2017-2018

## MIDDLEBURY INSTITUTE OF INTERNATIONAL STUDIES AT MONTEREY

U.S. AND INTERNATIONAL STUDENT HEALTH INSURANCE PLAN (SHIP)

INTENSIVE ENGLISH AND INTENSIVE LANGUAGE PROGRAM

### WHO IS ELIGIBLE

#### Students

All Students enrolled at the Middlebury Institute of International Studies for six (6) or more credit hours for Fall or Spring and four (4) or more credit hours for Summer semesters are required to be insured and must directly enroll at [www.jcbins.com](http://www.jcbins.com) before registering for classes. Spring students will pay for Spring/Summer or Spring Only coverage at the beginning of the Spring semester.

All international students, possessing and maintaining a current passport and valid visa status (J-1, F-1 etc.), engaged in educational activities at the Institute who are temporarily located outside their home country and have not been granted permanent residency status, are required to be insured and must directly enroll before registering for classes.

A once per lifetime medical withdrawal exception may be granted to students on school approved medical leave during the first 45 days of coverage. If it is determined that eligibility requirements have not been met, our only obligation is to refund premium, less any claims paid.

#### Voluntary coverage

Students engaged in optional practical training (OPT), on campus internships, and off campus internships located at school approved locations may purchase the plan on a voluntary basis. OPT Students may purchase a maximum of 12 consecutive months of coverage from the OPT effective date. OPT Extension coverage is not allowed. A copy of a valid EAD is required. Please note that course credits received from TV, internet, video, satellite or any other off-campus classes do not fulfill the eligibility requirements.

#### Dependents

Coverage for dependents (spouse/children) is voluntary and available ONLY TO J VISA Holders.

### WAIVER PROCESS

Waivers may only be granted to people already insured under equivalent plans.

Students may waive the MIIS Sponsored plan with alternate coverage if an approved waiver has been submitted, by **the first day of classes**. Go to [www.jcbins.com](http://www.jcbins.com) to waive. You will need to know the name of your insurance company, Medical ID number and Date of Birth.

You may be required to provide, upon request, any coverage documents and/or other records regarding your alternate insurance policy.

## COVERAGE PERIOD

Open Enrollment Coverage will become effective at 12:01 a.m. on the first day of the coverage period purchased. All enrollments during the open enrollment period will be backdated to the start date of the period of coverage.

### Qualifying Events

Enrollments will not be accepted after the open enrollment period unless there is a qualifying event (such as involuntary loss of other coverage). Enrollment must occur within 30 days of the qualifying event and accompany proof of the qualifying event. Coverage will become effective at 12:01 a.m. on the day of the qualifying event. Premiums will not be pro-rated for enrollments taken after the open enrollment period.

### Termination Date

Coverage terminates at 12:01 a.m. on the coverage end date indicated for the period purchased. There is no continuation coverage for this plan for students who are no longer eligible. We do not send termination or renewal notices. It is the Insured Person's responsibility to renew coverage, subject to continuing eligibility, in a timely manner. Eligibility requirements must be met each time premium is paid to renew coverage. Final decisions regarding coverage effective dates are made by the insurance company.

The cost of coverage includes premium payable to Anthem Blue Cross and fees payable to JCB Insurance Services. Rates also include costs for emergency travel assistance provided by On Call International.

## REFUNDS

Once eligibility requirements have been met for the first 45 days of coverage, coverage will remain in force during the period for which premium has been paid, even if the student leaves school or obtains other coverage or has a change in status. Refunds will ONLY be considered during the first 45 days of coverage and ONLY for students who drop out of school or enter full time active duty military service. Approval is subject to verification that no medical claims were filed or paid during the coverage period. No other refunds will be granted. If you think you meet the refund requirements please log in to your JCB student account, click on Help Center and submit your request through "ask us a question".

## ID CARDS

Medical ID cards will be shipped starting August 25, 2017 or within 3 weeks of your purchase if, whichever is later. Providers need your Member ID Number from your ID card to identify you, verify your coverage and bill Anthem Blue Cross Life and Health. If you need to seek medical treatment prior to receiving your ID card, please contact Anthem Blue Cross to obtain your Member ID Number. Without a Member ID Number you can still seek medical treatment and submit a claim form for reimbursement.

## HOW TO FILE A CLAIM

Usually, all providers of healthcare will bill Anthem Blue Cross Life and Health directly for services to Insureds. This is the preferred procedure - you are not bothered with claim forms, and Anthem Blue Cross Life and Health often needs more details than are ordinarily provided on bills to patients.

But sometimes a physician or an ambulance company may not bill Anthem Blue Cross Life and Health and may send the bill directly to you. In these instances, Anthem Blue Cross Life and Health has no way of knowing about your claim. So, you must mail the bills to Anthem Blue Cross Life and Health within 90 days of treatment and include a claim form. Claim forms are available at [www.anthem.com/ca](http://www.anthem.com/ca). You are urged to send Anthem Blue Cross Life and Health each bill immediately upon receipt. Complete instructions for use of the claim form are on the form.

### On Call will not be liable for any expenses resulting from:

1. More than one Emergency Medical Evacuation and/or Repatriation for any single medical condition of an Insured Person during the Policy Period.
2. Any cost or expense not expressly covered in advance and in writing by On Call and/or not arranged by them. This exception shall not apply to Emergency Medical Evacuation from remote or primitive areas when On Call cannot be contacted in advance and delay might reasonably be expected to result in loss of life or harm to the Participant.
3. Any expense incurred for Participant(s) when travelling contrary to the advice of a Qualified Medical Practitioner, or for the purpose of obtaining medical treatment or for rest and recuperation following any prior accident or illness.
4. Any expense incurred for Emergency Medical Evacuation or Repatriation if the Participant is not suffering from a Serious Medical Condition, and/or in the opinion of Our Emergency Medical Assistance Provider's physician, the Participant can be adequately treated locally, or treatment can be reasonably delayed until the Participant returns to their Country of Domicile.
5. Any expense incurred for Emergency Medical Evacuation or Repatriation where the Participant, in the opinion of the Emergency Medical Assistance Provider's physician, can travel as an ordinary passenger without a medical escort.
6. Any expense related to the Participant engaging in any form of aerial flight except as a passenger on a scheduled airline flight, as a passenger on a licensed charter fixed wing aircraft over an established route; or as a passenger travelling on a business related activity in a fixed wing aircraft owned or leased to the Subscriber unless the form of aerial flight has been declared to and accepted by On Call in writing prior to travel.
7. Any expense related to treatment performed or ordered by a non-registered practitioner not in accordance with the standard medical practice as defined in the country of treatment.
8. Any expenses incurred as a direct or indirect result of elective surgery or cosmetic surgery.
9. Any Losses incurred by Participant or the Client if Participant or they fail to follow the advice of On Call.
10. Any valid claim costs that have been increased by the Client's or the Participant's failure to follow the advice of On Call.

## 2017-2018 Student Health Plan

[anthem.com/ca](http://anthem.com/ca)

### Important notice

This is a brief description of your Student Health Plan underwritten by Anthem Blue Cross (Anthem). If you'd like more detail about your coverage and costs, you can get the complete terms in the policy or plan document online at [anthem.com/ca](http://anthem.com/ca). You'll be able to get a copy of the full Master Policy as soon as it's available.

# Your choice

## When you choose preferred providers

You get the highest level of benefits under your health care plan when you use services from preferred providers — which are doctors and hospitals in your plan. They're also called "in-network" providers and when you use them, you're using "in-network" benefits, which give you the best value for your plan. See the charts on the following pages for your share of the cost.

## How to find a preferred provider

There are a few ways to find a preferred provider:

- Look up a provider in the Provider Directory. If you need a copy of the directory, call Member Services at the number on your ID card.
- Visit [anthem.com/ca/health-insurance/provider-directory/searchcriteria](https://www.anthem.com/ca/health-insurance/provider-directory/searchcriteria).

## When you choose nonpreferred providers

You can also receive covered services from non-preferred providers, which are doctors and hospitals not in your plan. But you pay more out of pocket because the benefits are "out-of-network." See the charts on the following pages for your share of the cost.

**Note:** If a preferred provider refers you for covered services to other providers, such as labs or specialists, make sure they're preferred providers so you can get in-network benefits, which give you the best value. If you use a nonpreferred provider, you pay more out of pocket because your benefits are out-of-network even if a preferred provider refers you.

## Your out-of-pocket maximum

Your out-of-pocket maximum is the most you could pay during a plan year for copays and coinsurance for covered services. See the charts on the following pages for more details.

## Emergency room (ER) services

In an emergency, such as a suspected heart attack, stroke or poisoning, you should go directly to the nearest ER or call 911 (or the local emergency phone number). You pay a copay per visit for in-network or out-of-network ER services. See the charts on the following pages for your share of the cost.

## Utilization review requirements

Utilization review is a process of looking at certain types of care, such as hospital admissions, to make sure they're needed, appropriate and efficient. You must follow the requirements of utilization review, including pre-admission review, preservice approval for certain outpatient services, concurrent review and discharge planning, and individual case management. For more information about utilization review, see your plan document. If you need nonemergency or nonmaternity hospitalization, you or someone on your behalf must call the number on your ID card for preapproval.

## Pediatric, Vision and Dental benefits

Your medical plan includes a vision and dental policy that covers pediatric essential benefits, for members until the end of the month in which they turn 19.

# Your summary of benefits

## Anthem Blue Cross

This summary of benefits is a brief outline of coverage, designed to help you with the selection process. This summary does not reflect each and every benefit, exclusion and limitation which may apply to the coverage. For more details, important limitations and exclusions, please review the formal *Certificate of Insurance* or *Evidence of Coverage* (EOC). If there is a difference between this summary and the *Certificate of Insurance* or *Evidence of Coverage* (EOC), the *Certificate of Insurance* or *Evidence of Coverage* (EOC) will prevail.

# Your summary of benefits

## Notes:

- This *Summary of Benefits* has been updated to comply with federal and state requirements, including applicable provisions of the enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this *Summary of Benefits*. This *Summary of Benefits*, as updated, is subject to the approval of the California Department of Insurance.
- In addition to the benefits described in this summary, coverage may include additional benefits, depending upon the member's home state. The benefits provided in this summary are subject to federal and California laws. There are some states that require more generous benefits be provided to their residents, even if the master policy was not issued in their state. If the member's state has such requirements, we will adjust the benefits to meet the requirements.
- The family deductible and out-of-pocket maximum are embedded meaning the cost shares of one family member will be applied to the individual deductible and individual out-of-pocket maximum; in addition, amounts for all family members apply to the family deductible and family out-of-pocket maximum. No one member will pay more than the individual deductible and individual out-of-pocket maximum.
- All medical services subject to a coinsurance are also subject to the annual medical deductible.
- Annual out-of-pocket maximums include deductible, copays, coinsurance and prescription drug.
- In-network and out-of-network deductible and out-of-pocket maximum are exclusive of each other.
- For plans with an office visit copay, the copay applies to the actual office visit and additional cost shares may apply for any other service performed in the office (for example, X-ray, lab, surgery), after any applicable deductible.
- Preventive Care Services include physical exam, preventive screenings (including screenings for cancer, HPV, diabetes, cholesterol, blood pressure, hearing and vision, immunization, health education, intervention services, HIV testing) and additional preventive care for women provided for in the guidance supported by Health Resources and Service Administration.
- For Medical Emergency care rendered by a nonparticipating provider or noncontracting hospital, reimbursement is based on the reasonable and customary value. Members may be responsible for any amount in excess of the reasonable and customary value.
- If your plan includes an emergency room facility copay and you are directly admitted to a hospital, your emergency room facility copay is waived.
- If your plan includes out-of-network benefits and you use a non-network provider, you are responsible for any difference between the covered expense and the actual nonparticipating providers charge.
- Nonemergency, out-of-network air ambulance services are limited to Anthem maximum payment of \$50,000 per trip.
- Certain services are subject to the utilization review program. Before scheduling services, the member must make sure utilization review is obtained. If utilization review is not obtained, benefits may be reduced or not paid, according to the plan.
- Certain types of physicians may not be represented in the PPO network in the state where the member receives services. If such physician is not available in the service area, the member's copay is the same as for PPO (with and without prenotification, if applicable). Member is responsible for applicable copays, deductibles and charges which exceed covered expense.

## Your summary of benefits

- Additional visits may be authorized if medically necessary. Preservice review must be obtained prior to receiving the additional services.
- If your plan includes out-of-network benefits, all services with calendar/plan-year limits are combined both in and out of network.
- Transplants covered only when performed at Centers of Medical Excellence or Blue Distinction Centers.
- Bariatric Surgery covered only when performed at Blue Distinction Center for Specialty Care for Bariatric Surgery.
- Skilled Nursing Facility day limit does not apply to mental health and substance abuse.
- Respite Care limited to five consecutive days per admission.
- Freestanding Lab and Radiology Center is defined as services received in a nonhospital based facility.
- Coordination of Benefits: The benefits of this plan may be reduced if the member has any other group health or dental coverage so that the services received from all group coverage do not exceed 100% of the covered expense.
- When using non-network pharmacy, members are responsible for in-network pharmacy copay, plus 50% of the remaining prescription drug maximum allowed amount and costs in excess of the prescription drug maximum allowed amount. Members will pay upfront and submit a claim form.
- Supply limits for certain drugs may be different, go to Anthem website or call Customer Service.
- Certain drugs require preauthorization approval to obtain coverage.
