The Affordable Way to Protect Your Most Valuable Asset – Your Health!

Staying healthy is one of the most important things you can do for yourself. When facing a health problem that may come up while you are at college, not getting the care you need due to lack of insurance or high out-of-pocket costs may turn into a roadblock in achieving your academic goals. Student Health Insurance ensures you have coverage for the unexpected, preventive care services and access to the medical services available on-campus, near campus and anywhere that you may live or travel.

Only students that actively enroll in the plan will be enrolled and have their student account billed. Documentation is provided by completing an Enrollment/Waiver form identifying the in-force comparable coverage and submitting it by the posted deadline.
