DS-2019 Application Form (J-1 Visa) - Instructions

Congratulations on your admission to the Middlebury Institute of International Studies (Middlebury Institute). The International Student & Scholar Services (ISSS) department provides immigration-related support to all international students who need visa support to study at the Institute. The DS-2019 Application form provides information to ISSS, who will be creating a SEVIS record and printing a form DS-2019 for you. The Form DS-2019 is used in the J-1 visa application. In-addition to the DS-2019 application, the U.S. government requires applicants to provide documentation to show that they have sufficient financial support for your entire program of study, including tuition and living expenses, while studying in the United States. In order to receive the Form DS-2019 document for your J-1 visa interview, you will need to complete the DS-2019 Application form and submit the following documents to the ISSS:
