Subject: Twitter

To: Computer Users

Date: February 17, 2015

From: Information Security

- Twitter is a social discussion Feed and needs to be maintained for reputational purposes. Failure to do so could result in unwanted posts on your feed. Block posters and followers that you do not know.
- The popularity of Twitter makes it a popular target for attack. Maintain a unique and strong password but back it up with login alerts.

- Manage your privacy settings in Twitter so that you know who you are following and who is following you and use this to control who sees what.
- Add a phone to Twitter for alerting purposes.

Privacy ← **Manage your privacy settings**

Photo tagging Allow anyone to tag me in photos
 Only allow people I follow to tag me in photos
 Do not allow anyone to tag me in photos

Tweet privacy Protect my Tweets
Your Tweets are currently protected; only those you approve will receive your Tweets. Your future Tweets will not be available publicly. Tweets posted previously may still be publicly visible in some places. [Learn more](#).

Tweet location Add a location to my Tweets
When you tweet with a location, Twitter stores that location. You can switch location on/off before each Tweet. [Learn more](#)

[Delete all location information](#)

This will delete all location information from past Tweets. This may take up to 30 minutes.

Discoverability Let others find me by my email address
 Let others find me by my phone number

Personalization Tailor Twitter based on my recent website visits
[Learn more](#) about how this works and your additional privacy controls.
Do Not Track ✓
While you have Do Not Track turned on, your visits to sites that feature Twitter are not available to personalize your experience.

Promoted content Tailor ads based on information shared by ad partners.
This lets Twitter display ads about things you've already shown interest in. [Learn more](#) about how this works and your additional privacy controls.
Do Not Track ✓
While you have Do Not Track turned on, Twitter will not receive browser-related information from our ads partners for tailoring ads.
