Dear property owner,

Thank you for hosting Middlebury College students. We appreciate your hospitality! Here at Middlebury we are committed to our students' safety. For this reason, we ask that all lessors confirm in writing that their rental property meets, at the time of our students' stay there, all relevant local fire safety and building codes. Such codes generally address considerations such as:

- The presence of functioning smoke alarms
- The presence of functioning carbon monoxide alarms
- Adequate egress from any sleeping quarters

This list is non-exhaustive, and your local fire safety and building codes take precedence. Thank you in advance.

I, _____, attest by my signature that my property located at the address below, meets all local fire safety and building codes.
