

Go/LabSafety

J-Term Scavenger Hunt

Week 2: January 22-28, 2018

General Lab Safety

1. How many door signs on the 5th floor have a laser pictogram?
2. How many on-line lab safety training modules are available from the go/labsafety page?
3. Define what a biological hazard is and determine how many door signs on the 4th floor have the potential for that hazard to be present.
4. How do you identify if a substance is hazardous? Where can you find detailed information about a hazardous substance?
5. Name two hazards you might encounter during field research.
6. Where in BiHall is Dr. Bunsen hiding?
