Introduction

This Annual Security and Fire Safety Report contains information on security programs, procedures, safety practices and fire systems for the Bread Loaf campus in Ripton, Vermont. This Annual Security and Fire Safety Report also collects and reports the annual statistics of certain crimes committed at the non-campus buildings and properties owned or controlled by Middlebury that are used in direct support of or in relation to Bread Loaf School of English’s educational purposes, are frequently used by students, and are not within the same reasonably contiguous geographic area of a Bread Loaf campus. The report collects information on any reports of fires in student residential buildings at the Ripton campus.

This information has been compiled and released in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the “Clery Act”) and the Violence Against Women Reauthorization Act of 2013, and is produced by the Department of Public Safety with the support of Middlebury’s communications office. Electronic copies of the Annual Security and Fire Safety Report are distributed via email to all students, faculty, and staff at Middlebury and at the Bread Loaf School of English. Printed copies are available and are provided upon request at the Middlebury Department of Public Safety. All faculty, staff, and students play important roles in crime prevention. By following safety policies and reporting suspicious or criminal activity to the appropriate authorities in a timely manner, community members can help reduce crime and increase safety.

If you have questions or suggestions about this Annual Security and Fire Safety Report or regarding safety and security at Middlebury, please contact me at (802) 443-5201 or eburchard@middlebury.edu.

Sincerely,

Elizabeth J. Burchard

Director of Public Safety / Associate Dean of the College
125 South Main Street
Middlebury College
Safety and Security – General Information for the Bread Loaf Campus

The Bread Loaf campus does not have security staff or a security department on site. The Bread Loaf campus has a caretaker living on the property year round, and the Bread Loaf School of English administrators live on the campus during the Bread Loaf School of English program in the summer. The Bread Loaf Emergency Line is x 2911 from a Bread Loaf phone, or (802) 443-2911 from an outside line. The Bread Loaf Front Desk or the Bread Loaf maintenance offices will answer the line during the day or evening, and after hours the line will roll over and ring at the Middlebury College Public Safety Department in Middlebury, which is staffed at all times during the summer.

Agreements with Law Enforcement

The Vermont State Police provide law enforcement for Ripton and the Bread Loaf campus. They will respond to the Bread Loaf campus for any police emergency and can be reached by calling 911 from any phone. The Department of Public Safety has a good working relationship with the Vermont State Police, but the two do not have a memorandum of understanding.

Reporting Procedures

An emergency is any immediate threat to life and/or property that requires immediate response from police, fire, or emergency medical services. Examples include: crimes in progress, fire, or a serious injury or illness.

When you need an immediate response at any of the Middlebury programs or anywhere in the United States, dial 911.

Reporting an Emergency

- Dial 911.
- Stay on the line with the dispatcher.
- Provide the address, the location, and a description of the emergency.
- Provide the phone number at your location or the cell phone number.
- Describe the incident thoroughly so the dispatcher can send you the appropriate resources.
- If you accidently misdial, do not hang up. Stay on the line and tell the dispatcher you misdialed. Hanging up may cause emergency personnel to respond and investigate to ensure there is not an emergency.

Accurate and Prompt Reporting

We encourage community members, students, faculty, staff, and guests to report all crimes and public safety–related incidents to the Department of Public Safety or College official and local law enforcement accurately and in a timely manner. This should also be done when a victim elects to, or is unable to, make such a report.

If sexual assault (including rape, fondling, incest, and statutory rape), domestic violence, dating violence, stalking or other crimes occur, staff on the scene, will offer the victim services and options for filing a report. All crimes should be reported to the Department of Public Safety or other designated department or official to ensure inclusion in the annual crime statistics and to aid us in providing timely warning notices to the community as appropriate.

This section contains reporting information for the Bread Loaf campus and its non-campus buildings.
Noncampus buildings or property.
If a Bread Loaf student, staff member, or faculty member becomes aware of a crime or emergency or needs to make a request for related assistance connected with a non-campus location (that is, any building or property owned or controlled by Middlebury that is used in direct support of Middlebury’s educational purposes and which is frequently used by students, but which is not within the same reasonably contiguous geographic area as one of Middlebury’s campuses), they are encouraged to contact the police (dial 911). Other contacts are the on-site director or designee or the security or public safety officials responsible for the building or location.

Examples of non-campus buildings or property are those that meet the definition of “non-campus” as described above, such as the Bread Loaf School of English in New Mexico and Oxford. Individuals are encouraged to report crimes to Middlebury departments or officials responsible for security-related issues or administration, and to local police agencies as appropriate and/or required by applicable law.

Confidential Reporting
Campus “pastoral counselors” and campus-based “professional counselors,” when acting as such, are not considered campus security authorities and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, counselors are encouraged to explain to a victim that the counselor could inform Public Safety of the crime solely for statistical purposes, keeping the victim’s name anonymous. If the victim agrees, the counselor would complete a Campus Security Authority form and leave all identifying information blank. Counselors are defined as follows:
1. *Pastoral counselor:* An employee of an institution who is associated with a religious order or denomination, who is recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

2. *Professional counselor:* An employee of an institution whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of the counselor’s license or certification.

**Anonymous Reporting**

Anonymous reports regarding the Bread Loaf, Vermont, campus can be made to the Addison County (Vermont) Crime Stoppers at the number below. Voluntary, confidential reporting of crimes for inclusion in the annual disclosure of crime statistics may be made to the Department of Public Safety at 802.432.5436.

- Addison County Crime Stoppers
  - 1.800.432.5436

**Campus Security Authority (CSA)**

A Campus Security Authority (CSA) is someone to whom you can report a crime and includes the following groups of individuals and organizations associated with an institution:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).
- An individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including but not limited to student housing, student discipline, athletics, and campus judicial proceedings.

The following are Campus Security Authorities for Middlebury College and Bread Loaf School of English: Public Safety staff, vice president for student affairs and dean of the College, dean of students, judicial affairs officers, human relations officers, Title IX coordinator, director of health and wellness, director of the Center for the Comparative Study of Race and Ethnicity and the Anderson Freeman Resource Center, associate director of the Anderson Freeman Resource Center, director of community engagement, assistant director of community engagement, any faculty or staff who travel with students on programs to foreign or domestic locations, the director of athletics, coaches, field house monitors, the environmental health and safety coordinator, and advisors to student groups or organizations. The following are CSAs for the Bread Loaf School of English: Bread Loaf School of English director, associate director, Oxford campus coordinator, NM campus coordinator, and office manager.

**Clergy Act Crimes that Have to Be Reported by the CSA and Included in the Annual Security Report**

CSAs are responsible for reporting allegations of Clergy Act crimes that are reported to them in their capacity as CSAs. CSAs are required to report such crimes to the director of Public Safety, the Title IX coordinator, or the Department of Public Safety so that the crime report can be included in annual crime statistics, and in order to make a timely warning determination (see Timely Warning, below). Crimes that fall within the scope of the Clergy Act include the following:

- Murder and non-negligent manslaughter
- Manslaughter by negligence
- Sexual assault/sex offenses (rape, fondling, incest, and statutory rape)
- Robbery
- Aggravated assault
- Burglary
• Motor vehicle theft
• Arson
• Liquor law violation
• Drug law violation
• Weapon law violation
• Hate crimes: any of the serious crimes above and larceny-theft, destruction/damage/vandalism of property, intimidation (threats of injury or violence), or simple assault, if there is evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim on the basis of race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, or disability
• Domestic violence
• Dating violence
• Stalking

Definitions of these crimes can be found in the Handbook for Campus Safety and Security Reporting or in this Annual Security Report’s crime statistics section.

CSAs should also report arrests and referrals for campus disciplinary action for liquor law violations, drug law violations, and weapons law violations (e.g., possession, carrying, etc.).

**Timely Warning**

The Department of Public Safety, or other site-specific designee at Bread Loaf in Ripton or at a non-campus building, will issue timely warnings regarding reported crimes that are reported to Middlebury or Bread Loaf administrators by CSAs, local law enforcement, or others and that are considered by Middlebury to represent a serious and ongoing threat to students and/or employees. Public Safety or designees will not distribute warnings that could compromise criminal investigations.

Criminal incidents that might prompt a timely warning include the Clery crimes: aggravated assault, arson, burglary, manslaughter by negligence, motor vehicle theft, murder/non-negligent manslaughter, robbery, rape, fondling, incest, statutory rape, domestic violence, dating violence, stalking, and hate crimes, as defined in the Crime Statistics section.

Whether to issue a timely warning will be determined on a case-by-case basis in light of all the facts surrounding the reported crime. The determination will be made by the Public Safety director, the vice president for student affairs and dean of the College, the vice president of human resources and chief risk officer, and the Title IX coordinator, or their designees, and the director of Bread Loaf School of English or an on-site designee when applicable. In an extreme emergency, the notification process will be implemented at the sole direction of the Public Safety director or her designee. The following criteria will determine whether timely warnings will be issued:

- The nature of the crime
- The continuing danger to the campus community
- The possible risk of compromising law enforcement efforts

The warning will include information that would promote safety and aid in the prevention of similar crimes. Middlebury will withhold as confidential the names and other identifying information of victims.

The warning will be issued via email and will be posted on the Public Safety website. Depending on the circumstances of the crime or threat, the Public Safety Department may request BLSE staff at the campus or non-campus location post the notices in the residence hall(s) or academic building(s) and may issue the timely warning by text message. Middlebury or the BLSE director or designee may also issue warnings to the campus community when other situations pose safety concerns (see this handbook’s Emergency Response section, below), or otherwise as deemed appropriate.
In its annual letter to local law enforcement agencies, Middlebury requests that local law enforcement inform the institution on an immediate basis of crimes that may require timely warnings.

**Daily Crime Log**
Bread Loaf campus does not have a security department or security officers at the campus. They do not have a crime log. Any crime reported at the Bread Loaf campus or at a non-campus building will be included in the Middlebury Department of Public Safety crime log and can be located at 125 South Main Street, Middlebury, Vermont.

**Emergency Phones**
There are two exterior emergency phones on the Bread Loaf campus their locations are listed below:

- at the laundry building near the Barn parking lot,
- at the intersection of Route 125 and College Cross Road near the Annex building.

**Emergency Response**
This section describes the procedures that Bread Loaf campus will use to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the Bread Loaf campus, the process that Bread Loaf will use to confirm that there is a significant emergency or dangerous situation, to determine the appropriate segment or segments of a campus community to receive a notification, and to determine the content of the notification. In all cases, Bread Loaf will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the applicable notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or otherwise mitigate the emergency.

General information about emergency response and evacuation procedures for Middlebury College is available on the Middlebury College web page at [http://www.middlebury.edu/er](http://www.middlebury.edu/er), through the Quick Links Emergency option at the bottom of the home page, or by typing “go/er” in the search box of the homepage.

The Department of Public Safety and members of facilities services, when appropriate, will respond to incidents, attempt to mitigate them, and assess if they pose an immediate threat to the health or safety of the campus community or to any segment of the campus. Public Safety will also summon the necessary resources, including the police, fire department, emergency medical services, and other members of facilities services as necessary. Public Safety will assist with providing access to gated roads and locked buildings. The department will also investigate and document any situations that might cause significant emergencies or dangerous situations.

**Emergency Notification Procedures**
In the event of a confirmed emergency or dangerous situation occurring on or approaching campus, the Public Safety director, associate director, sergeant or telecommunications manager, in consultation with other senior Middlebury College officials, as appropriate under the circumstances (e.g., vice president for communications, vice president for student affairs/dean of the College, vice president for human resources and risk, provost, vice president for academic affairs/dean of the faculty, and vice president for academic affairs/dean of the Schools) will confirm the emergency or dangerous situation, identify the area or appropriate segment or segments of the campus community potentially impacted by the emergency, and, without delay, use the emergency notification system to alert the affected area or campus population. “Confirmation” of the emergency or dangerous situation means that the official(s) identified above have verified that a legitimate emergency or dangerous situation exists.
The process for confirming an emergency and determining the appropriate information for the emergency notification will include direct observation of conditions or incidents, inquiry into the incidents being handled by the police or other authorities in the area, web or news alerts, or reports directly from law enforcement, emergency management agencies, the state of Vermont, the National Weather Service, or other authorities.

The nature of the incident will determine which of the following methods will be employed:

- MiddAlert (RAVE) and MiddAlert.net
- Middlebury College website
- Email lists to residents, dining, and/or departments
- Phone trees
- “Runners” and/or posted signs
- Loudspeakers or megaphones

The notification will usually be sent to all students, faculty, and staff (or to an appropriate segment of the community if the event is limited to a defined part of campus) using the MiddAlert system or email. The entire campus community will be notified when there is at least the potential that a very large segment of the community will be affected by a situation or event, or when there is a threat to the operation of the campus as a whole. There will be a continuing assessment of the situation to determine which segments of the campus community should be notified.

Middlebury will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system unless issuing the notification will, in the professional judgment of the Vermont State Police, Ripton Fire Department, the Vermont Department of Health, or other emergency response authorities or federal or state agencies, compromise efforts to assist victims, or to contain, respond to, or otherwise mitigate the emergency.

The Public Safety director, associate director, and/or other officials identified above, as appropriate, will determine how much information is appropriate to disseminate at different points in time. Typically, the notification will include the incident time, location, type, and recommended actions for safety. The notice will contain safety information for the particular segment of the population taking into account such factors as, for example, whether some people are residents and others are commuting or traveling to the campus.

Individuals authorized to initiate the MiddAlert system include the vice president for student affairs and dean of the College, vice president for human resources and risk, vice president for communications and chief marketing officer, provost, vice president for academic affairs and dean of the faculty, vice president for academic affairs and dean of the Schools, director of Public Safety (or DPS supervisor), director of information security and infrastructure, and director of media relations.

**Disseminating Emergency Information**

**The MiddAlert system** will be activated on a case-by-case basis. If a major emergency affects the main campus, a warning message will be issued using any of the systems available for emergency notification.

- Messages sent to middlebury.edu emails will have the following sender information: RAVE Alert, middlebury@getrave.com.
- Messages sent to cell phones will come from 802.388.0409.
- Text messages from RAVE will display short, hyphenated numbers (such as 672-83). The text will begin “MiddAlert.”
- Public Safety might also send notifications from publicsafety@middlebury.edu.
- Emergency notification may also be completed with the use of phone trees, runners, posted messages, and megaphone or loudspeaker.
- Middlebury will disseminate emergency information to the larger community by contacting the local police, state police, and/or local news agencies.
Adding or Changing Cell Phone Emergency Contact Information
To alert the college community of emergencies or potential emergencies, Public Safety may use the RAVE Emergency Notification System. This system uses the cell phone numbers entered into BannerWeb. Students are required to provide their emergency contact information upon course registration. We also send an email explaining that the cell phone numbers must be in Banner in order to receive emergency notifications in this manner. Employees are notified that in order to receive RAVE cell phone messages or text messages, they must list their cell phone number in Banner.

To add your cell phone number, log into BannerWeb at go.middlebury.edu/bw; select “Personal Information;” and select “Update cell phone for emergency communications.”

Then please review your personal information and be sure your emergency contacts are up to date. Also, in order to recognize the emails, phone calls, or texts from RAVE, please add the numbers above to your phone’s contacts.

Testing Emergency Response and Evacuation Procedures
Middlebury will test the institution’s emergency response and evacuation procedures on at least an annual basis, including tests that may be announced or unannounced, by the Emergency Notification System (RAVE), and could utilize text, phone, and/or email. Middlebury will publicize its emergency response and evacuation procedures in conjunction with at least one test per calendar year, by directing people to the emergency procedures web pages.

Middlebury will document, for each test, a description of the exercise, the date, the time and whether it was announced or unannounced.

Middlebury College’s Emergency Web Alert System
The Emergency Web Alert System can rapidly disseminate emergency information to the college community and general public. Two distinct parts comprise the system.

1. During an emergency, authorized administrators can activate emergency notifications on the College's primary website: http://www.middlebury.edu. These notifications may display information or redirect people to MiddAlert.net.
2. MiddAlert.net is a high-availability website, hosted by Google that authorized administrators can use to post current information about emergencies. MiddAlert.net isn’t dependent on the College’s IT infrastructure.

Note that ENS messages reference MiddAlert.net as the source for updates about emergencies. People may also choose to subscribe to the MiddAlert.net feed.

Emergency Operations Plan
Middlebury College has an Emergency Management Team (“EMT”) trained in emergency preparedness and response. The EMT consists of staff members from various college departments and offices who are responsible for operational management during an emergency. The EMT reports to the Executive Policy Group, composed of senior leadership responsible for policy and executive-level decision making during an emergency.

The EMT is supported by the Emergency Management Auxiliary Team (EMAT), employees with specialized roles and responsibilities who are trained in emergency preparedness and response and available to support the EMT as needed.

Team Training
The Emergency Management Team (EMT), the Emergency Management Auxiliary Team (EMAT), and the Threat Assessment and Management Team (TAM) participate in training and exercises. At a minimum, all team members must complete the online course Introduction to the Incident Command System, ICS-100 for Higher Education https://training.fema.gov/is/courseoverview.aspx?code=IS-100.HE
For testing purposes, team members will practice with hypothetical critical incidents and emergencies. They will employ tabletop exercises, functional exercises, and drills that test the utility of emergency operation planning, the team members’ preparedness, the team’s coordination with external entities, and team members’ knowledge, acquisition, and deployment of resources.

Team chairs will schedule training sessions, which occur at least once a year. Training will, when it is practicable, include first responders and other external agencies to test the College’s plans and their compatibility with local, regional, or state plans.

**Threat Assessment and Management (TAM) Team**
The Threat Assessment and Management (TAM) Team assesses risks and formulates responses in situations where an individual’s behaviors or statements could indicate a threat to the health or safety of others. TAM seeks to mitigate potential risks before they result in harm.

TAM meets usually at least monthly to discuss cases and implement action plans and follow-up strategies. Middlebury employees trained in behavioral-threat assessment and management compose the team. TAM may assist and support the EMT and EMAT when emergencies involve community members who may pose risks to others.

If you believe someone has committed, or may commit, a violent act; see someone engaging in behavior that could lead to potential violence; or see some other threat to the health or safety of the College community, call Public Safety at 802 443.5911. You can also report incidents to your Commons dean, your program director, or to anyone on the TAM team. Team members are listed on the team’s website at go/threatassessment.

**In case of an immediate emergency, call 911.**

**General Emergency and Evacuation Procedures:**

**Fire Evacuation**
Familiarize yourself with your building’s evacuation procedures. Locate the nearest exit and fire extinguisher.

- If you smell smoke or detect a fire, activate the nearest alarm, if possible, and call 911 from a safe location.
- Evacuate as soon as you hear the alarm.
- Before opening any door, use the back of your hand to test its temperature. Also check the doorknob’s temperature. If either is hot, leave the door closed, stuff towels or clothes in the cracks, and open a window. Look for another exit.
- If the door isn’t hot, open it slowly and be prepared to close it quickly if necessary.
- In a smoke-filled area, keep low to the floor to avoid inhaling smoke.
- If you see or smell smoke in a hall or stairway, use another exit.
- Close doors as you leave.
- Exit the building cautiously. Carry a towel or blanket to protect yourself from flames or smoke.
- If the exit is blocked, return to your room, close the door, open a window, and call for help.
- If there is a fire, don’t use any elevators.
- Report to your emergency evacuation point (see Fire Safety section of this handbook) and check in with your program host. Report anyone who might be missing.
- Do not reenter the building until Bread Loaf staff advises that the Fire Department has indicated that it is safe to reenter.

**Active Threat**
The U.S. Department of Homeland Security defines an active shooter as an individual actively engaged in killing or attempting to kill people in a confined and populated area; in most cases, the victims are chosen at random.
Because active-shooter situations are often over within 10 to 15 minutes, before law enforcement arrives on the scene, individuals must be mentally and physically prepared to survive. (In 2014 Middlebury College began training all students, faculty, and staff in the “Run, Hide, Fight” protocol described below.)

If you are involved in a situation where someone has entered the area, the following is a list of actions that are recommended. These kinds of incidents are unpredictable. The guidelines provided are based on past experiences. Other actions may be necessary. If the individual poses an immediate threat to you, you may need to act using your best judgment.

Run, Hide, Fight*

If you can safely leave the area:
- Exit the building immediately (“Run”). Tell anyone you may encounter to exit the building also.
- Leave the campus if you can safely do so. Attempt to let a supervisor or fellow worker know that you are leaving so that everyone can be accounted for.
- Call 911 and the Middlebury College Department of Public Safety at 802.443.5911.

- Give the dispatcher the following information:
  1. Your name
  2. Location of the incident (be as specific as possible)
  3. Number of armed people involved (if known)
  4. Identification or description of armed persons
  5. Number of persons who may be at risk
  6. Your contact information and location

If you are at immediate risk and exiting the building is not possible:
- Go to the nearest room or office (“Hide”).
- Close and lock the door.
- Cover the door windows.
- Keep quiet and act as if no one is in the room.
- DO NOT answer the door.
- Be aware that a fire alarm might have been pulled by an intruder.
- Identify/obtain an object in the room that can be used to incapacitate the armed person if she/he enters the room.
- If possible, call (or text, but only if you cannot speak safely) 911 and call the Middlebury College Department of Public Safety, 802.443.5911.

- Give the dispatcher the following information:
  1. Your name
  2. Location of the incident (be as specific as possible)
  3. Number of armed people (if known)
  4. Identification or description of armed people
  5. Number of persons who may be at risk
  6. Your contact information and location

- Wait for local police or security to assist you out of the building.
If an armed intruder enters the room and you are in immediate danger:

- Commit mentally to incapacitating the intruder ("Fight").
- Strike the intruder with an object and continue to strike until the intruder is incapacitated.
- Yell as you fight.
- Call 911 when possible.

*Run, Hide, Fight: Surviving an Active Shooter Event is funded by the Regional Catastrophic Preparedness Grant Program, a Department of Homeland Security initiative (October 2012), produced by the city of Houston Mayor’s Office of Public Safety and Homeland Security. Middlebury College uses it with permission for training purposes.

Earthquake Preparedness

Falling objects cause most injuries during earthquakes, so remove heavy objects from shelves above beds or desks and place them on lower shelves. Secure freestanding cabinets, bookcases, and other tall furniture to the wall. If you can’t secure them, place them where they’re not likely to fall and cause injury. Desks, chairs, or beds should not be directly next to or under a window. If it is impossible to avoid such an arrangement, sit and sleep with your head away from the windows. Keep plants and other free-swinging objects away from windows so they will not break the windowpane.

At the first indication of an earthquake, move to a safe area (under sturdy furniture, or braced in an interior door frame or interior corner), away from shelves and windows, and keep your face and head covered for protection from broken glass and falling debris. Remember to duck, cover, and hold.

If you’re inside, don’t rush outside, as there may be hazards from falling debris.

If you’re outdoors, stay there. If possible, move to an open area away from buildings, trees, overhead power lines, brick walls, and falling objects. Stay low to the ground and look for hazards that may require moving to a safer area.

If you’re in a car, pull over and stop in a safe area away from trees, power lines, bridges, overpasses, and buildings. Stay inside the car. If live wires should fall across the car, remain still until help arrives. Cars are usually well insulated and will provide protection against electricity.

Develop a personal emergency plan. Doing so will increase your personal safety if there is an earthquake, provide necessary resources and training for handling an earthquake’s aftermath, and help put family and friends at ease. Keep a flashlight on hand, too, in case of power outages.

After an earthquake, local telephone lines and cellular service may have reduced capacity. Do not make calls immediately after an emergency unless you’re in danger. That way, lines can remain available for emergency services.

To stay in contact with your relatives after an emergency, call an out-of-state friend or family member. Ask this person to call your relatives and friends and tell them you are safe.
**Campus Security and Access**

This policy statement provides information about security of and access to campus facilities, including campus residences, and security considerations used in the maintenance of campus facilities, at the Bread Loaf campus.

**Bread Loaf ID cards**
The Bread Loaf office will issue permanent Middlebury ID cards to new students, faculty and staff. This ID card does not contain a photo. The ID card is required to check out books at the Davis Family Library and to use facilities on the main Middlebury campus (the College libraries, the fitness center, and other athletic facilities). The Middlebury ID number is needed to access Middlebury computer systems. Students should keep their ID cards for subsequent summers.

**Building Security**
Bread Loaf buildings are not open to the public. All buildings have a security system and those in attendance receive the combination to the keypad lock on their dorm. Outside doors need to be closed and secured at all times. Students must check in at the front desk for the code and at that point can also request a room key.

Dorm rooms can be locked from the inside. Room keys are available upon request from the front desk: roommates must show up together in order to receive keys. Though theft is rare at Bread Loaf, it has occurred, and Bread Loaf does not assume responsibility for stolen personal items.

The Barn on the Bread Loaf campus serves as a place for social gatherings after class hours, when it is not in use for school functions.

**Maintenance**
Facilities services staff and the Bread Loaf caretaker regularly check exterior lighting on pathways and in parking lots as well as the building security systems. Any lighting issues, door locking issues or other security maintenance issues are reported to the Front Desk or to the facilities services staff for repair. Any phone service issues are reported to facilities services and telephone services. Facilities services staff test building emergency systems, including the egress lighting in hallways and stairwells, on a regular basis.
Crime Statistics
The Department of Public Safety is the centralized reporting authority for Middlebury College and Bread Loaf School of English. All members of the Middlebury College community are encouraged to report criminal incidents to the Department of Public Safety, the director of Public Safety or the Title IX coordinator for inclusion in the Clery Act crime statistics.

The Department of Public Safety collects Clery Act crime statistics from the College’s public log, Middlebury College Campus Security Authorities (CSAs), Bread Loaf School of English CSAs, Vermont State Police, and CSAs and local law enforcement at non-campus locations. In an effort to provide members of the campus community with information about campus crime and crime-related problems, the Middlebury College Department of Public Safety, in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and the Violence Against Women Reauthorization Act of 2013, publish and distribute the crimes statistics in the Bread Loaf School of English’s Annual Security Report.

Definitions of Clery Geography Terms
**On campus:** Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to the area as identified above, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes of the Bread Loaf School of English.

**Non-campus building or property:** Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. (Examples: Bread Loaf New Mexico and Bread Loaf Oxford.)

**Public property:** All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the Middlebury College campus. There is no public property requirement for non-campus buildings and properties.

**Controlled by**: This means that the institution (or an institution-associated entity) directly or indirectly rents, leases, or has some other type of written agreement (including an informal one, such as a letter or an email) for use of a building or property, or a portion of a building or property.

**Reasonably contiguous**: This means a building or property the institution owns or controls that is in a location that is considered by students and employees to be, and treated as, part of the campus. This determination is made on a case-by-case basis by taking into consideration the circumstances of the campus and the location.

There are four general categories of crime statistics: criminal offenses, hate crimes, Violence Against Women Act (VAWA) offenses, and arrests and referrals for disciplinary action.
Definitions of Criminal Offenses

Criminal homicide/murder and non-negligent manslaughter: the willful (non-negligent) killing of one human being by another.

Criminal Homicide/Manslaughter by Negligence: The killing of another person through gross negligence.

Sexual Assault (Sex Offenses)

Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. This includes attempted sexual assaults. Sexual assault includes rape, fondling, incest, and statutory rape as defined below.

Rape: The penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest: Sexual intercourse between persons who are related to each other within a degree wherein marriage is prohibited by law.

Statutory rape: Sexual intercourse with a person who is under the statutory age of consent.

Robbery: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or putting the victim in fear.

Aggravated assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used that could cause serious personal injury if the crime were successfully completed.)

Burglary: The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Motor vehicle theft: The theft or attempted theft of a motor vehicle (automobile, truck, bus, motorcycle, motor scooters, snowmobiles, etc.). This includes all cases where motor vehicles are taken by persons not having lawful access even though the vehicles are later abandoned, including joyriding.

Unfounded crimes: For Clery Act purposes a crime can be determined to be unfounded only after a full investigation by sworn law enforcement personnel and after the sworn law enforcement officer makes a formal determination that the report is false and baseless.

**Unfounded Crimes – Bread Loaf Campus**

2013 - No unfounded crimes
2014 - No unfounded crimes
2015 - No unfounded crimes
Definitions of Hate Crime Offenses

**Hate Crimes**: A crime reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim.

For the purposes of this section, the categories of bias include the victim’s actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin and/or disability. Any primary crime listed above (that is, murder, non-negligent manslaughter, manslaughter by negligence, rape, fondling, incest, statutory rape, robbery, aggravated assault, burglary, motor vehicle theft, and arson), and the additional crimes of larceny-theft, simple assault, intimidation, or destruction/damage/vandalism of property, that manifests such evidence, will be recorded as a hate crime. Middlebury is required to list the category of bias to the extent possible.

Timely response to these incidents is crucial. Failure to report allows the incidents to remain hidden and may even allow them to escalate. Middlebury takes all reports seriously and will thoroughly investigate every incident and work with local law enforcement agencies whenever necessary. Reports can be filed with the Department of Public Safety, vice president for student affairs/dean of the College, dean of students, human resources, dean of faculty, a human relations officer, or a campus security authority.

**Hate Crimes** - Bread Loaf Campus
2013 - No hate crimes reported.
2014 - No hate crimes reported.
2015 - No hate crimes reported.

Definitions of Violence Against Women Act (VAWA) Offenses

**Sexual assault (rape, fondling, incest, and statutory rape) are VAWA offenses.** For Clery Act reporting purposes these offenses are included in the Criminal Offenses definitions and statistical chart above.

**Domestic violence**: A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

**Dating violence**: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or threat of such abuse; and dating violence does not include acts covered under the definition of domestic violence.

**Stalking**: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others, or suffer substantial emotional distress. “Course of conduct” means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or
communicates to or about a person, or interferes with a person’s property. “Reasonable person” means a reasonable person under similar circumstances and with similar identities to the victim. “Substantial emotional distress” means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

### Crime Prevention

All new students, faculty and staff receive training on active threat response titled Run, Hide, and Fight, and are informed on how to contact the police by calling 911 or by calling Public Safety at 802.443.5911. Students receive information on how to contact Public Safety and are, during residence hall meetings, instructed on residential safety, locking their doors, keeping their door touch code private and reporting suspicious people and circumstances.

Middlebury can offer the following suggestions about personal safety issues. These are, of course, only general observations; you must decide what is most prudent for keeping yourself and your property safe in particular situations.

### Personal Safety

Our campus is located in Ripton, Vermont, which has relatively low incidents of crime.

Here is how you can do your part:

- Be aware of your vulnerability; follow the measures of self-protection and property protection outlined here.
- Be alert for suspicious or criminal activity and for conditions that may represent hazards to the community.
• Get involved by becoming more security conscious and by reporting all incidents of suspicious or criminal activity, no matter how insignificant they may appear, immediately to the Front Desk, the program host or the police.
• Remember that unreported crimes cannot be solved. This allows the perpetrators to commit additional, and possibly more serious, crimes.

Walking or Running Safety
• Avoid traveling alone at night. Instead, travel in pairs.
• Avoid dark, vacant, or deserted areas; use well-lit, regularly traveled pathways. Runners, walkers, or joggers should face traffic. If you’re out after dark, use extra precautions: stay in pairs, travel well-lit areas, and wear reflective clothing or tape.
• Always let someone know where you are going and when you will return.
• Be alert and aware of your surroundings at all times. Walk purposefully and confidently. Keep moving.
• Do not hitchhike or accept rides from casual acquaintances.
• When walking to your residence or vehicle, keep your keys in hand.
• When a private vehicle or taxi drops you off at your residence, ask the driver to wait until you get inside.
• If you are threatened by an approaching vehicle, run in the opposite direction. The vehicle will have to turn around to follow you.
• If you think you’re being followed or feel threatened, increase your pace and move away from the threat; join any group of people nearby; cross the street, and, if necessary, keep crossing back and forth. If someone pursues you, run to a business, residence, or well-lit area. Call for help, scream, or raise a commotion. Enlist the aid of a passerby. Find a phone and dial 911 or pull a fire alarm. Do anything that will attract attention or summon assistance. If you are walking alone and someone passes you, check to make sure that person is continuing to walk in the other direction.
• If you are confronted by an assailant, yell and struggle. Keep your head and assess the situation.

Residence Halls and Private Residences
• Lock your room door and windows when you go to sleep or when you leave, even if only briefly; take your keys with you.
• Immediately report defective locks on your windows and doors to the Front Desk or to the Bread Loaf maintenance office. Do not put your name and address on key rings. Do not attach your keys to your ID card.
• Don’t keep your residence and your vehicle keys on the same ring.
• If you lose your student residence keys, request a lock change at the Front Desk.
• Get to know your neighbors so you can help one another.
• If you discover someone has entered your room, DO NOT GO IN. Go to a neighbor and call the police (911). If you’re already inside, DO NOT TOUCH ANYTHING. You may disturb evidence important to a police investigation.
• If you are awakened by an intruder, do not try to apprehend them. They may be armed or may easily arm themselves with something in your room. Attempt to get out of the room if it is possible. Call the police as soon as possible.
• If you see a suspicious person or vehicle, either on campus or in your neighborhood, IMMEDIATELY contact the police. Try to get the license plate number, state, and description of the vehicle, but do not chase the car to do so.
• Do not prop open doors to residence halls or other College buildings.
• People outside the College community are prohibited from soliciting in residence halls. If you see an outside solicitor in the dorms, immediately report this to the Front Desk.
• Do not yell or attempt to detain peeping toms, who may panic and react unpredictably. If the offender runs away, and you can safely observe this person, watch to see if this person gets into a car, goes to another dorm, etc. Also observe the person’s physical bearing. Then immediately report the incident by calling 911.
• Hang up on obscene, harassing, or annoying phone calls. Do not respond to harassing text messages, nor try to find out who the caller is even if you think it’s a friend playing a joke. Keep the message or text and then report its contents to Public Safety. This will be useful to the Public Safety officer or the police, if there is a police report.

Use of Athletic Facilities
• Avoid using the athletic facilities alone, especially after dark or during off hours.
• Use the buddy system. Work out with a friend, and go to and from the gym together.
• Confine your running and jogging to the daylight hours and to well-traveled areas. If jogging on the roads, wear bright-colored clothes.
• Avoid showering alone in the locker room. Or shower back at your residence.
• Avoid bringing cash, wallets, watches, or other valuables to the athletic facilities. Do not leave valuables unattended or in coat rack areas.
• Keep your locker locked whenever unattended. This includes those times you leave to shower or visit the trainer, the equipment room, etc. Most thefts at the athletic facilities stem from unlocked lockers or property left unsecured in the locker-room area.

In the Locker Room
• If there is someone with you in the locker room, and if you are comfortable doing so, ask them to wait for you, so you will not be showering alone.
• Immediately report all incidents of voyeurism to Public Safety.
• If you encounter an intruder:
  Call loudly for help. Your call for assistance should carry into the hallway.
  Keep out of the intruder’s way, and do not attempt to prevent the intruder from leaving.
  Try to exit the locker room quickly.
  Observe the intruder so you can later describe the person.
  Immediately notify the police by using an emergency phone to dial 911.

Safety While Driving
• Immediately report all suspicious people or vehicles around parking areas to the Front Desk, Public Safety or the police.
• When you park, keep your vehicle locked and the windows rolled up.
• Have your key ready when you approach your car. Check inside and under your car to make sure no one is hiding in either place.
• Never leave your vehicle unattended with the engine running.
• Choose to park in well-lit lots, preferably in heavily traveled areas.
• Lock all packages, luggage, and valuables in the trunk or out of sight.
• Keep spare keys in your wallet or purse, not inside the vehicle.
• If your car breaks down, open the hood and then stay locked inside the vehicle. If someone stops to help, do not open your window or door, but ask that this person call for assistance.
• If you’re unfamiliar with the location you are heading to, ask someone for specific directions before you leave.
• If you get lost, do not pull over until you find a well-lit public area where you can ask for directions.
• If you suspect you are being followed, drive to a well-lit public area and call the police.
• If someone with a weapon confronts you, wanting your vehicle, give the car up. It is not worth potentially being injured or losing your life over it.
Protection of Property
Most crimes committed on College campuses involve the theft of personal property. Larcenies are crimes of opportunity and occur primarily when property is left in unlocked or unattended areas.

- Avoid bringing large amounts of cash or valuables to campus or your residence.
- Keep valuable items out of sight. If you must keep cash or valuables in your room, do not store them in obvious hiding places like desks or dressers. Do not leave valuables in your car.
- Never lend out the key to your room or residence.
- If you live in a dormitory, take your room key to the shower with you. Do not leave it in your robe or clothing, where someone going through your pockets could find it.
- Check with your insurance agent to determine if your property is covered under your homeowner’s insurance. If not, consider purchasing your own insurance.

Internet Safety
Generally, Internet fraud is any scheme that uses one or more components of the Internet—including chat rooms, email, message boards or websites—to present fraudulent solicitations, to conduct fraudulent transactions, or to transmit the proceeds of fraud to either financial institutions or others involved in the scheme.

What are the major types of Internet fraud?
- Auctions and retail schemes; online auctions are the primary avenue for Internet fraud
- Business-opportunity or work-at-home schemes
- Identity theft and fraud
- Investment schemes
- Credit card offers
- Credit repair
- Vacation prize promotions
- Nigerian money offers: someone claiming to be a Nigerian official promises big profits in exchange for help moving large sums of money out of Nigeria
- Advance-fee loans
- Internet-access services
- Health and diet scams
- Free goods, such as long-distance phone cards, computers, electronics, etc.
- Cable-descrambler kits

Filing Complaints about Internet Fraud
You can file complaints about specific types of fraud. For commodities fraud, contact the Commodity Futures Trading Commission (CFTC). For securities fraud, contact the SEC Enforcement Division Complaint Center or your state securities regulators.

If you think you have been the victim of an Internet fraud scheme, you can also file a complaint online with the Internet Crime Complaint Center, a joint project of the FBI and the National White Collar Crime Center.

**Bicycling Safety**

- Bike riders are responsible for their own safety, and Middlebury does not make or enforce rules about bike riding. Nonetheless, it is consistent with good common sense that you should ride responsibly and always wear a helmet, not weave or change lane positions, always leave at least three feet between yourself and obstacles such as parked cars or poorly maintained shoulders, and make sure that your brakes and other components of your bicycle are in working order.
- Vermont state law requires a white front light and red rear light for night riding. Also, wearing bright, reflective clothing will increase your visibility and help reduce conflicts.
- Generally, bicyclists should ride with the flow of traffic, on the road’s right-hand side.
- Do not ride the wrong way on a one-way street.
- Cyclists should obey all traffic laws and always use hand signals when turning.
- Pay attention to your surroundings: keep alert, do not wear headphones, and warn pedestrians or fellow riders when you are passing them. Also, warn vehicle drivers if their driving places you in danger.
- Take extra care when passing parking lot exits or biking through a parking lot.
- Walk bicycles across crosswalks to avoid bicycle/vehicle collisions.

**Notification Regarding Missing Students**

If a Bread Loaf student is missing from the Bread Loaf campus in Ripton, Vermont (whether the student is housed in College residential buildings or living off campus), this should be immediately reported to the Department of Public Safety at 802.443.5911, or reported to the Vermont State Police, or other law enforcement agency that has jurisdiction over the area, as applicable. The Department of Public Safety will work with the staff at Bread Loaf to try and locate the student and where the student was last seen. The College will notify the police department of any missing student no later than 24 hours from the time the student is determined to be missing (unless the local police department was the agency that made the determination that the student was missing). In some circumstances—for example, a reported kidnapping or a missing child—Public Safety will notify the police immediately. If a student younger than 18 is missing, Middlebury will notify the student’s custodial parent(s) or guardians (in addition to notifying any additional contact person designated by the student) as soon as practical and no later than 24 hours from the time the student is determined to be missing.

Students attending Middlebury may designate a confidential contact person in the event they go missing. This person can be anyone and does not need to be the same as the student’s emergency contact(s). The College has a form on BannerWeb that allows students to register this contact. BannerWeb maintains the contact person’s information in a confidential area, separate from the student’s emergency contact information. The information will be accessible only to authorized campus officials and may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation. If a student is missing, authorized campus officials and law enforcement officers will have access to this designated contact and will communicate with the person no later than 24 hours from the initial report.
Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, Middlebury will inform the local law enforcement agency that has jurisdiction in the area within 24 hours of the time the student is determined to be missing.

**Response to Sexual Violence, Dating Violence, Domestic Violence and Stalking**

The Middlebury Bread Loaf School of English (hereinafter referred to as “Middlebury”) prohibit the crimes of dating violence, domestic violence, sexual assault, and stalking, as those terms are defined in the Clery Act, and as described in Middlebury’s Policy Against Sexual Misconduct, Domestic and Dating Violence and Misconduct, and Stalking (see link below). Middlebury provides information to the extent applicable regarding the definitions of “dating violence,” “domestic violence,” “sexual assault,” and “stalking,” and the definition of “consent” in reference to sexual activity, in the applicable jurisdictions.

A description of Middlebury’s educational programs and campaigns to promote the awareness and prevention of dating violence, domestic violence, sexual assault and stalking, including safe and positive options for bystander intervention, and information about risk reduction, are described in Middlebury’s educational programs and below. Middlebury’s educational programs and its procedures also include information and statements that are required by Clery Act regulations, as described below.

Middlebury expects all community members to do their part to prevent and address violence as active bystanders. Middlebury is also committed to providing support and avenues of redress as appropriate to survivors affected by sexual and relationship violence.

The full text of Middlebury’s Policy Against Sexual Misconduct, Domestic and Dating Violence and Misconduct, and Stalking (“SMDVS policy”) is available at www.middlebury.edu/about/handbook/misc/October

**Educational Programs to Promote the Awareness and Prevention of Domestic Violence, Dating Violence, Sexual Assault, and Stalking**

**Overview**

Middlebury provides comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that:

- are culturally relevant, inclusive of diverse communities and identities, sustainable, and responsive to community needs;

- consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

More specifically, Middlebury’s educational programs include, for example, the following:

Coordinated Community Response Team

Middlebury participates in the Coordinated Community Response Team (CCRT), which was established in 2013 as a requirement of Middlebury’s campus grant from the Office on Violence Against Women. This group consists of both campus and community partners whose job responsibilities or services directly relate to policy, law enforcement, response, prevention, and education for sexual assault, stalking, dating/domestic violence. The CCRT meets quarterly during the undergraduate academic year to discuss and debrief collaborative cases, co-and/or cross-train, update policies, and work on common goals. Students, faculty, and staff who have ideas, questions, or feedback on Middlebury’s policies, procedures, and educational programs are encouraged to speak with our Title IX Coordinator.

How to Be an Active Bystander

The best way to prevent sexual and relationship violence is to commit to the following community values:

- Violence is not tolerated on campus; and
- Everyone is expected to do their part to prevent it.

Everyone must commit to engaging in moments of action, no matter how small. **Every moment of action counts when we are working to prevent violence. Moments of action contribute to a culture of bystander intervention and, research shows, lead to fewer incidences of violence.**

Moments of action occur when we notice the potential for violence. We might see someone intentionally trying to get someone else intoxicated, or isolating someone at a party. We could recognize power differences like age, or sense that someone seems fearful. When we notice these cues, we must act because even the smallest actions can prevent violence.

No matter who you are or what personal or social barriers you might face, there is always something you can do to help keep our community safe. Options for action include the following:

**Direct:** Directly talk to someone or intervene in a situation. You might ask a friend who’s been hard to reach if everything is OK. Or you might take an intoxicated friend back to their residence hall. Direct action means getting involved in a situation or following up with a student, coworker, or supervisor who you worry is in an unhealthy relationship.

**Delegate:** Get others involved. Delegating action when there’s danger, or when someone else can act, is often safest. You might call Public Safety (x5911) or your program’s campus security department —if outside Vermont— or the police (911) for help, ask someone to assist you in finding a ride for a friend, or suggest to a party’s host that she ask someone to leave. You might express your concerns over a matter to a student’s advisor, dean, or coach.

**Distract:** Interrupt the precursors to violence so harmful situations can’t occur. You might spill a drink, sing loudly, or tell someone their car is getting towed. You might ask someone to accompany you somewhere so you can talk privately with the individual.

Moments of action also occur when we act proactively to send the message to those around us that we take the work of reducing violence seriously and we are committed to doing our part. We might have a conversation with people we care about on campus about what moments of action mean to us, share a great article on Facebook or tweet about an everyday moment of action, or choose to integrate bystander intervention into our academic work. When we create a moment of action on our own, without waiting for warning signs to appear, we make our community inhospitable to violence.
Moments of Action for Student Bystanders

- Send a mass email to your contact list with a simple message, “This issue is important to me and I believe in the goal of reducing violence.”
- The next time you are walking to class with a friend, have one conversation and tell them that ending violence matters to you.
- Make bystander intervention or sexual violence on campus the topic of a paper or speech you have to do for a class.
- Bring a friend to an awareness event.
- Work to ensure organizations you are involved in collaborate with prevention efforts on campus.
- Find out how Art and Activism works to end violence (Google it!).
- If you suspect that a friend is in an abusive relationship, ask them, and provide information about available resources.
- If you see someone spike another person’s drink with alcohol or drugs, stop them, and call the Department of Public Safety (or your program’s campus security department –if outside Vermont) or 911, distract by spilling the drink, or get someone else to let the person know that their drink is unsafe to consume.
- If you choose to leave an event early, account for the people who were in your group.
- If you see someone at an event who has had too much to drink, ask them if they need to be walked home or assisted in any way.
- If you hear what sounds like yelling or fighting in your residence hall, apartment, the locker room, or any other location, talk with a residential life staff member, your Commons dean, a professor, a coach, program director or someone else who can help.
- If someone needs your help and you don’t have the answer, contact your resources and find someone who does.

Moments of Action for Faculty and Staff Bystanders

- Change your email signature line to include a statement that echoes the principles that violence will not be tolerated at Middlebury and everyone is expected to do their part to prevent it.
- Add a line to your syllabus that expresses the prevention principles.
- Request a presentation from your local (e.g., WomenSafe) violence prevention program.
- If you suspect that a student or co-worker is in an abusive relationship, ask them and provide information about available resources.
- If someone appears upset, ask if they are OK.
- Assign a paper, project, or reflection to your students about moments of action, community, and our prevention principles.
- If someone explains that women "say 'no' when they really mean 'yes,'" interrupt and make an attempt to educate them.
• If you hear what sounds like yelling or fighting in your neighborhood, classroom, or office, talk with a
neighbor, your manager, your students or someone else who can help.

• If someone needs your help and you don’t have the answer, contact your resources and find someone who
does.

**Moments of Action for Family Bystanders**

• Talk with the other members of your family about your commitment to ending violence and to keeping each
other and others safe.

• Make a donation to a local rape crisis center or domestic violence shelter.

• Volunteer for one hour, and bring a friend.

• Write a letter to the editor of your local newspaper talking about any aspect of sexual or relationship violence
that is most powerful to you.

• Find out how Art and Activism works to end violence (Google it!).

• If you know information about an incident of sexual violence, tell authorities what you know in case it is
helpful.

• If you hear what sounds like yelling or fighting in your neighborhood, place of employment, or community, talk
with a neighbor, the police, your employer or someone else who can help.

• If someone needs your help and you don’t have the answer, contact your resources and find someone who
does.

**Risk-Reduction Tips**

In addition to bystander action, both reactive and proactive, there are ways to reduce risk around sexual and
relationship violence. **It is important to remember that experiencing violence is never the victim’s fault.**

• Take note of your surroundings including exits, and paths of egress.

• Stay with friends or groups of people to avoid isolated areas.

• Trust your instincts. If something or someone seems wrong or unsafe, get help and/or find the nearest
exit.

• Make sure your cell phone is with you and charged, and that you have easy access to emergency
numbers.

• Avoid putting headphones in both ears when walking or running and discontinue headphone use when
biking.

• Make and keep to a plan with friends when attending events. Arrive together, check in with each other
throughout the evening, and leave together. Have a code word with your friends or family to signal
discomfort or that it’s time to leave.

• Don’t leave drinks unattended. If you do, get yourself a fresh drink.

• Don’t accept drinks from people you don’t know or trust.

• Watch out for your friends and ask your friends to watch out for you.
Procedures Victims Should Follow If Sexual Assault, Domestic Violence, Dating Violence, or Stalking Has Occurred

The following contains information about reporting, obtaining support, care, resources, accommodations, and Middlebury and law enforcement procedures and options in situations where a student, faculty or staff member or covered third party (as defined by Middlebury’s policies) may have experienced sexual assault (including rape, fondling, incest, or statutory rape), domestic violence, dating violence or stalking as defined in the Clery Act and in Middlebury’s Policy Against Sexual Misconduct, Domestic and Dating Violence and Misconduct, and Stalking.

Immediate Safety and Support/Importance of Preserving Evidence

- **Go to a safe place:** your room, a friend’s room, or anywhere you’ll feel safe.
- **Call someone you trust.** No matter how late it is, you shouldn’t be alone.
- **If safety is an immediate concern call 911** or contact the Department of Public Safety.
- **Pursue medical treatment.** If you may be experiencing or have experienced sexual assault, domestic or dating violence, or stalking, you are encouraged to immediately seek any necessary medical care, and to seek help from appropriate Middlebury, law enforcement and/or medical personnel, even if you are not sure if you have physical injuries and/or you are uncertain about whether to ultimately pursue a complaint or criminal charges, or to seek a protective order. Local emergency rooms or the college health center can perform post-assault medical care and/or make appropriate referrals (contact information is listed below). Most hospitals have specialized examiners who complete exams for victims of sexual violence. These exams can help you receive appropriate medical assessment and treatment, and can preserve evidence for possible future action such as criminal prosecution or seeking a protection order. Collecting forensic evidence does not obligate you to file a complaint with Middlebury or make a report to the police that could lead to criminal prosecution, but preserves this information in the event you decide to do either of those things, or seek a protection order, at a later date.
- **Preserve evidence.** It is important to preserve all possible evidence that may assist in proving that sexual assault, domestic violence, dating violence, stalking, or related retaliation occurred or is occurring in case you decide at some point to file an internal complaint, make a criminal complaint or seek a protection order. This evidence may assist in proving whether the alleged criminal conduct (or a policy violation) occurred and/or it may be helpful in obtaining a protective order. Therefore, if at all possible, refrain from changing clothes, showering, or otherwise changing your physical state after an incident, until after consulting with medical personnel about how to best preserve evidence. Also, you should preserve any other available physical evidence, documents, or electronic evidence (such as, for example, text messages, emails, photographs, social media posts, voice messages, etc.) that may have some bearing on the incident(s).

Making a Report On Campus

Any Middlebury student, faculty member, staff member or covered third party who has reasonable cause to believe that sexual assault, domestic or dating violence, stalking and/or related retaliation has occurred or is occurring should report this information to the immediate attention of any of the following individuals: a Human Relations Officer designated for the Middlebury program at issue; a Judicial Affairs Officer; and/or the Title IX Coordinator. Reports also may be made to Middlebury’s Department of Public Safety or other appropriate
personnel for the program at issue (e.g., program director). Reports may be made verbally (in person, or by phone or videoconferencing) or in writing (via mail or email). Contact information is listed below.

Middlebury’s Department of Public Safety or other appropriate personnel for the Middlebury program at issue will coordinate its response to the report with other officials, as appropriate (including a Human Relations Officer, Judicial Affairs Officer, the Title IX Coordinator, and responsible Threat Assessment and Management Team) and, if necessary, law enforcement, to intervene at the earliest practical point to stop the behavior and coordinate services to the complainant. A coordinated response will include consideration of the complainant’s request for confidentiality and may also include the implementation of safety measures as deemed necessary, services and accommodations, and referral to confidential resources.

Reporting to Law Enforcement

In addition to (or instead of) Middlebury’s processes, any student, employee or covered third party who wishes to report a complaint of sexual assault, domestic violence, dating violence, or stalking under this policy may also pursue criminal charges with local, state, or federal law enforcement agencies (see Appendix B to Middlebury’s Policy Against Sexual Misconduct, Domestic and Dating Violence and Misconduct, and Stalking for contact information; see also Contact Information for Reports to Middlebury Officials or Law Enforcement, below).

Middlebury will offer and upon request provide assistance to students, employees and covered third parties with notifying law enforcement agencies. These options are available regardless of whether an individual chooses to file a complaint with Middlebury. Individuals have the option to notify such agencies with or without assistance from Middlebury, and have the option not to personally notify such authorities. Individuals may request assistance by contacting a JAO, HRO, Title IX Coordinator, Public Safety or program director. Contact may be made via email, phone, teleconference or in person. See contact information below.

A. Vermont

Emergencies: dial 911. In non-emergency situations, please call one of the following departments that serve Addison County, as applicable. In most cases, you should contact the law enforcement department of the town where the crime occurred:

- Bread Loaf, Ripton, VT: Vermont State Police: 802.388.4919
- Middlebury Police Department: 802.388.3191
- Addison County Sheriff’s Department: 802.388.2981
- Bristol Police Department: 802.453-2533
- Vergennes Police Department: 802.877.2201

Please note that each department has a specific service area and their hours of operation may vary.

Some other things to keep in mind:

- You always have the right to report or not report a crime to law enforcement, except under certain circumstances:
  - If someone who is under 18 goes to the hospital for a SANE (sexual assault nurse examiner) exam or if the hospital is aware of any crime against someone under the age of 18, the hospital is required to report the crime to the Vermont Department for Children and Families (“DCF”). It is possible that DCF could, in turn, report the crime to law enforcement without the knowledge or willingness of the person who experienced the crime.
  - Also, any crime involving a stabbing or a gunshot wound must be reported by hospitals to law enforcement, regardless of the age of the victim.
If a victim of a crime chooses to report to law enforcement, confidential victim advocates from WomenSafe are available to accompany you and assist you with the process. Middlebury officials may also accompany you and facilitate contact with law enforcement.

The law enforcement response to domestic violence, sexual violence, dating violence, and stalking varies based on the crime, circumstances, and context. Different law enforcement agencies may handle the same report differently.

It is possible that if you report a crime to law enforcement, an investigation may be commenced and charges may be brought. Depending on the department and circumstances, your ability to control or influence the process after reporting may vary.

For more information and to talk through your options, please call WomenSafe’s 24-hour hotline: 800.388.4205.

You may also find the following summaries from the Vermont Network Against Domestic and Sexual Violence helpful. Please note, however, that the information herein does not constitute legal advice and may be amended from time to time. Individuals should consult their counsel or other local resources to ensure complete and accurate information.

**What will the police do if I report?**

If you tell the police about what happened to you they may arrest and charge the person who assaulted you with a particular crime(s). Because this is the criminal system, the police will have to decide whether what happened to you was a crime and when there is “probable cause.” ... They will then decide whether or not to charge and arrest the perpetrator. A person charged with a crime is called a defendant. The choice of reporting a sexual assault to the police can be difficult. Advocates from your local network program are available to provide you more information about reporting and can support you in whatever you decide is right for you.

**What happens after the perpetrator is arrested?**

An arrest is the beginning of the criminal process. Once someone is arrested they may be released immediately, released at any point in the criminal process or, in severe cases, remain in jail. This will depend on many complicated legal factors. Defendants released from jail before the end of the case will be given “conditions of release” by the court. This is an order that the defendant must follow while the criminal case is going forward. Often the conditions will tell the defendant not to have contact with you as the victim of the crime. As a victim of a crime you have the right to know if and when the defendant is getting released from jail and the defendant’s conditions of release. Some victims may have increased safety concerns following an arrest. You may call your local Network program for more information and support.

**Prosecution of crimes of sexual violence**

Following a charge/arrest, the police transfer the case to the prosecutor, also called the state’s attorney. A prosecutor is a lawyer who works for the state through the state’s attorney’s office. The state’s attorney’s job is to continue to gather evidence to prove that the defendant committed the crime and to prepare the case against the defendant. The state’s attorney decides how to proceed with the criminal case.

**State’s Attorneys’ Victim Advocates**

The state’s attorney’s office also has its own victim advocates. They provide information and updates on the case. They can also offer support and help with communicating your concerns and questions to the state’s attorney. Because these advocates work for the state’s attorney, they are not confidential. This means that the state’s attorney’s advocates may be required to share relevant information you share about the case with the state’s attorney.
Sentencing
If the defendant pleads guilty or is found guilty after a trial, the judge will impose a sentence. A sentence may include a probation term, time in jail, or a combination of both. In many cases, sentencing will also require the defendant to participate in a sex offender treatment program. You may be present in the court room during the sentencing if you want. As a victim you have the right to make a “Victim Impact Statement” to the court. This is your time to describe the impact that the crime had upon you and your family. An advocate or family member may read your Victim Impact Statement for you.

Department of Corrections
Once the defendant has been sentenced, the Department of Corrections (DOC) will supervise the defendant for the duration of the sentence. DOC is responsible for ensuring that the offender is following the terms of the sentence. DOC’s Victim Services Program is available to provide information about the status of an offender and support to victims of crime whose offenders are in the custody of Vermont DOC. You can also register to receive automatic notifications by phone or email about the offender’s status. For more information, you can contact DOC’s Victim Services at (802) 241-2302 or online at www.doc.state.vt.us/victim-services.

Rights of Victims Regarding No Contact Orders and No Trespass Notices Issued by Middlebury and/or Orders of Protection, Restraining Orders, or Similar Lawful Orders Issued by a Court

Middlebury can issue No Contact Orders restricting contact between two members of the Middlebury community, and No Trespass Notices restricting individuals from Middlebury-owned or rented property. Requests for a No Contact Order or a No Trespass Notice may be directed by telephone, email or in person to a JAO, a HRO, the Title IX Coordinator or program director (see contact information below).

In the United States, a relief from abuse order, also called a protection order or restraining order, is a court order that is designed to stop violent, harassing and threatening behavior. It can also stop the respondent from any contact or communication with the complainant, and protect the complainant and the complainant’s family members, as appropriate, from the respondent. Such orders may be awarded by courts in the United States on a temporary basis, in which case they are instituted by a judge immediately and reviewed subsequently through a court hearing process where it is determined whether they will remain in effect for a longer term. Similar resources may exist in other countries where Middlebury operates its programs (please contact Sexual Assault Support and Help for Americans Abroad: http://sashaa.org/ for more information regarding similar orders in foreign jurisdictions).

Middlebury does not have the authority to issue Relief from Abuse Orders, Orders of Protection, or Restraining Orders, as these are granted by the court system. In addition to (or instead of) Middlebury’s No Contact Orders and No Trespass Notices, individuals who are being or who may have been subjected to sexual assault, domestic or dating violence, stalking and/or related retaliation may pursue Orders of Protection, Restraining Orders and/or Relief from Abuse Orders from United States courts or courts outside of the United States as applicable. Middlebury will support individuals if they request Middlebury’s assistance with making contact with law enforcement authorities and other external resources to seek such orders. Middlebury will comply with and respect such orders to the extent applicable.

Requests for assistance with contacting law enforcement authorities or obtaining an Order of Protection, a Relief from Abuse Order, a Restraining Order or other lawful order may be made in person, or via email, phone or teleconference to a JAO, HRO, Title IX Coordinator, Public Safety staff member or program director. See contact information below.
Additional Information from the National Domestic Violence Hotline:

“A protective order is an official legal order issued by a state court that requires the abusive person to stop the violence and abuse and maintain a certain distance from the victim. Depending on where you live, it can also be called a restraining order, protection order, an injunction, or an order of protection.

How do I get a protective order?
Different states have different processes, but as a general rule, appropriate forms have to be filled out and submitted to the county court. A court date will be scheduled and both parties will be notified. If you are under 18, you will likely need parental consent.

Why would I get a protective order?
A protective order is legal protection against the abusive partner and can be enforced by police. Special provisions can be requested such as custody of children, continued financial support, getting the abuser to leave the residence, etc. Some states also require the abusive partner to surrender their firearms.

It’s important to note that while a protective order may help keep an abusive partner away from you, it does not work in every case. Some abusive partners continue to contact and abuse their partners despite the presence of a protective order. Some may become even more dangerous after an order is filed because it threatens their power and control over the relationship. While you cannot predict someone’s behavior, you know your situation best, and it’s a good idea to consider how your partner might react based on what you know about them before obtaining a protection order.

What happens when I get a protective order?
When the abuser does something that the court has ordered them not to do, or doesn’t do something the court has ordered them to do, they may have violated the order. You can ask the police or the court (or both, depending on the violation) to enforce the order. If you are not able to contact the police when the violation occurs, they should take a report if you call them soon afterwards. In some cases, violating a protective order might result in a misdemeanor or felony criminal conviction and punishment. These types of violations can also later be addressed by a civil court, and it is often a good idea to bring them to the court’s attention.

Things to consider before obtaining a protective order:

- **PROS:** You will have legal documentation of protection; the abuse may stop; provisions can be made for children, finances, etc.; [can still be enforced if you move or leave your home state](#)
- **CONS:** You will have to see the abusive partner in court; abuse may not decrease/abusive partner may not obey the order; some orders are not always enforced.

Please note that police reports and protective orders are just parts of an overall [safety plan](#) and do not guarantee your safety from an abusive partner. Remember, you are the most knowledgeable person about your own situation, and you must use your own judgment about what is best for you. If you are considering taking legal steps against an abusive partner, we strongly recommend that you get in touch with a legal advocate, and we can help you find one in your area. Please call us at 1-800-799-7233 or chat online from 7am-2am CST.

Confidentiality

Middlebury encourages individuals to report incidents of sexual misconduct (including sexual assault), domestic violence, dating violence, stalking and related retaliation so that they can get the support they need, and so that Middlebury can respond appropriately. Certain Middlebury employees may maintain confidentiality, but most cannot. Although strict confidentiality may therefore not be guaranteed, Middlebury will handle information in a sensitive manner and will endeavor to protect the privacy of individuals to the extent it can do so consistent with its obligations to respond to reports of sexual misconduct (including sexual assault), domestic violence, dating violence, stalking and/or related retaliation. Middlebury officials will consider requests for confidentiality in accordance with the confidentiality provisions of its Policy Against Sexual Misconduct, Domestic and Dating Violence and Misconduct, and Stalking (see Section 3 of the policy and How Middlebury Will Protect the Confidentiality of Victims, below).

Confidential Resources

Individuals are encouraged to seek support from internal and external resources such as counseling services, advocacy services, and/or chaplains. Contact information is available in Appendix C to Middlebury’s Policy Against Sexual Misconduct, Domestic and Dating Violence and Misconduct, and Stalking (“SMDVS policy”).

A confidential resource is an individual who is legally and ethically bound to keep confidential all information shared with them in the course of providing counsel and support, except under the circumstances noted below. Middlebury respects that the decision to come forward may be difficult and that individuals may wish to seek assistance from someone who can confidentially offer information and support, and who can provide assurances that the disclosed information will not be acted on except in the circumstances outlined below. (For a list of confidential resources, see below and Appendix C to the SMDVS policy). In general, the law recognizes and protects the confidentiality of communications between a person seeking care and a medical or mental health professional, religious advisor or trained sexual assault advocate. The medical, mental health, and religious professionals and MiddSafe advocates at Middlebury, and their off-campus counterparts, respect and protect confidential communications from students, faculty, and staff to the extent they are legally able to do so. These professionals may have to breach a confidence, however, when they perceive a serious risk of danger or threat to any person or property. In addition, medical and mental health professionals may be required by law to report certain crimes (e.g., any allegation of sexual and/or physical abuse of a person under 18). These exceptions to confidentiality are governed by the law of the state in which the confidential resource is located.

An individual who speaks to a confidential resource must understand that, if they want to maintain confidentiality, Middlebury will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the respondent. However, confidential resources may assist the individual in receiving other forms of protection and support, such as victim advocacy; academic accommodations; disability, health or mental health services; and changes to living, working, or transportation arrangements. (For more information, see Services and Accommodations, below and Section 6 of the SMDVS Policy). An individual who initially requests confidentiality may later decide to file a complaint with Middlebury or report the incident to local law enforcement, and thus have the incident fully investigated. These confidential resources will help to direct the individual to the appropriate resources in the event that the individual wishes to file an internal complaint with Middlebury or report to the police.

Non-Confidential Resources

Non-confidential resources are all faculty or staff members, including residential life staff and ombudspersons, who are not medical or counseling professionals, clergy, or MiddSafe Advocates, and are therefore not permitted to honor requests for confidentiality. Non-confidential faculty or staff who learn of an incident of alleged sexual misconduct, domestic or dating violence or misconduct, stalking or related retaliation involving a student are required to report that information to a HRO or JAO or the Title IX Coordinator, and they are “responsible employees” to this extent. The Title IX Coordinator, HROs and JAOS are “responsible employees” for the purposes
of redressing reports of sexual misconduct, domestic and dating violence and misconduct, stalking and related retaliation in accordance with Middlebury’s SMDVS policy (see above for contact information).

Faculty and staff who are Campus Security Authorities are required to report certain sex offenses and other crimes to the Department of Public Safety for the purpose of compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. For more information about Campus Security Authorities, see Appendix E to Middlebury’s SMDVS Policy.

Employees with supervisory responsibility are expected to report all incidents of alleged sexual misconduct, domestic and dating violence and misconduct, stalking or related retaliation involving employees to a HRO, the Title IX Coordinator, and/or to Human Resources.

General inquiries to Middlebury officials about policies or procedures, and conversations in which the respondent is not identified by name or by implication from the circumstances, may remain private. Otherwise, individuals who want to maintain confidentiality should seek a confidential resource.

Middlebury will complete publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifying information about individuals, and will maintain as confidential any accommodations or protective measures provided to individuals, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

How Middlebury Will Protect the Confidentiality of Victims

Evaluating Requests for Confidentiality in Sexual Assault Cases
If an individual discloses an incident of sexual assault but wishes to maintain confidentiality (i.e., requests that no investigation into a particular incident be conducted or disciplinary action taken), Middlebury will make every effort to respect this request and will evaluate the request against its responsibility to provide a safe, non-discriminatory environment for all students, faculty and staff, including the individual who reported the sexual assault. Although rare, there are times when Middlebury may not be able to honor the individual’s request. Further, if Middlebury honors the request for confidentiality, Middlebury’s ability to appropriately investigate the incident and pursue disciplinary action against the respondent(s), if warranted, may be limited.

Middlebury has designated its Judicial Affairs Officers, Human Relations Officers, and its Title IX Coordinator as responsible for evaluating requests for confidentiality, as appropriate to the circumstances. In considering an individual’s request for confidentiality, the HROs, JAOs, and/or Title IX Coordinator may consult with Middlebury’s Threat Assessment and Management Team and other Middlebury personnel, or law enforcement authorities, as appropriate.

Factors to be considered in determining whether confidentiality should be maintained may include but are not limited to:

(i) The increased risk that the respondent will commit additional acts of sexual assault or other violence, such as:

- whether there have been other sexual assault complaints about the same respondent;
- whether the respondent has a history of arrests or records from a prior institution indicating a history of violence;
- whether the respondent has threatened further sexual misconduct or other violence against the individual or others;
- whether the alleged sexual misconduct was committed by multiple respondents;
- circumstances that suggest there is an increased risk of future acts of sexual misconduct or other violence under similar circumstances (e.g., whether the report reveals a pattern of perpetration [e.g., via illicit use of drugs or alcohol] at a given location or by a particular group);

(ii) whether the alleged sexual misconduct was perpetrated with a weapon;

(iii) whether the complainant is a minor; and

(iv) whether Middlebury possesses other means to obtain relevant evidence (e.g., security cameras, information known to Middlebury personnel, or physical evidence).

The presence of one or more of these factors or other factors as deemed appropriate may prompt an investigation and adjudication under Middlebury’s policies and, if appropriate, result in disciplinary action. If none of these factors is present, Middlebury will likely honor the individual’s request for confidentiality.

**Evaluating Requests for Confidentiality in Domestic Violence, Dating Violence, Stalking, and Related Retaliation Cases**

In cases involving domestic violence, dating violence, stalking, and/or related retaliation, if an individual insists that their name or other identifiable information not be revealed, or asks that Middlebury not investigate or seek action against the respondent, Middlebury will evaluate the request in the context of its commitment to provide a safe environment for that individual as well as all students, staff, and faculty. Thus, Middlebury may weigh the individual’s request against a number of factors, including but not limited to the seriousness of the alleged conduct; circumstances that suggest there is a risk of repeated conduct; whether there have been other reports or complaints about the respondent; the credibility and significance of existing relevant evidence; and the extent of any ongoing threat to the individual, the Middlebury community or any of its members.

In considering an individual’s request for confidentiality, the HROs, JAOs, and/or Title IX Coordinator may consult with Middlebury’s Threat Assessment and Management Team and other Middlebury personnel, as appropriate.

**If Confidentiality Is Requested But Cannot be Maintained**

If Middlebury determines that it cannot maintain an individual’s request for confidentiality, Middlebury will inform the individual prior to conducting an investigation (unless extenuating circumstances are present) and will, to the extent possible, only share information with those individuals who are responsible for Middlebury’s response to the incident. Middlebury will not require the individual to participate in any investigation or disciplinary proceeding, nor will it require the individual to personally report any information to law enforcement authorities. It will remain up to the individual to choose whether they personally want to participate in notifying law enforcement authorities, or would rather not do so.

If when responding to reports of sexual misconduct (including sexual assault), domestic or dating violence, stalking, or related retaliation, Middlebury determines it is obligated to take any action that would involve disclosing a reporting individual’s identity to the respondent, or an action from which the reporting individual’s identity may be easily determined by the respondent, the individual will be informed before the action is taken (unless extenuating circumstances are present). If the reporting individual requests that the respondent be informed that they requested that there be no investigation or disciplinary action, Middlebury will endeavor to honor this request and inform the respondent that Middlebury made the decision to investigate the matter.

Middlebury will take supportive measures when requested and reasonably available that are designed to prevent and address retaliation against individuals whose requests for confidentiality have not been honored and to respond to their needs for support, services and accommodations.
When Confidentiality Can Be Maintained
If Middlebury determines that it can respect the individual’s request for confidentiality (i.e., the individual’s request that a report of sexual misconduct, domestic or dating violence or misconduct, stalking, or related retaliation not be investigated/adjudicated), Middlebury will take action to assist the individual, to the extent possible, including the measures identified in Section 6, of Middlebury’s SMDVS policy (“Services and Accommodations”), where such measures are requested and reasonably available.

Individuals should be aware that if Middlebury honors their request for confidentiality, this may limit Middlebury’s ability to fully respond to the incident, including pursuing disciplinary action against the respondent.

Disclosure During Internal Investigations and Adjudications
Middlebury will handle information related to alleged violations of its policy with sensitivity and discretion. However, Middlebury may need to disclose information relating to an incident (including the identity of parties, witnesses or others) to the extent necessary to conduct a thorough, fair, and impartial investigation and adjudication process for all involved parties.

Disclosure Required by Law
Middlebury will not include the names of complainants or other personally identifying information in publicly available reports that are compiled as required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, and when issuing timely warnings as required by the Clery Act, will withhold as confidential the names of such individuals. Middlebury officials responsible for compiling publicly available recordkeeping such as crime statistics published in the Annual Security Report(s), daily crime logs, or timely warnings, review reports before publication and distribution to ensure that the information does not contain the names of complainants or other personally identifying information. Statistics published in Middlebury’s Annual Security Report(s) contain only the number and type of reported crimes. Middlebury is also part of a larger community and context. If there is an independent investigation, lawsuit, or criminal proceeding related to a sexual misconduct (including sexual assault), domestic or dating violence or misconduct, stalking, or related retaliation matter, those involved or others may be required by law to provide testimony or documents (e.g., investigation reports, witness statements, and any other information gathered or obtained in the course of a particular matter).

Disclosure to Law Enforcement
In certain circumstances, Middlebury may need to report an incident to law enforcement authorities. Such circumstances include but are not limited to incidents that warrant the undertaking of safety and security measures for the protection of the individual and/or the campus community, or situations in which there is clear and imminent danger and/or a weapon may be involved. Complainants may choose to notify authorities personally and directly with or without Middlebury’s assistance, or may choose not to notify such authorities personally.

Services and Accommodations
Middlebury will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for individuals reportedly subjected to sexual assault, dating violence, domestic violence or stalking, both within the institution and in the community. Individuals can access on- and off-campus support services or request information by contacting the individuals and offices identified below and/or accessing the websites identified below.

Middlebury will also provide written notification to individuals about options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures. Middlebury will make such accommodations or provide such protective measures if the complainant requests them and if they
are reasonably available, regardless of whether the reported victim chooses to report the crime to campus Public Safety or local law enforcement.

It is not necessary to file a complaint with Middlebury, participate in a Middlebury adjudication process, or file a criminal complaint in order to request services or accommodations from Middlebury. These may include but are not limited to:

- No Contact Orders restricting encounters and communications between the parties;
- No Trespass Notices prohibiting the presence of an individual on Middlebury property, and/or other properties on which Middlebury programs are occurring.
- Academic accommodations, including but not limited to deadline extensions; Incompletes, course changes or late drops, or other arrangements as appropriate;
- Residential accommodations, including but not limited to arranging for new housing, or providing temporary housing options, as appropriate;
- Changing transportation or working arrangements or providing other employment accommodations, as appropriate;
- Assisting the individual in accessing support services, including, as available, victim advocacy, academic support, counseling, disability, health or mental health services, visa and immigration assistance, student financial aid services, and legal assistance both on and off campus, as applicable;
- Informing the individual of the right to report a crime to local law enforcement and/or seek orders of protection, restraining orders, or relief from abuse orders from United States courts or courts outside of the United States as applicable and providing assistance if the individual wishes to do so. Middlebury will also work with complainants and others as appropriate to respect and implement the requirements of such orders on premises that it owns or controls, as appropriate.

Where a complainant reportedly subjected to sexual assault, domestic or dating violence, or stalking makes a reasonable request for accommodations like those described above, Middlebury is obligated to comply with that request if such accommodations are reasonably available.

Students and employees seeking services, protective measures, and/or accommodations should direct their request to a Commons dean, program director, HRO, JAO, or the Title IX coordinator, as appropriate. The request will be evaluated and responded to by the Commons dean, program director, HRO, JAO, or Title IX coordinator after consultation, as needed, with the appropriate authority or authorities for the school or program at issue. Factors to be considered in determining reasonable services or accommodations may include the following:

- the specific need expressed by the complainant;
- the severity and/or pervasiveness of the allegations;
- any continuing effects on the complainant;
- whether the complainant and the respondent share the same residence hall, dining hall, class, extracurricular activities, transportation, or job location; and
- whether other judicial measures have been taken to protect the complainant.

Middlebury will maintain as confidential any services, accommodations or protective measures provided to complainants, to the extent that maintaining such confidentiality would not impair the ability of Middlebury to provide the services, accommodations, or protective measures. As such, Middlebury may need to disclose some information about the individual to a third party to provide the necessary accommodations or protective measures in a timely manner. The following individuals are typically responsible for determining what information should be disclosed and to whom it should be disclosed: a JAO, a HRO, Title IX Coordinator, Commons dean, Public Safety officer, or program director. The decision to disclose information will be made after careful consideration of possible alternatives to disclosure and/or limiting the information provided to the third party as much as possible without compromising Middlebury’s ability to provide the services, accommodations or protective measures.

Medical care, including pregnancy testing, sexually transmitted infection testing/treatment, injury triage, referral to counseling, advocacy support, and access to a Sexual Assault Nurse Examiner (“SANE”). A SANE receives specialized training to provide comprehensive care to survivors of sexual assault, including physical assessment and collection of forensic evidence. Having evidence collected does not commit you to filing a complaint with Middlebury or charges with the police. It will allow you to preserve evidence while you take time to decide if you want to file a report, press charges, and/or seek a protection order. If you bathe, change clothes, or otherwise alter your physical condition before having evidence collected, then you may be washing away valuable evidence. A delay in reporting may make evidence more difficult to collect.

These services are confidential, and information is not shared without the student’s written permission, except in the limited circumstances described herein. Health-care professionals are required to report to law enforcement authorities the sexual assault of a person under the age of 18, or where there is risk of immediate danger to self, others or property. Ongoing Care
There is no one correct way to care for yourself or others who have experienced trauma. Middlebury offers a variety of resources and options in the belief that survivors benefit from having many choices available to seek the support and resolution they need. Choose whichever options feel most helpful to you. There are many people on campus and in the greater community who care and can help you to find care for yourself.

- Be patient with yourself. The healing process takes time and includes your physical, emotional, and psychological health.
- Don’t neglect your physical health and wellbeing.
- Try not to let others make decisions for you; it’s important that you reestablish a sense of control over your choices.
- Seek support from a counselor.
- Don’t look for simple answers to explain what happened.
- Know your rights and how to get the support you need.
- Do things you enjoy and give yourself permission to have positive experiences.

Procedures for Institutional Disciplinary Action in Cases of Alleged Domestic Violence, Dating Violence, Sexual Assault and Stalking

Middlebury is committed to providing a campus and workplace environment that is safe and secure for all students, staff, faculty, and others who participate in Middlebury’s programs. Sexual misconduct (including sexual assault), domestic violence, dating violence, stalking, and related retaliation are strictly prohibited. Middlebury will take reasonable, prompt and appropriate action to respond to sexual misconduct (including sexual assault), domestic violence, dating violence and stalking where such conduct impacts or has the potential to impact the Middlebury program-based educational, residential, or employment environment of any member of the Middlebury community. Such action could include discipline for employees such as written reprimands, salary freezes (faculty) or termination of employment, or discipline for students such as probationary status, a letter of official discipline, suspension or expulsion from any or all programs in which the student is enrolled or participating. It could also entail non-disciplinary measures such as No Contact Orders and/or No Trespass Orders, training, and providing safety and support services to complainants and affected parties, as appropriate. Factors to be considered in determining sanctions as listed below and in Section 10 (H) of, and Appendix F to, Middlebury’s Policy Against Sexual Misconduct, Domestic and Dating Violence and Misconduct, and Stalking (hereinafter referred to as the “SMDVS policy”).

As detailed in the SMDVS policy, Middlebury’s process will be completed within reasonably prompt timeframes designated by the institution’s policy, including a process that allows for the extension of timeframes for good cause and/or due to extenuating circumstances with written notice to the complainant and the respondent of the delay and the reason for the delay; it is conducted in a manner that is consistent with the institution’s policies and transparent to the complainant and respondent; it includes timely notice of meetings at which the complainant and respondent may be present; it provides timely and equal access to the complainant, the respondent, and appropriate officials to any information that may be used during the process; and is conducted by officials who do not have a conflict of interest or bias for or against the complainant or the respondent.

Middlebury’s process of addressing cases of alleged sexual misconduct (including sexual assault), dating violence, domestic violence, stalking, and related retaliation is designed to:

- Consider the complainant’s rights, the respondent’s rights, the community’s safety, and applicable laws and Middlebury policies;
- Conduct a timely, fair, impartial, and equitable investigation and adjudication process with thoroughness and respect for all involved parties;
- Protect all parties’ privacy to the extent practical, while balancing the need to comply with applicable law, maintain campus safety, and provide a safe and nondiscriminatory environment for all students, faculty, staff and covered third parties; and
- Hold all individuals found to have violated Middlebury’s policies accountable for their actions and provide appropriate remedies to address the effects of sexual misconduct (including sexual assault), domestic violence, dating violence, stalking and/or related retaliation on the complainant and others.

Middlebury will conduct a prompt, fair and impartial process from the initial investigation to the final result. The complainant and respondent are entitled to the same opportunities to have an advisor of their choice accompany them to any meeting, interview or proceeding that they are attending regarding Middlebury’s investigation and adjudication process.

The full text of Middlebury’s SMDVS Policy is available at: www.middlebury.edu/about/handbook/misc/October

Please note the following definitions for the purposes of this Annual Security Report and Middlebury’s SMDVS policy, as applicable:

**Complainant**
Under the SMDVS policy, a complainant is usually an individual filing a complaint of a violation of Middlebury policies. In some cases (e.g., cases in which a person involved in an incident of alleged sexual misconduct (including sexual assault), domestic or dating violence or misconduct, stalking, or related retaliation does not wish to participate in the process but Middlebury decides that the alleged misconduct needs to be investigated), Middlebury may pursue an investigation and adjudication under its SMDVS policy without a designated complainant. In these cases Middlebury may extend some or all of the rights of a complainant as defined in its SMDVS policy to affected parties as deemed appropriate by a Human Relations Officer or Judicial Affairs Officer, as applicable.

For ease of reference, the term “complainant” is also used throughout this Annual Security Report to refer generally to an alleged “victim” or “accuser” as referred to under the Clery Act and/or the Clery Handbook, and is also used generally in the SMDVS policy and herein to refer to an individual who reported that they were subjected to sexual assault, domestic violence, dating violence, stalking, or related retaliation as defined in Middlebury’s SMDVS policy.

**Respondent**
Under the SMDVS policy, a respondent is an individual whose alleged conduct (e.g., sexual assault, domestic violence, dating violence, stalking or related retaliation) is being investigated to determine if it is in violation of Middlebury’s policies. For ease of reference, the term "respondent" is also used throughout this Annual Security Report to refer generally to “the alleged perpetrator” or “the accused” as referred to under the Clery Act and/or the Clery Handbook, and is also used generally in the SMDVS policy and herein to refer to an individual who reportedly committed sexual assault, domestic violence, dating violence, stalking or related retaliation as defined in Middlebury’s SMDVS policy.
**Complaint Investigation and Adjudication Process**

Middlebury’s complaint and adjudication process is outlined in detail in Middlebury’s SMDVS Policy (see Section 10, Complaint Investigation and Resolution Procedures online at [www.middlebury.edu/about/handbook/misc/October#Investigation](http://www.middlebury.edu/about/handbook/misc/October#Investigation). The process for addressing complaints of sexual assault, domestic and dating violence, stalking and related retaliation is summarized below; in the event of any differences between the summary below and the more detailed terms of the investigation and resolution procedures published in the online SMDVS policy, the more detailed terms of the online investigation and resolution procedures will prevail.

*Any Middlebury student, faculty member, staff member or covered third party who has reasonable cause to believe that sexual misconduct (including sexual assault), domestic or dating violence, stalking and/or related retaliation has occurred or is occurring should report this information to the immediate attention of any of the following individuals: a HRO designated for the Middlebury program at issue; a JAO; and/or the Title IX Coordinator. Contact information can be found above or in Appendix B to Middlebury’s SMDVS policy.*

*A complaint may be made verbally (in person, by phone, or videoconferencing) or in writing (via mail or email) and will ultimately need to be recorded in written form by the complainant or a member of the staff involved with the investigation.*

*The HRO/JAO will promptly determine whether the report or complaint alleges conduct that may be prohibited by the SMDVS policy. The complainant’s request for confidentiality, if any, will be considered in accordance with Section 3 of the SMDVS policy. (See also How Middlebury Will Protect the Confidentiality of Victims, above). Requests for accommodations will be addressed in accordance with Section 6 of the SMDVS policy. See also Services and Accommodations, above.*

*If it is determined that an investigation and adjudication should proceed under the policy, the parties will be notified and an investigator will be appointed to conduct an investigation that is appropriate under the circumstances, and is prompt, thorough, fair, equitable, objective, and impartial. The investigator may consult with the HRO, and others as appropriate, on the strategic direction of the investigation and the preparation of investigation materials.*

*Once the HRO/JAO decides to pursue an investigation and adjudication, the procedures set forth in the SMDVS policy will apply regardless of where the alleged incident occurred (e.g., on Middlebury-owned or controlled property or off Middlebury-owned or controlled property). Middlebury retains sole discretion in determining whether or not to exercise jurisdiction over off-campus conduct. See also Section 11 of the SMDVS policy, “Scope of Oversight (Students).”*

*A No Contact Order is normally issued to restrict contact and communication between the complainant and the respondent for the duration of the investigation.*

*Middlebury’s investigation and adjudication process does not require or permit the complainant and respondent to interact or communicate directly or indirectly with each other concerning the process or the matter under investigation at any time. The parties are therefore not permitted to question or cross-examine each other during the course of the investigation.*

*To the extent permitted by law, the complainant and respondent will be afforded the same rights and opportunities throughout the investigation and adjudication process, including the opportunity to recommend witnesses and submit evidence. However, investigation logistics, including but not limited to the sequence of interviews, the decision to interview particular witnesses, and the decision to allow or consider evidence offered by the parties, are within the discretion of the HRO and/or investigator.*
*Complainants and respondents are entitled to the same opportunities to have an advisor of their choice present at any interviews, meetings, or proceedings that they are attending related to the investigation and adjudication process under this policy. The advisor may advise the complainant or respondent privately, but cannot act as a speaking advocate at a meeting. An investigator or other Middlebury representative may terminate meetings, remove or dismiss advisors, and/or proceed with the investigation or adjudication based on otherwise-available information if an advisor is disruptive or otherwise refuses to comply with the requirements of this policy.

*The complainant and respondent will be asked to identify, preserve, and submit all evidence pertaining to the matter under investigation, and to identify witnesses they believe may have relevant testimony to share. The investigator is not required to consider the evidence submitted or interview any particular witness, even if identified by one of the parties. However, in determining whether to interview witnesses or review evidence, the investigator should consider such factors as equity, fairness, thoroughness, and impartial treatment of both parties.

*All participants in the investigation are expected to cooperate fully by providing complete, accurate, and truthful information. They may also be expected to sign statements or other documents memorializing the information they provided, and may be asked to keep the substance of the interview confidential. Failure to cooperate fully with the investigator may subject the individual to the full range of disciplinary actions, as applicable.

*Formal rules of evidence applicable in court proceedings do not apply to the investigation and adjudication process.

*When the investigator determines that sufficient information has been collected to allow the investigator to make a recommended finding, the complainant and respondent may review the witness statements and evidentiary materials. They are also entitled to an individual meeting with the HRO, during which they will have a reasonable opportunity to comment on the content of the evidentiary materials. The investigator may be present at the meeting. The HRO meetings will normally be scheduled at least seven days after access to the initial evidentiary materials has been provided to the parties. The HRO has sole discretion to direct the parties to focus on relevant issues and/or limit redundancies, and to determine the overall length of the meeting.

*Each party may submit one character reference letter no later than seven days from the day the parties have been provided with access to the investigation materials.

*After considering the parties’ responses to the evidentiary materials and their character references and completing any additional investigation deemed appropriate, the investigator will submit a report to the HRO. The report will include the investigator’s recommended finding of whether the SMDVS policy (or other policies, as applicable) has/have been violated and the investigator’s rationale. The investigator’s recommendation will be based on the preponderance of evidence standard, i.e., whether it is more likely than not that the policy was violated. While the investigator may consult with the HRO and others as appropriate regarding the preparation of the report, the recommended findings are within the discretion of the investigator. The HRO will have access to all investigation materials, including character references.

*The JAO will provide both parties with access to the investigator’s report, and to any additional materials collected or generated after the initial investigation materials were shared with the parties, prior to the HRO’s issuance of a determination. Each party may submit a written response within seven days of receipt of access to these materials. The JAO/HRO may extend this deadline if warranted by the circumstances. Each party may request access to the other party’s written statement after both statements have been received by the JAO and the deadline has passed.

*If at any point prior to the issuance of an official determination new relevant evidence that will be used during the proceeding is identified, it will be shared with the complainant and respondent, who will have an opportunity
to submit a written response within a time frame determined by the HRO/JAO. The written responses, if submitted, will be shared with and considered by the HRO prior to the HRO’s issuance of an official determination. The HRO may move forward with a determination or may direct the investigator to pursue an additional investigation and supplement their report. If the report is supplemented the parties will have access to the report and any additional evidence and will have an opportunity to submit a written response by a deadline established by the HRO/JAO.

**Determination**
*After review of all of the evidence, the investigator’s report and recommended finding, and the parties written responses and character references, the HRO will issue a determination, in writing, as to whether allegations of sexual misconduct (including sexual assault), domestic violence, dating violence, stalking, related retaliation and/or any additional prohibited behaviors being investigated, are proven by a preponderance of the evidence. The HRO’s determination will be based on a preponderance of the evidence standard. The determination will contain an explanation for the rationale for the determination, including (1) how the evidence and information presented during the investigation and adjudication process was weighed; (2) how the standard of evidence was applied; and (3) how the evidence and information support the determination.*

*The complainant and respondent will be simultaneously informed, in writing, (a) of the HRO’s determination (that is, the result of the proceeding and the rationale); (b) of Middlebury’s procedures for complainants and respondents to appeal the HRO’s determination and/or actions imposed, if applicable; (c) of any change to the results of the disciplinary process that occurs prior to the time that such results become final; and (d) when such results become final.*

**Sanction**
*If the HRO finds that the respondent engaged in behavior that violates this policy (or other Middlebury policies under investigation, as applicable), the JAO will, in accordance with sections applicable to staff, faculty, and students, below, forward the case to the appropriate supervisory authority for the program at issue, who will assign a sanction or sanctions, and other actions as appropriate. See also the factors listed in Section (H) of the SMDVS policy.*

*If appeal rights exist, sanctions and other actions will go into effect at the expiration of the deadline for the submission of an appeal, if no appeal is submitted, or at the conclusion of the appeal process if applicable. If appeal rights do not exist, sanctions and other actions will go into effect immediately. This language does not preclude the possibility of emergency action as needed; please see Section 13, Emergency Withdrawal, Suspension or Expulsion of the SMDVS policy.*

*If the HRO finds that a staff member has engaged in conduct that violates this policy (or other Middlebury policies under investigation, if applicable), each party may submit to the JAO a Sanction Statement sharing any thoughts they would like to have considered in the determination of a sanction. The JAO will then provide the case materials, including the Sanction Statements, to the appropriate supervisory authority for the program at issue (e.g., the Middlebury College Human Resources Department). The JAO will also provide the Sanction Statements to the HRO, who after reviewing them will make a sanction recommendation to the appropriate supervisory authority. After review of the HRO’s recommendation, the supervisory authority will initiate procedures to determine and impose appropriate disciplinary action. Disciplinary sanctions for a finding of sexual assault, domestic or dating violence, stalking, or related retaliation may include written reprimands or termination of employment. Although sanctions for violations of the SMDVS policy can include any form of discipline as stated in this section, staff found to have committed sexual assault will most likely receive a sanction of termination of employment. Middlebury may also take other action as deemed appropriate under the circumstances (e.g., remedies applied to the respondent to address the needs of the complainant and/or the community, including but not limited to building restrictions, reassignment of work duties, training, modification of No Contact Orders to favor the complainant, and other actions to preserve the rights of the complainant and the community to a safe environment).*
*If the HRO finds that a faculty member has engaged in conduct that violates this policy, or other Middlebury policies under investigation, if applicable (absent or following an appeal by a Middlebury College faculty member in accordance with Section 10 (G) 3), if an appeal was granted), each party may submit to the JAO a Sanction Statement sharing any thoughts they would like to have considered in the determination of a sanction. The JAO will then provide the case materials, including the Sanction Statements, to the appropriate supervisory authority for the program at issue (e.g., the Middlebury College VPAA/Dean of Faculty, or the VPAA/dean of Schools). The JAO will also provide the Sanction Statements to the HRO, who after reviewing them will make a sanction recommendation to the appropriate supervisory authority. Sanctioning and appeals for faculty whose primary appointment is with the undergraduate college will follow the procedures for Middlebury College faculty, regardless of the program for which the individual was employed at the time of the incident.

*After review of the HRO’s recommendation, the supervisory authority will initiate procedures to determine and impose appropriate disciplinary action according to the procedures in existing Faculty Handbook policies and/or contracts, as applicable. Disciplinary sanctions for a finding of sexual assault, domestic or dating violence, stalking, or related retaliation may include written reprimands, salary freeze, or termination of employment. Middlebury may also take other action as deemed appropriate under the circumstances (including but not limited to remedies applied to the respondent to address the needs of the complainant and/or the community, including but not limited to building restrictions, reassignment of classes or other work duties, training, modification of No Contact Orders to favor the complainant, and other actions to preserve the rights of the complainant and the community to a safe environment).

*If the HRO finds that a student has engaged in conduct that violates this policy (or other Middlebury policies under investigation), each party may submit to the JAO a Sanction Statement sharing any thoughts they would like the appropriate authority to consider when assigning a sanction. The JAO will then provide the case materials, including the Sanction Statements, to the appropriate supervisory authority or authorities (e.g., director of the Bread Loaf School of English). The JAO will also provide the Sanction Statements to the HRO, who after reviewing them will make a sanction recommendation to the appropriate supervisory authority or authorities. When multiple supervisory authorities are involved in assigning sanctions, they may collaborate with each other as appropriate.

After a review of the HRO’s recommendation, the supervisory authority may impose disciplinary and/or other appropriate action. Prior conduct may be taken into account in the assignment of these actions.

Detailed information about disciplinary sanctions and their correspondence with conduct prohibited under this policy, can be found below and in the SMDVS policy, Appendix F, Sanctions. For a finding of sexual assault, domestic or dating violence, stalking, or related retaliation, sanctions could include written reprimands, probationary status, letters of official discipline, suspension, or expulsion from any or all Middlebury program(s) in which the student is enrolled or participating. Although sanctions for violation(s) of this policy can include any form of discipline as stated in this section, students found to have committed sexual assault will most likely receive a sanction of suspension or expulsion.

Middlebury may also take other non-disciplinary action as deemed appropriate under the circumstances (e.g., remedies applied to the respondent to address the needs of the complainant, including but not limited to room changes, class changes, building restrictions, extracurricular activity restrictions, modification of No Contact Orders to favor the complainant, and other actions to preserve the rights of the complainant to a safe environment). Middlebury may also provide notice of the matter to the appropriate supervisory authority of any Middlebury program in which the respondent intends to participate, who may consider this information in determining the respondent’s admission to the program and/or other program participation parameters, as appropriate. Notification of a finding of responsibility, sanction, or other action under this policy may also be provided to the home institution of non-Middlebury undergraduate and graduate students or any other program in which the student is enrolled or to which the student is pursuing enrollment.
If the conduct occurred during the course and scope of the student’s employment at Middlebury, the matter will be referred jointly to the Human Resources Department and the appropriate supervisory authority for the program at issue, as applicable, for disciplinary sanctions that may include written reprimands, or termination of employment, and/or written reprimands, probationary status, letters of official discipline, suspension, or expulsion from Middlebury, or other action as deemed appropriate under the circumstances. Additional non-disciplinary outcomes, such as training or extending and modifying mutual No Contact Orders, may also be imposed regardless of the finding.

*The complainant and respondent will be simultaneously informed, in writing, of (a) any disciplinary or other action arising out of an allegation of sexual misconduct (including sexual assault), domestic or dating violence, stalking, related retaliation or any other alleged policy violation that was investigated and adjudicated under this policy, and the rationale for the disciplinary and/or other action; (b) Middlebury’s procedures for complainants and respondents to appeal the HRO’s decision and/or discipline and/or actions imposed, if applicable; (c) any change to the results of a disciplinary process that occurs prior to the time that such results become final; and (d) when such results become final.

*In explaining the rationale for the result, the supervisory authority will indicate: (1) how the evidence and information presented during the investigation and adjudication process was weighed; (2) how the standard of evidence was applied; and (3) how the evidence and information support the sanction determination.

**Sanctions for Students**

**Sexual Assault** (includes rape, fondling, incest and statutory rape)

Possible sanctions: reprimand, probationary status, letter of official discipline, suspension or expulsion. In cases when a respondent is found responsible for committing sexual assault, suspension or expulsion is the likely outcome. If suspension (which ordinarily will not exceed one and one-half academic years) is assigned, its duration will be determined in part by complainant needs, and reinstatement or readmission criteria may include but are not limited to evidence of satisfactory progress by the respondent on relevant issues. The conditions of reinstatement or readmission will be communicated to both parties. If the respondent’s return will coincide with the complainant’s presence at Middlebury, additional accommodations for the complainant and/or conditions on the respondent to preserve the right of the complainant to a safe environment may be assigned, including but not limited to room assignment consideration, class changes, No Contact Order adjustments, and/or building or extracurricular activity restrictions.

**Domestic or Dating Violence, Stalking and Related Retaliation**

Possible sanctions: reprimand, probationary status, letter of official discipline, suspension or expulsion. If suspension (which ordinarily will not exceed one and one-half academic years) is assigned, its duration will be determined in part by complainant needs, and reinstatement or readmission criteria may include but are not limited to evidence of satisfactory progress by the respondent on the issues at hand. The conditions of reinstatement or readmission will be communicated to both parties. If the respondent’s return will coincide with the complainant’s presence at Middlebury, additional accommodations for the complainant and/or conditions on the respondent to preserve the right of the complainant to a safe environment may be assigned, including but not limited to room assignment consideration, class changes, No Contact Order adjustments, and/or building or extracurricular activity restrictions.

**Sanctions for Staff**

Possible sanctions for a staff member found to have committed sexual assault, domestic or dating violence, stalking, or related retaliation may include written reprimands or termination of employment. Although sanctions for violation(s) of this policy can include any form of discipline as stated in this section, staff members found to have committed sexual assault will most likely receive a sanction of termination of employment. Middlebury may also take other action as deemed appropriate under the circumstances (e.g., remedies applied to the respondent to address the needs of the complainant and/or the community, including but not limited to building restrictions,
reassignment of work duties, training, modification of No Contact Orders to favor the complainant, and other actions to preserve the rights of the complainant and the community to a safe environment).

**Sanctions for Faculty**
Sanctions for faculty whose primary appointment is with the undergraduate college will follow the procedures for Middlebury College faculty, regardless of the program for which the individual was employed at the time of the incident. Disciplinary actions will be determined and assigned according to the procedures in existing Faculty Handbook policies and/or other contracts or handbooks, as applicable to the faculty member and/or program at issue. Possible disciplinary sanctions for faculty found to have committed sexual assault, domestic or dating violence, stalking, or related retaliation may include written reprimands, salary freeze, or termination of employment. Middlebury may also take other action as deemed appropriate under the circumstances (including but not limited to remedies applied to the respondent to address the needs of the complainant, including but not limited to building restrictions, reassignment of classes or other work duties, training, modification of No Contact Orders to address the needs of the complainant and/or the community, and other actions to preserve the rights of the complainant and/or the community to a safe environment).

**Appeals**
*In cases where the respondent is a student or faculty member, the complainant and the respondent each have the right to an appeal. Appeals are accepted on the basis of one or more of the following:

- discovery of significant new factual material not available to the HRO that could have affected the original result; however, prior omission of factual information that the appealing party knew or should reasonably have known about is not a ground for an appeal;
- procedural error where the error prevented fundamental fairness;
- abuse of discretion in the issuance of a sanction, meaning that the appropriate supervisory authority imposed a sanction significantly disproportionate to the offense.

For more information See **Section 10 (J), Appeals**, of the SMDVS policy.

**Time Frames for the Investigation, Adjudication, and Determination of Sanctions**
Middlebury endeavors to limit the period from the commencement of an investigation through its resolution (finding and sanction, if any), exclusive of any appeal(s), to sixty (60) calendar days. This time frame may be extended for good cause, which may exist if additional time is necessary to ensure the integrity and completeness of the investigation, to comply with a request by external law enforcement for temporary delay to gather evidence for a criminal investigation, to accommodate the availability of witnesses, to account for Middlebury breaks or vacations, to account for complexities of a case, including the number of witnesses and volume of information provided by the parties, or for other legitimate reasons. Once the investigation and adjudication process is initiated under the SMDVS policy, the parties will be given notice of the date and time of any related meetings, interviews or proceedings that they may attend. While each party may have an advisor of choice, Middlebury will not permit advisor scheduling to unreasonably delay or extend the investigation and/or adjudication process. The JAO will notify the parties in writing of any extension of this time frame and the reason for such extension. The JAO will also consider extension requests from the parties.

Absent extenuating circumstances, the appropriate supervisory authority or responsible official will issue a decision regarding discipline and/or other appropriate action (for example, in the case of a faculty respondent who is subject to the Middlebury College Faculty Handbook, initiation of a Misconduct Review), to the extent applicable, within 5 days after the deadline for submission of Sanction Statements by the parties, or within 5 days after completion of any appeals of the HRO’s original determination, as applicable (see “**Appeals in Middlebury College Faculty-Respondent Cases**”). In faculty or staff matters, this time period may be shorter or longer depending on the circumstances, including any contractual rights of the parties.
Training of Individuals Conducting Investigations and Adjudications

Individuals conducting investigations and adjudications under Middlebury’s SMDVS policy will receive training annually on issues related to sexual misconduct (including sexual assault), domestic violence, dating violence, stalking, and related retaliation, and on how to conduct a prompt, fair, and impartial investigation and/or adjudication process that protects the safety of complainants and promotes accountability. The annual training is typically delivered in-person and includes, for example, investigatory techniques based on best practices; how to properly, fairly and thoroughly question parties and witnesses; Middlebury’s policy and procedures; and review of applicable laws and regulations. HROs, JAOS, and the Title IX Coordinator also receive trainings beyond the annual live training described above.

Written Notice of Rights and Options Provided to Students or Employees Who Report that They Have Been a Victim of Domestic Violence, Dating Violence, Sexual Assault, or Stalking

When a student or employee reports to Middlebury that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the institution will provide the student or employee a written explanation of the student’s or employee’s rights and options, as described in this Annual Security Report and in applicable paragraphs of the Clery Act regulations. Specifically, in sum, students, faculty, staff or covered third parties who report that they have been a victim of domestic violence, dating violence, sexual assault or stalking, whether the offense occurred on or off campus, shall be provided with written notification of:

*Existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for reported victims both on and off campus;

*Options for, available assistance with, and how to request, changes to academic, living, transportation and working situations or protective measures, if so requested by the victim and if such accommodations are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Middlebury must make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement;

*Possible sanctions or protective measures that Middlebury may impose following a final determination under its Policy Against Sexual Misconduct, Domestic and Dating Violence and Misconduct, and Stalking;

*The importance of preserving evidence as may be necessary to the proof of criminal domestic violence, dating violence, sexual assault, or stalking or in obtaining an order of protection;

*Information about reporting to campus officials;

*Options to notify law enforcement (and the option not to) and to be assisted by Middlebury officials in doing so;

*The rights of reported victims, where applicable, and Middlebury’s responsibilities regarding orders of protection, No Contact Orders, No-Trespass Notices, restraining orders, or similar lawful orders issued by a criminal, civil or tribal court;

*Information about how Middlebury will protect the confidentiality of reported victims in reference to publicly available recordkeeping (including Clery Act reporting and disclosures) and accommodations or protective measures;

*Information about Middlebury’s procedures for investigating and adjudicating complaints of sexual misconduct (including sexual assault), domestic violence, dating violence and stalking, including notification to the parties of the outcome.

**Sex Offender Registry**

**Campus Sex Crime Prevention Act**
The federal Campus Sex Crimes Prevention Act requires that sex offenders must register, and keep the registration current, in each jurisdiction where the offender resides, where the offender is an employee, and where the offender is a student. An employee includes “an individual who is self-employed or works for any other entity, whether compensated or not.” The term student means “an individual who enrolls in or attends an educational institution (whether public or private) ... including an institution of higher education.” See 42 U.S.C. §§ 16913 & 16911.

The law requires higher education institutions to issue statements advising campus communities about where they can obtain law enforcement-agency-based, state-provided information concerning registered sex offenders.

**Middlebury College, Middlebury, Vermont**
In Vermont convicted sex offenders must register with the Vermont Criminal Information Center, which is maintained by the Vermont Department of Public Safety. Any person requesting, in accordance with the law, information on specific offenders may obtain that information.

In 1996, with the passage of 13 VSA, Chapter 167, Subchapter 3, the Vermont Sex Offender Registry was established at the Vermont Crime Information Center (VCIC). You can contact the Vermont Criminal Information Center either at http://vcic.vermont.gov/ or (802) 241-5400.

According to the State of Vermont’s Department of Public Safety Crime Information Center, local law-enforcement agencies and the Vermont Crime Information Center are authorized to release relevant registry information to the public when requestors can articulate a specific concern about their safety or the safety of another. State statute requires that the requestor provide the subject’s name as the basis for the query. Queries made to law enforcement agencies or VCIC may not be done by street address, town or county.

The registry information may also be disclosed to the following agencies, organizations, or persons:

- Local, state, and federal law-enforcement agencies exclusively for law-enforcement purposes;
- State and federal governmental agencies for the exclusive purpose of conducting confidential background checks;
- Any employer, including a school district, who is authorized by law to request records and information from the Vermont Crime Information Center where such disclosure is necessary to protect the public concerning persons required to register under this subchapter;
- A person identified as a sex offender in the registry for the purpose of reviewing the accuracy of any record relating to them.

The registry is prohibited from releasing lists of offenders in response to general questions regarding sex offenders’ whereabouts in particular communities. Victims' identities shall not be released.

Anti-Harassment/Discrimination Policy
Middlebury College (“Middlebury”) is committed to maintaining a diverse and inclusive campus environment where bigotry and intolerance are unacceptable. Discrimination and harassment, including sexual harassment, and related retaliation, as defined by applicable law and the corresponding terms of this policy, are antithetical to Middlebury’s mission. Middlebury strictly prohibits conduct that constitutes unlawful discrimination and harassment, including sexual harassment, as well as related retaliation, as defined in its policy. Middlebury will take reasonable and appropriate remedial action to prevent unlawful discrimination, harassment, and related retaliation, eliminate any hostile environment, prevent its recurrence, and correct its discriminatory effects on the complainant and others, if applicable.

Except as otherwise specified herein, this Anti-Harassment/Discrimination Policy applies to faculty, staff, students, and applicants (for employment to Middlebury’s programs; hereinafter referred to as “applicants”) as well as to others who participate in Middlebury programs and activities, including the undergraduate college, the Language Schools, the School of the Environment, MiddCORE, Bread Loaf School of English, Bread Loaf Writers’ Conference, Middlebury C.V. Starr Schools Abroad, and the Middlebury Institute of International Studies at Monterey (“the Middlebury Institute“). Procedures for filing and resolving complaints of unlawful discrimination and harassment, including sexual harassment and related retaliation in such programs are set forth in the policy which is available at [www.middlebury.edu/about/handbook/misc/antiharassment](http://www.middlebury.edu/about/handbook/misc/antiharassment); however, where applicable law mandates different procedures and/or policies with respect to Middlebury programs outside Vermont, those procedures and/or policies will apply.

Middlebury does not discriminate on the basis of sex in its education programs and activities, and Title IX of the Education Amendments of 1972 as amended (“Title IX”), as well as applicable state law, requires that it not discriminate in such a manner. Prohibited sex discrimination includes sexual harassment and sexual misconduct (which includes sexual assault and sexual exploitation) as defined by Middlebury’s policies. Middlebury’s Compliance Officer/Title IX Coordinator is responsible for coordinating Middlebury’s efforts to comply with and carry out its responsibilities under Title IX (contact information is listed in Appendix A to Middlebury’s Anti-Harassment/Discrimination policy). The Title IX Coordinator’s responsibilities include overseeing all Title IX complaints and identifying and addressing any patterns or systemic problems that arise during the review of such complaints. Inquiries concerning the application of Title IX may be referred to the Compliance Officer/Title IX Coordinator or to the United States Department of Education Office for Civil Rights (contact information is listed in Appendix A to Middlebury’s Anti-Harassment/Discrimination policy). See also Middlebury’s Nondiscrimination Statement.

Printed copies of these policies are also available upon request at a number of Middlebury offices, including Vice President for Student Affairs and Dean of the College, Dean of Students, Commons deans, Vice President for Academic Affairs and Dean of the Faculty, Dean of Language Schools, Vice President for Academic Affairs and Dean of Schools, Public Safety, Human Resources, Vice President for Human Resources and Chief Risk Officer, Title IX Coordinator/Compliance Officer and the Bread Loaf director.
All members of the Middlebury community (faculty, staff, and students) and applicants have the right to pursue discrimination and harassment complaints, including sexual harassment and related retaliation, beyond Middlebury, utilizing local, state, or federal enforcement agencies, including local and state police agencies, as appropriate, regardless of whether they choose to file a complaint under this policy (see contact information in Appendix A to the Anti-Harassment/Discrimination policy). The agencies listed in Appendix A can conduct impartial investigations, and facilitate conciliation, and if an agency finds that there is probable cause or reasonable grounds to believe that unlawful harassment, discrimination, or retaliation has occurred, it may take the case to court.

There are certain time deadlines for the filing of complaints with state and federal agencies and/or state or federal court. Therefore, individuals who choose to pursue harassment, discrimination, or retaliation charges beyond Middlebury’s procedures should contact these agencies or their attorney for further assistance (see Appendix A to the Anti-Harassment/Discrimination policy).

There are many resources available to individuals who are involved in some way with an incident of discrimination, retaliation, or harassment, including sexual harassment. Please see Appendices A & B to the Anti-Harassment/Discrimination policy for contact information and resources.

Faculty, staff or students found to have violated Middlebury’s Anti-Harassment/Discrimination Policy may be subject to the full range of disciplinary actions, as applicable, up to and including termination of employment, suspension, or expulsion.

*A description of Middlebury’s disciplinary sanctions that will be imposed on students and employees for the unlawful possession, use, or distribution of illegal drugs and alcohol, up to and including expulsion or termination of employment.

Middlebury’s Alcohol and Other Drugs Policy

Introduction
Middlebury College is committed to promoting individual and community health, safety, and responsibility. We expect all students to observe local, state, and federal laws governing the possession, use, and furnishing of alcoholic beverages and controlled substances, also referred to as illegal drugs. We have also committed to ensuring that, in accordance with the Drug Free Schools and Community Act of 1989, our policies concerning alcohol and drugs are clear, readily understood, and applied consistently and equally to all students. When alcohol violations occur, students may face disciplinary action. Serious incidents that put a student or others at risk of
harm, as well as repeated offenses, require a more vigorous response, including referral to counseling or a treatment facility, a leave of absence, and/or disciplinary outcomes as appropriate.

Therefore, the College will:

a. Inform students of federal, Vermont, and local laws, and the policies of Middlebury College, to which they are accountable.

b. Encourage an environment of enriching extracurricular and social opportunities that includes substance-free events and healthy venues for students of legal age who choose to drink.

c. Educate members of the community through academic and student life programs and policies about the role of alcohol and drugs in our society, safe and responsible decisions around alcohol consumption, and the negative individual and community consequences of abuse.

d. Where appropriate, provide educational and health services to students who choose to use alcohol or drugs, who experience negative consequences, or who violate the commitment to individual and community safety.

Policies
All students, faculty, staff, and visitors are subject to local, state and federal laws, as well as College drug and alcohol policy rules and regulations, while on College-owned or leased properties or involved with off-campus activities sponsored by the College or a registered College organization. The College does not protect students from prosecution for drug or alcohol offenses under local, state, or federal laws, and does not interfere with legitimate law enforcement activities. Law enforcement officers may have a legal right to search individuals, and with consent or proper documentation may search property—including College residence hall rooms—without prior notice. The College also reserves the right to furnish the police with information regarding alleged illegal activities.

In order to preserve the safety of our residents, the State of Vermont and Middlebury College both adhere to policies that limit disciplinary consequences when appropriate care is sought for individuals in drug- or alcohol-related distress. Please see Good Samaritan Policy below for more information. Additionally, if student health and safety concerns resulting from a student’s use of alcohol and/or drugs arise, parents or guardians may be notified. See Health and Community Responsibility below for more information.

Alcohol
The following actions are prohibited:

a. Underage drinking. Only persons of legal age (21 or older in the United States, and as defined by the laws of a foreign host country) may possess or consume alcoholic beverages. Legal proof of age, such as a valid driver’s license, state issued liquor identification card, or a passport, may be required.

b. Purchasing, serving, or furnishing alcohol for or to a minor.

c. Selling, manufacturing, or distributing alcohol illegally.

d. Possession, production, or provision of false identification.

e. Operating a motor vehicle while under the influence of alcohol or other drugs. Driving on or off campus under the influence of drugs or alcohol is prohibited: fines are assessed, and driving privileges on campus will be suspended. Students who are charged by law enforcement officers with Driving Under the Influence (DUI) and are awaiting the court outcome shall have their campus driving privileges suspended pending the court disposition. In
those incidents where the DUI involves an accident with injuries to others, or other exceptional factors, immediate College disciplinary action may take place.

f. Violating Middlebury College Party Regulations. Party Regulations may be found in the Office of the Dean of Students and the Department of Public Safety, and at go/party. Small, informal gatherings held in individual rooms, suites, and small houses occupied by students of legal age, at which alcoholic beverages are consumed, do not have to be registered. Residents of the living space will be treated as “party hosts,” and held responsible for the actions of individuals in attendance. Students are responsible for unregistered gatherings and related activities that occur in their rooms, whether or not they are present.

g. Bringing alcohol to a College event, or leaving a College event with alcoholic beverages provided at the event.

h. Possessing alcoholic beverages in unauthorized spaces. Open containers of alcohol are prohibited in public spaces, or outside on the campus grounds, unless the area has been designated for a registered or catered event. For purposes of this policy, residential hallways are normally considered private spaces. Students of legal age may transport open alcohol containers for personal use within residence halls, but the use of hallways for parties is prohibited. Individual Commons may designate certain spaces in residence halls as senior commons rooms; these spaces will be considered private.

i. Possession of alcohol in first-year residence halls.

j. Possession by students of legal drinking age of kegs or common containers (e.g., punch bowls) in a residential space without advance registration with the Office of the Dean of Students. Unauthorized kegs or common containers will be confiscated along with taps. The Department of Public Safety will return confiscated kegs and taps to the vendor.

k. Engaging in drinking games and other behaviors designed for the purpose of becoming intoxicated through the abusive use of alcohol (e.g., funnels, keg stands, “around-the-world” parties, and other alcohol consumption based on speed and/or volume, etc.).

l. Administering alcohol to individuals against their will and/or without their knowledge.

Because hard alcohol has been shown to correlate strongly with serious health risks, as well as negative impact on the community, the consequences for possession of hard alcohol will normally be more severe than those outlined above.

Disciplinary outcomes and/or health and educational requirements may also result from alcohol policy violations that do not include the issuance of citations. While discipline is cumulative at Middlebury, which may mean the assignment of greater sanctions for repeated or accumulated violations, it is not progressive. That is, depending on the severity of the violation, a student may receive any sanction, even for a first offense.

**Drugs**
The following actions are prohibited:

a. Using, or possessing illegal drugs.

b. Using, possessing, selling, distributing or manufacturing prescription medication without a properly issued prescription.

c. Distributing, selling, or possessing with the intent to distribute illegal drugs or controlled substances.
d. Growing and/or manufacturing any illegal substance.

e. Possession of drug paraphernalia that has been used.

f. Administering drugs to individuals against their will and/or without their knowledge.

Middlebury will respond to students who engage in prohibited behavior involving drugs through the General Disciplinary Processes, as well as with health, safety, and educational referrals and requirements, and/or law enforcement involvement, as appropriate.

**Health and Community Responsibility**

Middlebury College believes that alcohol and other drug-related problems affect our entire community and that each of us has a responsibility to help safeguard the community health by respecting College policy and intervening in situations of abuse. Any member of the College community having knowledge of an individual on campus who is abusing alcohol or in possession of or using illegal drugs is urged to encourage the individual to seek counseling and/or medical assistance. All members of the community are also expected to help protect the community health by informing appropriate College staff members of instances of drug distribution and/or sales.

Involvement with or dependency upon drugs or excessive or illegal use of alcohol is viewed by the College as a health concern, as well as a disciplinary matter. Any time a Commons dean has reasonable concerns that a student’s health is being compromised by alcohol or other drug use (even in cases where no concrete evidence or direct witness is involved), a drug and/or alcohol consultation or assessment, on or off campus, may be required. In addition, the dean may notify the student’s parents or guardian of concerns about the student’s drug or alcohol use.

**Good Samaritan Policy**

Middlebury’s Good Samaritan Policy is intended to encourage students to seek swift medical assistance for themselves and others without fear of penalty. Our primary concern is the health and safety of our students. We urge students not only to take care of their own wellbeing, but to behave in an equally responsible way with their peers.

There may be times when safety concerns arise from a student’s excessive drinking or drug use, and in these situations, students should not hesitate to seek help from the Student Life staff, Public Safety, medical or counseling professionals, and/or local or state police out of fear of disciplinary action. Under this Good Samaritan policy, neither the student in distress nor the student or organization seeking assistance will ordinarily be subject to disciplinary action for the possession, provision, or consumption of drugs or alcohol.

This policy refers to isolated incidents only, and does not excuse or protect those who flagrantly or repeatedly violate the Alcohol and Other Drugs Policy, nor does it preclude disciplinary action arising from violations of other College policy. However, in cases involving additional policy violations, Middlebury will consider the positive impact of reporting an incident as well as the health and safety needs of the involved student(s) when determining the appropriate course of action.

This policy cannot protect students from action by law enforcement personnel, but it is consistent with a law enacted by Vermont in June 2013 that provides limited immunity from prosecution to a witness or victim of a drug or alcohol overdose who seeks medical assistance to save the life of an overdose victim. For more information about this act, please see [Drugs and Alcohol: Policies, Laws and Resources](#).

Additional penalties will be imposed if the minor gets in an automobile accident that causes death or serious bodily injury to him/herself or others (prison term of up to 5 years or a fine of up to $10,000, or both). “Enable the consumption of” alcohol means creating a direct and immediate opportunity for a person to consume alcohol.

**Limited Immunity from Liability for Reporting a Drug or Alcohol Overdose (18 V.S.A. § 4254)**

Vermont law provides limited immunity from citation or arrest of prosecution for a person who, in good faith and in a timely manner, seeks medical assistance for someone who is experiencing a drug or alcohol overdose or for themselves if they are experiencing a drug or alcohol overdose.
Driving Under the Influence of Alcohol (23 V.S.A. § 1201)

A person shall not operate, attempt to operate, or be in actual physical control of any vehicle on a highway:

(1) when the person's alcohol concentration is 0.08 or more, or 0.02 or more if the person is operating a school bus; or

(2) when the person is under the influence of intoxicating liquor; or

(3) when the person is under the influence of any other drug or under the combined influence of alcohol and any other drug; or

(4) when the person's alcohol concentration is 0.04 or more if the person is operating a commercial motor vehicle.

"Under the influence of a drug" means that a person's ability to operate a motor vehicle safely is diminished or impaired in the slightest degree.

Information and Resources
The use of illicit drugs and the unlawful possession and use of alcohol is wrong and potentially harmful. Abuse of alcohol and drugs can have a dramatic impact on professional, academic, and family life. We therefore encourage staff, faculty, and students experiencing difficulty with drugs or alcohol to contact one of the many resources available on or off campus. It is important that all members of our community know where help is available for those who need it. Resources and information regarding health risks and resources are available below.

Health Risks Associated with Alcohol

According to the Centers for Disease Control and Prevention ("CDC"):

“Drinking too much can harm your health. Excessive alcohol use led to approximately 88,000 deaths and 2.5 million years of potential life lost (YPLL) each year in the United States from 2006–2010, shortening the lives of those who died by an average of 30 years. Further, excessive drinking was responsible for 1 in 10 deaths among working-age adults aged 20-64 years. The economic costs of excessive alcohol consumption in 2010 were estimated at $249 billion, or $2.05 a drink.”

CDC Fact Sheets: Alcohol Use and Your Health
www.cdc.gov/alcohol/fact-sheets/alcohol-use.htm

The Standard Measure of Alcohol

In the United States, a standard drink is any drink that contains 0.6 ounces (14.0 grams or 1.2 tablespoons) of pure alcohol. Generally, this amount of pure alcohol is found in

- 12-ounces of regular beer or wine cooler.
  - 8-ounces of malt liquor.
  - 5-ounces of wine.
- 1.5-ounces of 80-proof distilled spirits or liquor (e.g., gin, rum, vodka, whiskey).

What is Excessive Drinking?

Excessive drinking includes binge drinking, heavy drinking, and any drinking by pregnant women or people younger than 21.

- Binge drinking
  - For women, 4 or more drinks during a single occasion.
  - For men, 5 or more drinks during a single occasion.
  - Heavy drinking.
  - For women, 8 or more drinks per week.
  - For men, 15 or more drinks per week.

According to the Dietary Guidelines for Americans, if you drink alcoholic beverages, do so in moderation, which is defined as no more than 1 drink per day for women and up to 2 drinks per day for men. However, there are some persons who should not drink any alcohol, including those who are:

- Pregnant or may be pregnant.
- Taking certain prescription or over-the-counter medications that can interact with alcohol.
- Younger than age 21.
- Recovering from alcoholism or are unable to control the amount they drink.
• Suffering from certain medical conditions.
• Driving, planning to drive, or participating in other activities requiring skill, coordination, and alertness.

By adhering to the Dietary Guidelines, people can reduce the risk of harm to themselves and others.

Short-Term Health Risks

Excessive alcohol use has immediate effects that increase the risk of many harmful health conditions. These are most often the result of binge drinking and include the following—

• Injuries, such as motor vehicle crashes, falls, drownings, and burns.
• Violence, including homicide, suicide, sexual assault, and intimate partner violence.
• Alcohol poisoning, a medical emergency that results from high blood alcohol levels.
• Risky sexual behaviors, including unprotected sex or sex with multiple partners. These behaviors can result in unintended pregnancy or sexually transmitted diseases, including HIV.
• Miscarriage and stillbirth or fetal alcohol spectrum disorders (FASDs) among pregnant women.

Long-Term Health Risks

Over time, excessive alcohol use can lead to the development of chronic diseases, neurological impairments and social problems. These include but are not limited to—

• High blood pressure, heart disease, stroke, liver disease, and digestive problems.
• Cancer of the breast, mouth, throat, esophagus, liver, and colon.
• Learning and memory problems, including dementia and poor school performance.
• Mental health problems, including depression and anxiety.
• Social problems, including lost productivity, family problems, and unemployment.
• Alcohol dependence, or alcoholism.

Rethinking Drinking

Blood Alcohol Concentration

Determining how, when, and how much alcohol to drink can be difficult for many individuals who are faced with social pressure, limited information about alcohol use, and often a lack of prior experience. It is important to know that there a point at which what are often considered some of the desirable effects of alcohol (e.g. a sense of euphoria, increased social confidence, lowered inhibitions) diminish and undesirable effects (e.g. nausea, loss of motor control, depressed feelings) increase.

Understanding blood alcohol content (BAC) is helpful in determining where the plateau of desirable effects might be for individuals. BAC is estimated using a person's weight, sex, the number of standard drinks consumed (see the
guide below for measuring standard drinks), and the time during which those drinks were consumed. BAC estimations do not account for an individual’s metabolic rate or tolerance for alcohol. Remember that a standard drink for BAC calculation purposes may be different than what individuals may consider a typical amount of alcohol to consume.

Health Risks Associated with Drugs:

According to the United States Drug Enforcement Agency:

“You hear about drugs on TV and in the movies, on the radio, in books and magazines, on the Internet, and in daily conversation with friends and peers. Some of the information is accurate, but a lot of it is not.

Here are a few realities to consider:

- You can’t predict the effect that a drug can have on you—especially if it’s the first time you try it, and even if it’s a small amount or dose. Everyone’s brain and body chemistry are different. Everyone’s tolerance for drugs is different.
- Using drugs can lead to abuse, addiction, serious health problems, and even death.
- Drugs that are legal—prescription and over-the-counter (OTC) medications—can be just as dangerous as illegal drugs.

Firearms and Weapons Policies

Middlebury College Weapons Regulations
A weapon as used in this policy means any firearm, explosive, knife (with a blade six inches or longer in length or with a blade less than six inches which, by design, can be used as a weapon, such as a switchblade or double-edged blade) or other object that has been designed with the intent to harm a person or deface property.

Weapons are prohibited on the Bread Loaf campus. Replicas of weapons are also prohibited unless they are possessed or stored in accordance with the Exceptions and Storage policies below. Discovery of a weapon in a College building, residence hall, on College grounds, locked in a vehicle on College grounds, or in the possession of a student or employee on campus, or any other violation of the weapons regulations, may result in confiscation of the weapon and disciplinary action against the owner and/or person in possession.

Exceptions
Matriculated students and students enrolled in a Middlebury program and living on campus are permitted, in accordance with Vermont law, to possess weapons for hunting and related activities, such as target practice. A handgun is only allowed to be on campus if it is a duty weapon issued or authorized by the student-owner’s employer. All weapons must be registered and stored with the Department of Public Safety.

Due to their realistic likeness to weapons and potential for causing community alarm, possession or use of toy or replica weapons in a College-sanctioned activity or academic program must be approved in advance by the Department of Public Safety.

Storage
Storage is limited to one firearm per person. Permission to store additional weapons may be granted by the Director of Public Safety upon written request. All owners will abide by the firearms storage policy concerning storage time limits and penalties.
Middlebury College firearm permits shall be issued for one academic year or the length of the student’s program. Owners must claim their weapon(s) at the close of the academic term or at any time they move out of campus student housing. Firearm permits may be renewed upon request.

When permits are granted, the make, model, serial number, and caliber of the weapon shall be recorded on the permit and filed with the Department of Public Safety.

A firearm permit may be revoked for any violation of rules governing the possession of firearms.

**Fire Safety Report**

**Fire Safety**
The Ripton Volunteer Fire Department will respond to any report of fire at or near the Bread Loaf campus. Many of the Bread Loaf campus buildings are equipped with fire alarm systems that send a signal to the Public Safety Department on the main campus. For a complete list of fire safety systems, see the chart in this section of the document.

**Fire Safety Education and Training programs**
The Environmental Health and Safety coordinator conducts trainings for faculty and staff during new employee orientation. All new employees are trained on fire safety and evacuation procedures. Annual training on fire safety, fire extinguisher and evacuation procedure is required for Facilities Services staff and Dining staff.

Every guest room at Bread Loaf is equipped with emergency evacuation information including primary and secondary exit routes. These posters are located on the back of every guest room door.

To help prevent fires on campus, please observe the following:

- Keep room entries, exits, and hallways free of potential obstructions, such as boxes, bicycles, and mattresses.
- Don’t overload outlets.
- Avoid using extension cords whenever possible.
- Don’t build or place anything over the room’s radiator that will disrupt the free flow of air around it.
- Always leave magnifying mirrors face down so they won’t magnify sunlight.
- You may not use candles, halogen lamps, or portable heaters.
- Avoid hanging lights and paper together. Don’t hang lights or streamers on the side of doors facing corridors.
- No smoking.
- For office spaces permitted to have Christmas trees, the tree must be properly treated and kept away from heat sources. You must turn off tree lights before leaving your office. Student rooms and suites may not have Christmas trees.
Fire Safety Systems
The buildings on the Bread Loaf campus are equipped with modern life-safety systems to ensure your safety and security. There are a variety of life-safety systems you should be aware of. Each residential building is equipped with two types of alarms: smoke and carbon monoxide.

Automated alarm systems are located in the Inn, the Annex, the Barn, Birch, Cherry, Larch, Maple, Treman, and Tamarack.

All other Bread Loaf residential buildings are equipped with standard smoke and carbon-monoxide detectors. When in alarm, the siren will sound and a voice command will tell you to evacuate and will tell you “fire” or “carbon monoxide.” For carbon-monoxide alarms, you must immediately evacuate. For fire alarms, please assess the situation. Do you see smoke or fire? If there’s fire, evacuate immediately and call 911. Don’t reenter the building until instructed to do so. If there’s no smoke and no fire, but the alarm is sounding, please call the Bread Loaf emergency line (x 2911 or 802-443-2911).

The larger buildings are equipped with sprinkler systems which will activate if there’s a fire. Please don’t use sprinkler heads and pipes to hang items from. This can cause the sprinkler system to release water, which in turn can cause property damage.

Facilities Services regularly tests all of the sprinkler systems in the large dorms, as well as testing and annually cleaning all the fire-alarm systems. A College technician will be notified of any reported alarm or system trouble and test or repair systems on the Bread Loaf campus. These technicians annually are responsible for changing smoke detectors, and annually test exit signs, emergency lights, and fire extinguishers.

**Central System:** These systems sound at the building when activated and send a signal or alarm to the Public Safety alarm receiver at 125 South Main Street, Middlebury.

**Unsupervised:** Smoke or CO detectors are not connected to a fire panel. These devices are located in some small houses or residential rooms and provide an audible signal for the occupant.

If Middlebury determines in the future that improvements in fire safety should be made, it will implement such changes and, to the extent applicable, will reflect such changes in future annual fire safety reports.

Fire Evacuation Drills
There have not been any fire drills conducted on the Bread Loaf campus.

Fire Evacuation Procedure for Students and Employees
Familiarize yourself with your building’s evacuation procedures. Locate the nearest exit and fire extinguisher.

- If you smell smoke or detect a fire, activate the nearest alarm, if possible, and call 911 from a safe location.
- In the event of a fire, the sirens will sound and the red light on the outside of your house will be flashing. Evacuate immediately and do not reenter the building until instructed to do so.
- In the event of a carbon-monoxide alarm, the sirens will sound and the blue light on the outside of your house will be flashing. Evacuate immediately and do not reenter the building until instructed to do so.
- Evacuate as soon as you hear the alarm.
- Before opening any door, use the back of your hand to test its temperature. Also check the doorknob’s temperature. If either is hot, leave the door closed, stuff towels or clothes in the cracks, and open a window. Look for another exit.
- If the door isn’t hot, open it slowly and be prepared to close it quickly if necessary.
- In a smoke-filled area, keep low to the floor to avoid inhaling smoke.
- If you see or smell smoke in a hall or stairway, use another exit.
- Close doors as you leave.
- Exit the building cautiously. Carry a towel or blanket to protect yourself from flames or smoke.
- If the exit is blocked, return to your room; close the door, open a window and call for help.
- If there’s a fire, don’t use any elevators.
- Report to your emergency assembly point and check in with your program host. Report anyone who might be missing.
- Do not re-enter the building until Bread Loaf maintenance staff or the Fire Department has indicated that it is safe to re-enter.
- Once you’ve safely evacuated, please call 911.

Bread Loaf has two evacuation sites. The Bread Loaf Inn Lobby for all buildings evacuation except if the emergency is at the Inn. The Bread Loaf Barn Main Social Space is the evacuation site for the Inn.

Fire Safety Residential Policies
Middlebury’s policies on fire safety, prohibited items such as portable electronic devices, open flames, etc., are all contained in the College Handbook under Residential Policies.

The list of prohibited actions and items is as follows:

- Nothing may be hung from a sprinkler apparatus. The room entry and exit must be clear.
- Smoking is prohibited in all campus buildings, including the small residential houses. This includes porches, balconies, decks, or within 25 feet of any part of the building structure. E-cigarette smoking is also prohibited in campus buildings.
• Fire Safety violations include but are not limited to: possession of new or burned candles, incense, halogen lamps, portable heaters, string lights (with the exception of rope lights), dangerous chemicals, fireworks or hazardous materials.

• Fire safety violations also include blocking the means of egress, or hanging tapestries on more than two non-adjacent walls and/or the ceiling. Discovery of any of these violations will result in confiscation and disposal of the prohibited item, fines, and the possibility of additional disciplinary measures.

• Use of fire, or lighting a fire without an authorized fire permit, inside or outside of buildings, other than smoking in authorized outdoor spaces, is prohibited. The use of outdoor grills is limited to authorized locations at small houses and must be approved before use. The use of portable fire pits is prohibited.

• Tampering with fire- or life-safety equipment is prohibited and subject to fines. “Fire- and life-safety equipment” includes fire alarms, equipment, pull stations, extinguishers, and hydrants, smoke detectors, smoke detector batteries, carbon monoxide detectors, and sprinklers.

• Fire escapes may only be accessed during fire drills or a fire emergency.

• Failure to exit when the alarm is sounding will result in fines.

Fire Log

Anytime that there is an incident of fire on campus, the information is recorded in the fire log. The logs are organized chronologically by year. Within each log, the incidents are organized chronologically by date, and the most recent occurrence is located at the bottom of the list. The Fire Log is open to the public during scheduled business hours at 125 South Main Street.

Bread Loaf Campus hosts a variety of programs throughout the year. During the summer months, Bread Loaf is the home of the Bread Loaf School of English and the Writers’ Conference. During the winter, the Rikert Ski Touring Center sets up shop in Barn East. Spring and fall bring a variety of other events to Bread Loaf.

Middlebury College and the Bread Loaf Campus Maps can be found online at http://www.middlebury.edu/about/campus/campusmap
