Immunizations Required by Vermont Law

1. You must be in compliance with the 5 required immunizations, as outlined in the table below.

2. Obtain an official copy of your Immunization Record (and a Request for Provisional Admittance, if requirements not yet met) from your health care provider, and upload it through the Health Portal. Records MUST be legible and in English.

3. Students who have no record of immunizations or have incomplete immunizations must submit a Request for Provisional Admittance form (in this packet).

4. In rare cases, you will not be able to obtain a record of immunizations. In that case, try to obtain these records from previously attended schools or from your State Immunization Registry. Blood tests can be obtained to determine immunity.

5. Please have your health care provider review these guidelines.

6. Students who do not show evidence of meeting the Vermont Immunization requirements will not receive access to a dorm room until a plan for completion of requirements is developed with the Parton Health Center. Registration for classes in subsequent semesters will be blocked and students may ultimately be excluded from school, in accordance with Vermont Law.
