OPT Road Map: Where Are We Going?

- OPT Basics: What is it, When is it needed
- Eligibility
- Application Planning
- Application Process
- Maintaining Status While on OPT
- OPT Reporting Requirements
- OPT STEM Extension
- Questions
Optional Practical Training:

A form of work authorization that allows F-1 students to engage in temporary employment to gain practical experience in the student’s major field of study.

Request must be adjudicated by U.S. Citizenship and Immigration Services (USCIS).
Optional Practical Training:

Reporting to ISSS is required while participating in any form of OPT.

**Pre-Completion OPT**
- Available **BEFORE** the student’s program end date
- May apply **up to 90 days before** being enrolled for one full academic year and **no earlier than 90 days before** requested OPT start date
- When classes are in session: must maintain full-time course load and may work up to 20 hours/week.
- During breaks: May work full-time.

**Post-Completion OPT**
- Available **AFTER** the student’s program end date (*Seniors apply for this*)
- Students may apply **no sooner than 90 days before** their program end date and **no later than 60 days after**
- Must work at least 20 hours per week
- Unemployment is limited to an aggregate of 90 days
OPT Facts

• Standard OPT is available for a cumulative maximum of 12 months per successive educational level. Pre-completion OPT is deducted from this bank of time, leaving what remains for use during post-completion OPT.

• OPT must be directly related to a student’s major area of study.

• OPT is not employer specific. You don’t need a job to apply, but you need to know that you plan on pursuing employment/training.

• USCIS application processing times vary and can exceed 90 days for approval. Apply as early as you can. ISSS cannot guarantee processing times.
OPT Facts

• You must submit a new application and pay a new filing fee each time you apply for OPT.

• While on post-completion OPT, an extension of 24 months may be available to students who have earned a STEM-eligible degree provided they meet certain requirements. (We’ll discuss this briefly later.)

Note:
OPT is a benefit of your F-1 Status; it is not a separate status. You remain in F-1 status while pursuing OPT.
When Do I Need OPT?

• Off-campus work authorization is required if you are going to engage in employment (receive a form of remuneration in exchange for your services); must be directly related to your major field of study.

• ISSS may recommend that you consult with an immigration attorney should you have specific questions about a unique opportunity (i.e. starting your own business).

• You should not be treated differently by an employer just because you have an F-1 visa – or be allowed to be unpaid for a position that is usually paid.
Useful Resource

From http://www.curranberger.com/faq-unauthorized-employment#unauthorizedemployment

- Employment generally refers to a relationship where an individual provides services or labor and is remunerated for these services. Remuneration can include housing, clothing, food or other benefits.

- Work authorization is not required for true volunteer work. However, state labor and worker’s compensation laws generally do not allow someone to “volunteer” in a position that is generally paid.

- Running a business is a violation of student status, without work authorization.

- Any work done while in the U.S., even for a foreign company and even if paid to a foreign bank account, still counts as employment in the U.S.
When Do I **Not** Need OPT?

- Working **outside** of the United States.

- On-campus employment before you graduate (Note: once you graduate, you are no longer eligible for student positions on campus).

- True volunteer activities: traditionally done by unpaid persons for their own pleasure/fulfillment; acts performed out of good will as a service to the community. No form of compensation for services rendered.
  - Example: Community kitchen helper vs Coordinator

  - Outlines seven criteria that must apply in determining if interns must be paid or not.
OPT Eligibility Requirements

• Full-time enrollment for one full academic year (defined as 30 weeks of instructional time for a program offered in credit hours)

• Must apply from within the United States (cannot apply while overseas – take note if you have plans to study abroad; you will need to return to campus to pursue it)

• Must be in valid F-1 status
OPT Application Planning

1) Know your application timeline (Post-completion OPT)

- **December 2018 Graduates**
  Program End Date: **December 16, 2018** (last day final exams)
  - First Date You Can Apply: **September 18, 2018**
  - Last Date You Can Apply: **February 13, 2019**

- **February 2019 Graduates**
  Program End Date: **February 2, 2019** (Feb. Celebration)
  - First Date You Can Apply: **November 5, 2018**
  - Last Date You Can Apply: **April 2, 2019**

- **May 2019 Graduates**
  Program End Date: **May 26, 2019** (Commencement)
  - First Date You Can Apply: **February 26, 2019**
  - Last Date You Can Apply: **July 24, 2019**
OPT Application Planning

2. Know the specific start & end dates you want to request.
   - You do NOT need to have a job offer to apply for OPT.
   - For Post-Completion OPT: You have a 60-day window after your completion date to select a start date.

**December 2018 Graduates**
- Earliest OPT Start Date You Can Request: **Dec. 17, 2018**
- Latest OPT Start Date You Can Request: **Feb. 13, 2019**

**February 2019 Graduates**
- Earliest OPT Start Date You Can Request: **Feb. 3, 2019**
- Latest OPT Start Date You Can Request: **April 3, 2019**

**May 2019 Graduates**
- Earliest OPT Start Date You Can Request: **May 27, 2019**
- Latest OPT Start Date You Can Request: **July 26, 2019**
OPT Application Process

• Attend an OPT workshop with ISSS – or review our OPT presentation at go/opt.

• Read the **OPT Filing Instructions and Responsibilities** document on the ISSS website at go/opt. This five-page document will outline everything that you need to do related to completing your OPT Request.

• Submit your complete OPT Request to ISSS during our working hours of 8:30 am to 5:00 pm to the ISSS Specialist in Office 201. An ISSS Advisor will review and process your request; please allow up to 5-7 business days for processing.

• Make a copy of your entire OPT application for your records BEFORE mailing.

• Mail your completed OPT application to the appropriate USCIS Lockbox.
I’ve Applied. Now What?

• A few weeks after mailing your application, ISSS will receive a receipt notice with an assigned case number for you. This document will be sent to you via campus mail. You will use the case number to track the status of your application on www.uscis.gov.

• If you call USCIS to inquire about your case, make sure to state that you do not wish to change your address of record to avoid mailing complications.
Withdrawing an OPT Application

• It is possible to withdraw an application after it has been filed but before it has been adjudicated (processed).

• The adjudicating Service Center must be contacted directly. A withdrawal may not be retracted once the request has been made.

• If the withdrawal is approved – filing fee is not returned. This does not preclude the filing of an application in the future.

• Very difficult/rare for USCIS to revoke a period of previously authorized work authorization, so exercise care when applying.
**I’ve Been Approved!!**

- When your application is approved, USCIS will mail an approval notice to ISSS. Your employment authorization card (EAC) will be triggered for production at a separate facility and should arrive within 5-7 business days afterwards.

- ISSS will inform you via email when your documents have arrived. We will **not** mail them outside of the U.S. However, you can request for us to mail them to a U.S. address for a fee or give permission for a friend to pick them up.

- You can begin working as of the start date listed on your EAC or when you have the EAC in hand whichever is later.

- Please note: if you lose your EAC, you will need to file for a replacement card and pay another filing fee.
Maintaining Status While on OPT: EMPLOYMENT

• While on post-completion OPT, F-1 status is dependent upon employment – and a student may not be unemployed for an aggregate of 90 calendar days or more.

Students approved for an STEM OPT extension may not be unemployed for an aggregate of 150 calendar days or more (90 days during the initial period of post-completion OPT, plus an additional 60 days during the STEM extension period).

• To be considered employed, students must work at least 20 hours/week in a qualifying position. For those with variable schedules within a month, it should average to 20+ hrs/wk.
Maintaining Status While on OPT: EMPLOYMENT

- Each day (including weekends) during the period when OPT authorization begins and ends as listed on the EAC that the student does not have qualifying employment counts as a day of unemployment.

- **Time spent outside of the U.S.** during an approved period of post-completion OPT counts as unemployment against the 90-/150-day limit, unless the student is either:
  
  A) employed during a period of leave authorized by the employer (such as vacation or an approved leave)
  
  or
  
  B) traveling as part of employment.
What Counts as Employment?

• Regular paid employment – may change jobs

• Payment by multiple, short-term employers: maintain a list of all gigs, the dates and duration

• Work for hire: perform a service based on a contractual relationship

• Self-employed business owner: must have proper business licenses

• Employment through an agency: maintain evidence of minimum 20 hours per week

• Volunteers or unpaid interns: where the practice does not violate labor laws. Maintain evidence of minimum 20 hours per week.
Travel While on OPT

**Pre-Completion:**

- Travel as usual because you have not yet completed your program.

- Be sure to have proper documents for reentry.
  - Form I-20 with valid travel signature
  - Valid F-1 visa
  - Passport valid for at least 6 months into the future

**Post-Completion:**

- It is recommended that you do not travel while your OPT application is pending. If you must travel, discuss with ISSS beforehand.

- Once OPT is approved, you’ll need the following documents for reentry:
  - Form I-20 with OPT endorsement & valid travel signature
  - Valid F-1 visa
  - Passport valid for 6 months min.
  - Valid Employment Auth. Card
  - Letter from Employer
REPORTING REQUIREMENTS

NOTE: During your approved post-completion OPT period, you remain in F-1 student status under the sponsorship of Middlebury College. To maintain your F-1 status, you are required by the U.S. Department of Homeland Security to report certain changes to ISSS at go/opt:
REPORTING REQUIREMENTS

PLEASE NOTE:

FOR THOSE ON POST-COMPLETION OPT AND STEM OPT:

A SEVIS Student Portal (web-based) has been released.

Students in F-1 Status on Post-completion OPT and STEM OPT Extension will be expected to report the required employment and their residential living addresses, phone numbers and emails to the SEVIS student portal. This system will feed into SEVIS.

Set-up emails are sent to whatever email the student has reported to SEVIS.

ISSS can reset the SEVIS portal password for students.
REPORTING REQUIREMENTS

- Report any changes in your U.S. address or legal name to ISSS within 10 days of the change occurring. Use the **ISSS Address Update Form**.

- Report all new employment by using the **New Employment Update Form**. This includes providing a statement on how your employment is directly related to your Middlebury major field of study. ISSS must receive this information in order to report in SEVIS that you are engaged in employment. If you do not report, then it will appear in SEVIS that you are unemployed – and you will begin accruing unemployment time (even if you are really working). After more than 90 days of consecutive unemployment in SEVIS, the system will soon be set up to automatically terminate your record.

- Report all changes in employment (i.e. ending a job, leaving the U.S. and ending OPT) by completing the **Change of Employment Form**.

- **Maintain a valid signature** on page 2 of your Form I-20

- Inform ISSS if you **change to another visa status** or **plan to transfer** to another U.S. academic institution.
Options After OPT

• If you have previously earned a STEM-eligible degree, you may be eligible to apply for an OPT STEM extension. >>>YOU MUST APPLY BEFORE YOUR OPT END DATE.

• Depart from the U.S. within your 60-day grace period. Whether you leave on day 6 or 60, once you leave, you cannot reenter using your Middlebury Form I-20.

• Enroll in another U.S. institution as a full-time student. ISSS would need to transfer your SEVIS record within your grace period. Once your SEVIS record has been transferred, you will lose any remaining OPT time.

• Change to a different visa status. Can be done from within the U.S. but should apply prior to OPT end date.
STEM OPT

• Students in F-1 status who are on post-completion OPT and have earned a STEM degree may apply for a 24-month extension of employment authorization period provided they meet all of the following requirements:
  – Student has completed a degree in a STEM eligible field from a U.S. accredited institution with SEVP certification within the last 10 years and has not yet utilized this degree to apply for STEM OPT.
  – Student must be currently participating in post-completion OPT and working for a U.S. employer in a job that is directly related to the student’s major field of study. The earliest one can apply is no more than 90 calendar days before the current post-completion OPT period ends.
  – Student’s current or prospective employer must be registered in E-Verify & during STEM OPT, all positions must be directly related to the STEM degree.
  – Student and employer must complete, sign and adhere to a training plan (Form I-983) and comply with all reporting requirements.
  – Student may be eligible for two STEM OPT authorizations of 24 months each, provided that the second period of 24-month extension is after a higher-level STEM degree than the first STEM authorization.
  – FOR MORE INFORMATION and HOW TO APPLY FOR STEM OPT, GO TO: http://www.middlebury.edu/international/isss/employment/stem

Other Visa Categories

• Contact ISSS for further discussion and/or to be connected with a legal counsel resource list.
QUESTIONS??

• Contact ISSS
  – Via email at isss@middlebury.edu
  – Via phone at (802) 443-5858

• Drop-In Advising Hours
  – Mondays from 3 to 4:30 PM
  – Thursdays from 3 to 4 PM
  – Fridays from 2 to 4 PM

ISSS strives to present accurate information regarding USCIS processes and fees. It is always recommended that you consult the USCIS website directly to verify the filing details before submitting your application.
