

MBH

Extras and Concerns: Enter at loading dock on North end 1st floor of building. Come down long corridor on 1st floor to red elevators. Go to second floor-door opens in Great Hall. People should be using the freight elevator (Aqua) for moving all objects (furniture, bulletin boards, carts, etc.) that are not loaded with food. The passenger elevators (red) should only be used for people and food.

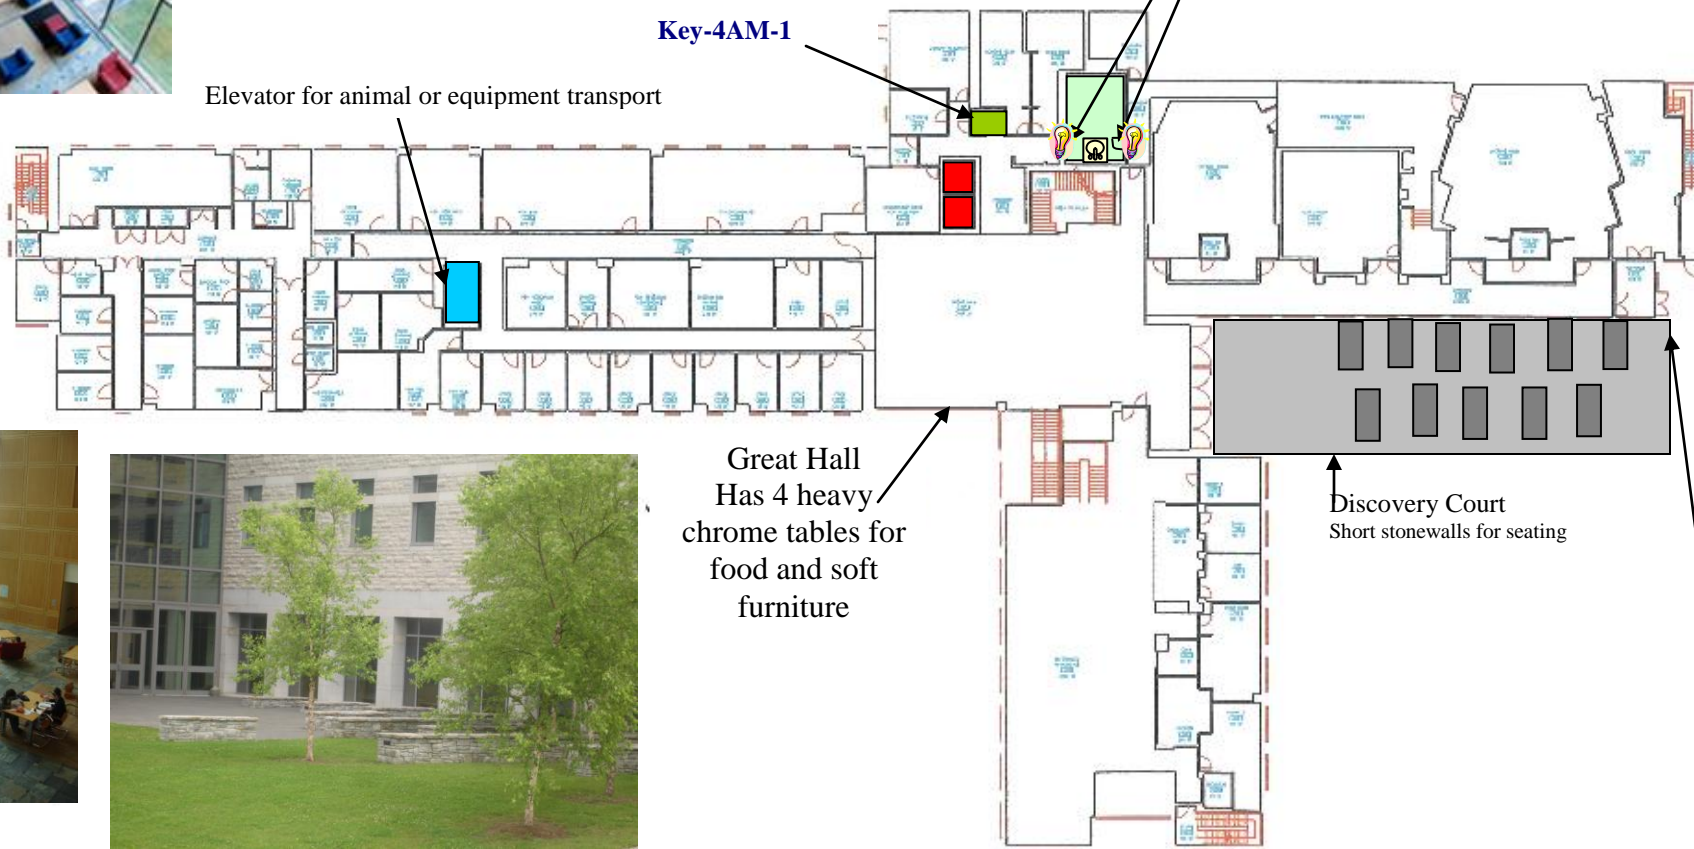

Suggestion: Once you're in the kitchen-unlock doors from inside so you don't lock yourself out.
