Understanding Your New 2015 Prescription Benefit Program

Providing you with the tools and resources to help you make better drug therapy decisions

Your New 2015 Prescription Benefit Plan through Magellan Rx Management

Magellan Rx Management is Middlebury College’s new prescription benefit provider. Magellan Rx Management is dedicated to giving you the best service and resources to help you and your family make better healthcare decisions.

Using Your New 2015 Prescription Drug Card at Retail
You will receive an ID Card from CBA Blue which will include your prescription benefit information. Please present your CBA Blue ID Card along with your prescription to any of our 67,000+ retail pharmacies every time you fill your prescription. You can access a participating pharmacy list at www.MagellanRx.com.

Using Your New 2015 Mail Service Benefit
Taking advantage of your mail service benefit may enable you to receive up to a 90-day supply of your maintenance medication(s) at a discounted price. Just ask your physician to write you two prescriptions: one for a 30-day supply to get you started (to be filled at your local pharmacy), and one for a 90-day supply, plus additional refills (to be filled at the Mail Order Pharmacy).

Here are four different ways to get started using mail service:
1. Your physician can fax your prescriptions to 1.866.364.2673
2. Your physician can phone us at 1.866.554.2673 (TTY/TDD 1.800.424.0328)
3. Visit www.MagellanRx.com to download a Mail Order Form, complete it and send it along with your new 90-day prescription to PO Box 621988, 10401 Post Office Blvd., Orlando, FL 32862
4. We’ll call your physician for you. Simply call us at 1.800.424.0472 (TTY/TDD 1.800.498.5428) and be prepared to provide your medication names and dosages along with your physician’s name and phone number.

Online Tools - www.MagellanRx.com
Secure online connection, protecting your confidentiality and providing:
- Easy-to-use tools that allow you to view, refill, renew and transfer prescriptions
- Drug formulary & lookup tools
- Trusted drug and health condition information & education
- Real-time benefit information
- Medical supply ordering capabilities
- Text message medication reminders
- Caregiver access to manage prescriptions

Over-The-Counter (OTC) Products
- Some medications that used to only be available by prescription, e.g., Claritin®, Prilosec®, and Zyrtec® are now available over-the-counter at a $0 copay to you.
- Ask your doctor if any OTC alternatives are available to effectively treat your condition. Switching to an OTC product could save both you and your Plan money.
  If appropriate, have your doctor write you a prescription.

Questions? After Dec. 15, 2015 please visit www.MagellanRx.com or call Customer Service at 1.800.424.0472 to determine if any of your medications require prior authorization or are subject to step therapy requirements. Support is available 24 hours a day, 7 days a week.

Prior Authorization
Your prescription benefit program may have a prior authorization process for certain medications. Prior authorization is a requirement that your physician obtain approval from your health plan to prescribe a specific medication for you.
