

Course Shadowing Opportunities

Preview Day, Monday April 10th

Please arrive 10 minutes prior to the start of class to introduce yourselves to the professor. Students are welcome to go to a class prior to registration and have parents collect their registration materials. Please have two or three classes in mind just in case one is full or canceled (courses marked with *** are particularly limited on space). Due to space constraints **courses are only for students to attend**, but parents are welcome to attend all other Preview Day events.
