Faculty Guide to the Library Homepage (http://go.middlebury.edu/library)
Q: Where do I start my research?
A: Use the options on the Library Quick Search. **Summon** searches most of our resources.

Q: Do we have access to a particular journal, newspaper, or magazine?
A: Use the Journals (and more) tab to find out.

Q: What library databases, etc. are there for my discipline?
A: Use research guides (go/guides) for a listing of these and more. Direct your students to them as well. Each guide lists the subject librarian with contact info.

**DID YOU KNOW?** You can even request that a librarian create a research guide for your course and/or schedule an instruction session. Contact a librarian for options.
