Dear [name],

As your class agent, it’s my pleasure to pass along to you information learned and to encourage you to support our amazing College. To begin, I think that you’ll agree that it’s incredible how much the world has changed in the past decade. The almost daily developments in technology have made the world smaller and revolutionized the skills that it takes to get a job in today’s market. What graduates need to succeed is the ability and confidence to adapt to this constantly changing and competitive environment.

That brings us to Middlebury and how truly special our alma mater is amongst its peers. Few institutions are as uniquely positioned to prepare students to meet today’s challenges.

While critical and analytical reasoning have long been the foundation of a Middlebury education, there is now more focus on project-based learning outside the classroom. More so now than ever before, students are applying their education to the real world through internships and under the auspices of the Project for Creativity and Innovation. They are able to take academic and entrepreneurial risks while remaining in the safe zone of their college experience. Take a look at this website to learn more about the exciting opportunities available to students: go.middlebury.edu/pci.

Add in the distinction of having direct access to the world-renowned Language Schools, the Schools Abroad, and the Monterey Institute of International Studies, and you have the perfect climate for the development of innovative community and global leaders.

You and I can help foster the students’ growth. Our support makes possible the opportunities they have both inside and outside of the classroom. I hope you will join me in making a gift to our alma mater today at go.middlebury.edu/give or in the enclosed envelope.

Warm wishes,
