This page won’t be graded, but I would appreciate you filling it out. I’m not looking for essays, but I want to get a feel for what is and isn’t working for you so I can, if necessary, modify the course as we go along.

When you turn in the exam, please detach this page and put it in a separate pile so your responses remain anonymous. I promise I won’t try to compare handwriting!

1. What is one thing you really like about the course so far?

2. What is one thing you think could use improvement?

3. What is one topic covered in the course that you think you’re supposed to know but aren’t confident in?

4. What is one topic covered so far in the course that you’d really like to know more about?
