Hiring Opportunity for Research Fellowships, Yale Child Study Center, Yale University School of Medicine

The Yale Early Social Cognition Lab at the Yale Child Study Center is interested in recruiting highly qualified students for exciting pre-doctoral fellowships for current graduates or graduating seniors. The positions will commence July 2018.

I. Yale Fellowship in Developmental Psychopathology and Social Neuroscience

Successful applicants will be involved in a 2-year training program involving clinical research experience. The primary training experience will be in daily activities related to behavioral, psychophysiological, eye-tracking and neuroimaging studies of infants and toddlers with and without autism. With research mentorship, selected applicants will be expected to guide a pre-determined project of research from the point of data collection through analysis and publication of results.

Interested students should send cover page, CV, official transcripts, and personal statements no later than January 15, 2018 in order to be considered for the position. Letters of recommendation are due by January 29, 2018. Additional information about the lab can be found on our website: http://www.childstudycenter.yale.edu/yescog/

Questions regarding the Yale Fellowship in Developmental Psychopathology and Social Neuroscience may be directed to Dr. Suzanne Macari at yescog@yale.edu.

II. Yale Fellowship in Translational Technologies in Development

The recipient of the fellowship will be involved in a 2-year training program in data science, cutting-edge computational technologies in a clinically based developmental disabilities research lab. The primary experience will be in daily activities related to training in rapid prototyping and robust development of translational technologies, which may include eye-tracking technologies, image processing, physiological sensing technologies, machine learning projects and experimental paradigms. With research mentorship, selected applicants will be expected to guide a pre-determined project of research from the point of data collection through analysis and publication of results.

Interested students should send cover page, CV, official transcripts, and personal statements no later than January 15, 2018 in order to be considered for the position. Letters of recommendation are due by January 29, 2018. Additional information about the lab can be found on our website: http://www.childstudycenter.yale.edu/yescog/

Questions regarding the Yale Fellowship in Translational Technologies in Development may be directed to Dr. Quan Wang at quan.wang@yale.edu.
