Application for Residency in the Hebrew House 2022-2023

The Hebrew House provides a unique opportunity for students to advance their Hebrew language proficiency, develop a better understanding of Hebrew and Israeli culture, and engage in programming that focus on Hebrew and Israel.

Students who would like to live in the House, and who are committed to initiating two to three events a month, are welcome to apply.

Priority will be given to students who speak Hebrew and who explain in some detail the programing that they would want to initiate in the House.
