ENVIRONMENTAL CHALLENGES EXTEND BEYOND BORDERS. SO SHOULD AN EDUCATION.

STUDY GLOBAL ENVIRONMENTAL ISSUES IN CHINA.

JUNE 7–JULY 19, 2019

www.middlebury.edu/environment
STUDY ENVIRONMENTAL LEADERSHIP IN CHINA

Study China’s environment through an interdisciplinary lens, connecting environmental science, politics, economics, cultural studies, and the arts.

For six weeks, you’ll explore environmental challenges as they’re experienced locally and learn about community-based sustainability initiatives. You’ll also enhance your problem-solving and communication skills, and participate in leadership workshops with international environmental organizations including Planet Forward and The Nature Conservancy.

YUNNAN PROVINCE, CHINA
The Himalayas to the west. Tropical rainforests to the south. Yunnan Province is China like you’ve never imagined it. Our dual bases in Dali and Kunming will provide you with a holistic backdrop to your studies.

Dali is an adventurer’s town, nestled in a stunning natural setting along beautiful Erhai Lake, with the Cangshan mountain range looming above.

Kunming, known in China as the “City of Eternal Spring,” is an ideal place to explore environmental issues stemming from China’s massive urbanization.

SIX-WEEK PROGRAM DETAILS
• Earn three courses’ worth of credit (three Middlebury units or nine semester hours)
• Engage with students from around the world and with our faculty of international scholars and practitioners
• Experience a hands-on practicum, taught entirely in English, in urban and rural contexts
• Enjoy a variety of cocurricular activities, including a Mandarin workshop

HOW TO APPLY
We invite current college students and recent graduates in all majors to apply.

• Start your application at www.middlebury.edu/environment/apply
• Pay the $75 application fee
• Submit one letter of recommendation and your transcript
• Apply by our March 1 deadline

SCHOLARSHIPS AND FINANCIAL AID
We offer both merit scholarships and need-based aid.

• To qualify for merit scholarships, complete your online program application by January 15
• To qualify for need-based aid, complete your online financial aid application by March 1
• Students with a particular interest in environmental media, storytelling, and journalism can apply for a unique award with our partner organization, Planet Forward
