

BLSE Degree Progress Worksheet Instructions

Your Degree Progress Worksheet in [BannerWeb](#) allows you to see how the courses you have taken fulfill the requirements for the Bread Loaf MA, and should help you plan for course registration in February.

Degree Progress Worksheets utilize a 'Best Fit' algorithm that makes updates whenever record changes are made. For example, this 'Best Fit' algorithm will reassess your worksheet each night during registration and the add/drop period as course changes are made, as well as at the end of the semester when final grades are posted. Therefore, your audit will look different over your summers of enrollment depending on the courses you take and the attributes that are assigned to them.

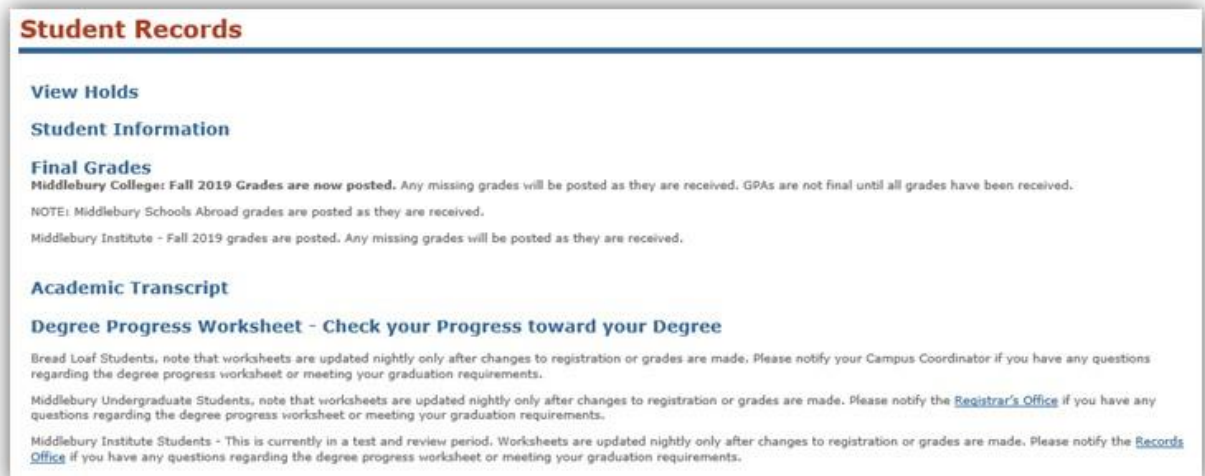

Please notify your Campus Coordinator if you have any questions regarding your degree progress worksheet or meeting your graduation requirements.
