

Math Q&A Lab

MBH 209 (in Armstrong Library)
7 to 8 pm • Sunday through Wednesday

The Math Q&A Lab is [for students in any course](#) where you use [elementary mathematics, quantitative reasoning](#), or related topics and methods (such as [Excel](#).)

The peer tutors who staff the Lab have experience [applying math and quantitative methods in context](#), across a wide range of disciplines.

Beyond just answering questions, [Math Q&A Lab peer tutors can help you understand your strengths](#), so you can work through questions yourself.

While [students in any course are welcome](#), see the [highlighted courses](#), below, for further scheduling information.
