Thank you for your interest in serving as a lead Reunion class agent. Now, what does that mean and what comes next?

Peer-to-peer outreach through class agents offers the primary and most personal contact between Middlebury and our alumni. The Reunion classes that consistently boast the highest alumni giving participation rates are those with the most active and encouraging lead class agents.

Lead class agents ensure the success of our class agents in several ways:

- By motivating and encouraging fellow volunteers.
- By sharing news and updates about Reunion plans.
- By encouraging class agent giving.
- By making sure that volunteers are connected, informed, and supported.

Thank you for stepping up to lead your class!
