## **PAL PROFILE**

Hi everyone! My name is Ineza Mizero Ines Kevine, and I use she/her pronouns. I'm a junior (class of 2027) majoring in Computer Science from the land of a thousand hills, Rwanda . I am involved in the Women in Computer Science club, the Newman Catholic Club and MiddEngineers on campus. I love building things in the Makerspace; last semester my partner and I built an 8-bit computer, which was such a fun and exciting experience! I love singing, hanging out with my friends and crocheting in my free time. This is my third time being a PAL, which makes me so excited. I'm really looking forward to getting to know all of you and introducing you to the amazing world of Middlebury College.
