Am I required to get a referral from my school’s Health Services before I seek treatment?

No, a referral is not required with the Student Health Insurance Plan, but there are many benefits to first seeking care or advice from the Parton Center for Health and Wellness. Students should be aware that on-campus Health Services are available to them. Your school’s Health Services website is: http://www.middlebury.edu/studentlife/services/health.

Does this plan cover me when I am off campus, traveling or studying abroad?

Yes, the Student Health Insurance Plan covers you during semester breaks, summer vacation and even if you’re traveling or studying abroad. You’ll be covered for the period for which you have paid premium.

In addition to being covered for medical treatment and services, you will also be covered for Emergency Medical Evacuation, Repatriation of Remains and Travel Assistance Services through On Call International, the 24-hour worldwide assistance service. All services must be arranged for in advance and provided by On Call International. Any services not arranged by On Call International will not be considered for payment.

- When studying or traveling abroad, keep your Student Health Insurance ID card with you and take a copy of the brochure for reference.
- When outside of the United States, you will likely be asked to pay for your medical care first and will then need to seek reimbursement. Covered Expenses will be reimbursed on an Out-of-Network basis.
- When you submit claims for reimbursement, you will need to have the itemized bill(s) translated into English and include a letter informing the claims administrator that you are seeking reimbursement for charges previously paid.
- Please ensure that your name, ID number, address (to receive your reimbursement check), and your school’s name are on the bill.
Will I be covered under the plan after I graduate?

Yes, you will be covered under the Student Health Insurance Plan until the end of the policy period for which you have purchased coverage. Students who graduate in December will be covered until January 31, 2016.

Eligibility, Enrollment & Waiving

Who is eligible for the plan?

Enrollment in a health insurance plan is required for all full-time undergraduate students at Middlebury College. To ensure compliance with this policy, these students are automatically enrolled in and billed for the Student Health Insurance Plan unless proof of comparable insurance coverage is documented. Documentation is provided by completing a waiver form identifying the in-force comparable coverage and submitting it by the posted deadline. If a form is not submitted by the deadline, the student will remain enrolled in the Student Health Insurance Plan for the policy year.

Can I enroll my eligible dependents?

The Student Health Insurance Plan does not provide coverage for dependents.

How does Health Care Reform affect the Student Health Insurance Plan?

If you are under the age of 26, you MAY be eligible to enroll as a dependent under the employer health insurance plan held by your parent(s). However, before you do so, you should fully compare the employer plan against this Student Health Insurance Plan to determine which plan’s rates, benefits and coverage are most appropriate for you.

In addition to the items mentioned above, keep in mind that Student Health Insurance Plans are generally less expensive than individual plans with similar benefits. In fact, your total out-of-pocket cost (including premium and deductibles) may be significantly LESS with this Student Health Insurance Plan, especially if your parents’ employer plan is considered a ‘high deductible’ plan.

What is considered ‘comparable coverage’?

Determining comparable coverage requires comparison of cost-sharing levels (deductibles and coinsurance) and access to In-Network Providers. Coverage is considered comparable if it provides students with access to a range of services in and around the area where they attend school. Services include, but are not limited to, preventive and primary care, emergency care, surgical care, inpatient and outpatient hospitalization, lab work, diagnostic x-rays, physical therapy and chiropractic care, prescription drugs, mental health and substance abuse treatment. Also, consider the amount of your current plan’s deductible and In- and Out-of-Network coinsurance to avoid high out-of-pocket costs. Students should be able to seek these services from providers who are considered In-Network or Preferred. If your current plan is an HMO, it is very likely that coverage is limited, or not available, outside of the HMO’s service area.

Plans that only provide emergency services in the campus area are not considered comparable.

Can I waive the Student Health Insurance Plan with any of the insurance plans offered through my State’s Marketplace?

Students are eligible for the insurance plans offered through the Marketplace in their home State. If you are a resident of the State in which you are attending college, you can waive the Student Health Insurance Plan with a plan purchased through your State’s Marketplace. Please review these plans carefully. Many of these plans will have a deductible greater than the deductibles on the Student Health Insurance Plan which will increase your out-of-pocket costs. Also, look at the In-Network and Out-of-Network Provider coverage levels to be sure that In-Network Providers are located near your campus. Please note, choosing to enroll in a State Marketplace plan mid-year is not considered a qualifying event that would allow you to terminate enrollment in the Student Health Insurance Plan.

Is there anything I need to know before waiving coverage?

Before waiving coverage you should review your current policy, considering the following:
• Will your current plan cover medical care beyond emergency services (i.e. doctor’s office visits, diagnostic testing, x-rays, prescription drugs, mental health, etc.) on- and off-campus?
• Does your plan have doctors and hospitals near campus?
• Check the cost -- is the annual cost of this Student Health Insurance Plan less expensive than the cost of being added as a dependent to your parents’ plan? Be sure to compare deductibles and total out-of-pocket costs, not just the annual premium.
• Are there administrative pre-requirements, pre-certification, or Primary Care Physician referrals required under your current plan that may delay receipt of care?

Please Note:
• Students who do not complete a decision form by the published deadline will be automatically enrolled in and billed for the Student Health Insurance Plan.
• It is recommended that all students submit an online decision form whether enrolling or waiving.

Can I get a refund of my Student Health Insurance premium?

A refund of premium is only permitted when a student enters the armed forces. If you are enrolled in the Student Health Insurance Plan and then become eligible to enroll in a different health plan, for any reason, a premium refund is not available.
