls can be made from any telephone booth (the country code for the U.S. is 001). There are also several telephone centers, “locutorios,” that offer privacy when making your call. It is also possible to dial direct and the connections are generally excellent. Some students will not have access to a telephone in the housing option that they have chosen. Pre-paid phone cards and reduced rate phone services are also easily available.
CELL PHONES
The use of cell phones in Spain is common, and they are easily obtainable. The options are numerous, the prices vary, and more information will be provided in the orientation packet you will receive upon arrival in Spain.

XEROX
The School in Spain’s photocopier is for office use only. Please note that any photocopying required for coursework is considered the responsibility of the student. The School photocopier cannot be used for such purposes.
LOCAL INFORMATION

EMERGENCY NUMBERS
Students should memorize the following emergency numbers and carry on your person at all times the Carnet de Urgencias you will receive after arrival containing emergency phone numbers.

TRANSPORTATION

Intracity Travel
Students in Madrid may purchase the monthly Abono de Transporte which gives you a discount on the city’s public transportation. This monthly pass saves you money if you take the metro or bus at least four times a day on weekdays. If you travel less you can buy Metrobus tickets, each of which allows you to take the metro or bus a total of 10 times. Ask for information regarding special tickets or passes in the School in Spain office.

Maps from bookstores, kiosks, and the National Tourist Offices can prove invaluable. Please do not hesitate to ask if you have questions.
