

Major in Biology

	Requirement	Course Number	Course Name	Term of Completion
1	Core Courses	BIOL 0140	Ecology and Evolution	
2		BIOL 0145	Cell Biology and Genetics	
3	Organismal (2)			
4				
5	Electives (6)			
6				
7				
8				
9				
10				
11	Experimental Design (1)	BIOL 0211	Experimental Design & Data Analysis	
12	Chemistry with Lab			

I. Core Courses: BIOL 0140 and 0145 required

- Must be completed by end of third semester

II. Organismal: 2 of the following required

- BIOL 0201
- BIOL 0202
- BIOL 0203
- BIOL 0310

III. Electives: 6 courses required chosen from BIOL 0200-0700 and MBBC 0324

- At least two electives must have labs
- Only one winter term course can count
- Only one semester of BIOL 0500 or 0700 can count
- No more than 3 off-campus courses can count

IV. Experimental Design: 1

- BIOL 0211 Experimental Design & Data Analysis

V. Chemistry: 1 CHEM course with lab is required
