

**Office of Advancement
700 Exchange Street
Middlebury, Vermont**

In September 2014, the College Office of Advancement moved to 700 Exchange Street in Middlebury. Approximately 80 staff occupies the facility and for the first time in 25 years, the Office of Advancement is housed in one building.

The building is leased to the College and, in partnership with the owner/developer, a complete renovation was undertaken.

The interior is contemporary and modern. Many energy efficient measures were installed including LED lighting, complete envelope insulation, and energy efficient heating and cooling systems. Skylights and interior glass walls allow daylight to reach into every space in the building. Multiple conference and meeting rooms, with audio visual equipment, are distributed throughout the building. A lunch room with a kitchen and outside patio is well used by the staff at 700 Exchange Street.

Project Completed:	September 2014
Total Square Footage:	22,000 sf
Project Managers:	Tom McGinn, Mary Stanley and Norm Cushman
Architect:	SAS Architects, Burlington, VT
