ZORBTIVE* (PA)	HORMONAL AGENTS
ZORTRESS**	TRANSPLANT MEDICATIONS

Medications that aren't covered - and their covered alternative(s)

These medications aren't covered on the Cigna Value 4-Tier Prescription Drug List. However, there are other medications available that are used to treat the same condition. They're listed below.

DRUG CLASS	MEDICATION NAME^^ (Not covered)	GENERIC AND/OR PREFERRED BRAND ALTERNATIVE(S)
AIDS/HIV	ATRIPLA*	efavirenz-emtricitabine-tenofovir*
	COMBIVIR*	lamivudine-zidovudine*
	EMTRIVA*	emtricitabine*
	EPIVIR*	lamivudine*
	EPZICOM*	abacavir-lamivudine*
	INTELENCE 100MG, 200MG TABLET*	etravirine*
	KALETRA*	lopinavir-ritonavir*
	LEXIVA 700MG TABLET*	fosamprenavir 700mg tablet*
	NORVIR 100MG TABLET*	ritonavir 100mg tablet*
	RETROVIR CAPSULE, SYRUP*	zidovudine capsule, syrup*
	REYATAZ CAPSULE*	atazanavir capsules*
	SUSTIVA*	efavirenz*
	SYMFI* SYMFI LO*	efavirenz-lamivudine-tenofovir*
	TRIZIVIR*	abacavir-lamivudine-zidovudine tablet*
	TRUVADA*	emtricitabine-tenofovir*
	VIRAMUNE*	nevirapine*
	VIRAMUNE XR*	nevirapine ER*
	VIREAD 300MG TABLET*	tenofovir 300mg tablet*
	ZIAGEN*	abacavir*
ALLERGY/NASAL SPRAYS	AUVI-Q EPIPEN EPIPEN JR SYMJEPI	epinephrine auto-injectors
	carbinoxamine 6mg tablet RYVENT	carbinoxamine 4mg tablet
	dexchlorpheniramine RYCLORA	carbinoxamine oral solution cyproheptadine syrup hydroxyzine syrup
	DYMISTA	azelastine-fluticasone Generic nasal steroids (e.g. fluticasone)
	EPINEPHRINE 0.15 MG, 0.3 MG AUTO-INJECTOR	Generic EPIPEN (also called epinephrine)
LZHEIMER'S DISEASE	pyridostigmine 30mg tablet (QL)	pyridostigmine 60mg tablet
NXIETY/DEPRESSION/BIPOLAR DISORDER	ANAFRANIL	clomipramine
	APLENZIN	bupropion XL 150, 300 mg tablets
	ATIVAN TABLET LOREEV XR	lorazepam
	bupropion xl 450mg tablet FORFIVO XL	bupropion xl 150mg tablets
	CITALOPRAM HBR	citalopram tablet
	CYMBALTA	desvenlafaxine ER duloxetine escitalopram

^{^^} This medication isn't covered on this drug list. If your doctor feels a different medication isn't right for you, he or she can ask Cigna to consider approving coverage of the non-covered medication. If you don't get approval and you continue to fill a prescription for a medication that isn't covered, you'll pay its full cost of the medication out-of-pocket directly to the pharmacy. Also, the cost can't be applied to your annual deductible or out-of-pocket maximum.

Frequently Asked Questions (FAQs)

Understanding your prescription medication coverage can be confusing. Here are answers to some commonly asked questions.

Q. Why do you make changes to the drug list?

A. Cigna regularly reviews and updates the prescription drug list. We make changes for many reasons – like when new medications become available or are no longer available, or when medication prices change. These changes may include:^{3,4}

- Moving a medication to a lower cost tier. This can happen at any time during the year.
- Moving a brand medication to a higher cost tier when a generic becomes available. This can happen at any time during the year.
- Moving a medication to a higher cost tier and/or no longer covering a medication. This typically happens twice a year on January 1st and July 1st.
- Adding extra coverage requirements to a medication.

When we make a change that affects the coverage of a medication you're taking, we let you know before it happens. This way, you have time to talk with your doctor about your options. We try to give you many options to choose from to treat your health condition.

Q. Why doesn't my plan cover certain medications?

A. To help lower your overall health care costs, your plan doesn't cover certain high-cost brand medications because they have lower-cost, covered alternatives which are used to treat the same condition. Meaning, the alternative works the same or similar to the non-covered medication. If you're taking a medication that your plan doesn't cover and your doctor feels an alternative isn't right for you, he or she can ask Cigna to consider approving coverage.

Your plan may also exclude certain medications or products from coverage. This is known as a "plan (or benefit) exclusion." For example, your plan excludes:

Prescription medications used to treat heartburn/stomach acid conditions (e.g., Nexium, Prilosec and any generics) and

- allergies (e.g., Allegra, Clarinex, Xyzal and any generics). These are available over-the-counter without a prescription.
- Medications used to treat lifestyle conditions like infertility, erectile dysfunction, smoking cessation.⁶
- Medications that aren't approved by the U.S. Food and Drug Administration (FDA).

Q. How do you decide which medications to cover?

A. The Cigna Prescription Drug List is developed with the help of Cigna's Pharmacy and Therapeutics (P&T) Committee, which is a group of practicing doctors and pharmacists, most of whom work outside of Cigna. The group meets regularly to review medical evidence and information provided by federal agencies, drug manufacturers, medical professional associations, national organizations and peer-reviewed journals about the safety and effectiveness of medications that are newly approved by the FDA and medications already on the market. The Cigna Pharmacy Management® Business Decision Team then looks at the results of the P&T Committee's clinical review, as well as the medication's overall value and other factors before adding it to, or removing it from, the drug list.

Q. Why do certain medications need approval before my plan will cover them?

A. The review process helps to make sure you're receiving coverage for the right medication, at the right cost, in the right amount and for the right situation.

Q. How do I know if I'm taking a medication that needs approval?

A. Log in to the myCigna App or myCigna.com, or check your plan materials, to learn more about how your plan covers your medications. If your medication has a (PA) or (ST) next to it, your medication needs approval before your plan will cover it. If it has a (QL) next to it, you may need approval depending on the amount you're filling. If is has (AGE) next

Frequently Asked Questions (FAQs) (cont)

to it, you may need approval depending on the covered age range for the medication.

Q. What types of medications typically need approval?

A. Medications that:

- May be unsafe when combined with other medications
- Have lower-cost, equally effective alternatives available
- > Should only be used for certain health conditions
- > Are often misused or abused

Q. What types of medications typically have quantity limits?

A. Medications that:

- Are often taken in amounts larger than, or for longer than, may be appropriate
- Are often misused or abused

Q. What types of medications require Step Therapy?

A. The Step Therapy program includes medications that are used to treat many conditions, including, but not limited to:

- ADD/ADHD
- High cholesterol
- Allergies
- Osteoporosis
- Bladder problems
- > Pain
- > Breathing problems > Skin conditions
- Depression
- Sleep disorders
- High blood pressure

Q. Why does my medication have an age requirement?

A. Some medications are only considered clinically appropriate for people of a certain age.

Q. How do I get approval (prior authorization) for my medication?

A. Ask your doctor's office to contact Cigna so we can start the coverage review process. They know how the review process works and will take of everything for you. In case the office asks, they can download a request form from Cigna's provider portal at cignaforhcp.com.

Cigna will review information your doctor

provides to make sure your medication meets coverage guidelines. We'll send you and your doctor a letter with the decision and next steps. It can take 1-5 days to hear from us. You can always check with your doctor's office to find out if a decision has been made. You can also log in to myCigna.com or the myCigna app to check the status of your approval. Click on Prescriptions, then choose My Medications from the dropdown menu. On the left side of the page under "Prior Authorization," click the "View List" button.

If you meet guidelines, your medication will be approved for coverage. If you don't meet guidelines, you and your doctor can appeal the decision by sending Cigna a written request stating why the medication should be covered.

Q. What happens if I try to fill a prescription that needs approval but I don't get approval ahead of time?

A. When your pharmacist tries to fill your prescription, he or she will see that the medication needs prior approval. Because you didn't get approval ahead of time, your plan coverage won't apply. Meaning, your plan won't cover the cost of your medication. You should ask your doctor to contact Cigna to start the coverage review process. Or, you can choose to pay its full cost out-of-pocket directly to the pharmacy (the cost can't be applied to your annual deductible or out-of-pocket maximum).

Q. What happens if I try to fill a prescription that has a quantity limit?

A. Your pharmacist will only fill the amount your plan covers. If you want to fill more than what's allowed, your doctor's office will need to contact Cigna to request approval for coverage.

Q. Are all of the medications on this drug list approved by the U.S. Food and Drug Administration (FDA)?

A. Yes. All medications are approved by the FDA.

Frequently Asked Questions (FAQs) (cont)

Q. Are medications newly approved by the FDA covered on my drug list?

A. Newly approved medications may not be covered on your drug list for the first six months after they receive approval from the FDA. These include, but are not limited to, medications, medical supplies and/or devices covered under standard pharmacy benefit plans. We review all newly approved medications to see if they should be covered - and if so, on what tier. If your doctor feels a currently covered medication isn't right for you, he or she can ask Cigna to consider approving coverage of the newly approved medication.

Q. Which medications are covered under the health care reform law?

A. The Patient Protection and Affordable Care Act (PPACA), commonly referred to as "health care reform," was signed into law on March 23, 2010. Under this law, certain preventive medications (including some over-the counter products) may be available to you at no cost-share (\$0), depending on your plan. Log in to the myCigna App or myCigna.com, or check your plan materials, to learn more about how your plan covers preventive medications. You can also view the PPACA No Cost-Share Preventive Medications drug list at Cigna.com/PDL.

For more information about health care reform, go to **informedonreform.com** or **Cigna.com**.

Q. How can I find out how much I'll pay for a specific medication?

A. When you and your doctor are considering the right medication for your treatment, knowing how much it costs, what lowercost alternatives are available, and which pharmacies offer the best prices can help you avoid surprises. Log in to the **myCigna** App or **myCigna.com** and use the Price a Medication tool to see how much your medication costs before you get to the pharmacy counter - or, even before you leave your doctor's office.⁷

Q. How can I save money on my prescription medications?

A. You may be able to save money by switching to a medication that's on a lower tier (ex. generic or preferred brand) or by filling a 90-day supply, if your plan allows. You should talk with your doctor to find out if one of these options may work for you.

Q. Do generics work the same as brand-name medications?

A. Yes. A generic medication works in the same way and provides the same clinical benefit as its brand-name version.⁸ Generic and brand-name medications have the same active ingredients, strength, dosage form, effectiveness, quality, and safety.

Q. What are the differences between generic and brand-name medications?

A. The medications may look different. For example, generics may have a different shape, size or color than the brand-name medication. They may also have a different flavor, contain different preservatives, come in different packaging and/or with different labeling and may expire at different times. Generics may look different than the brand-name, but they're just as safe and effective.

Generics typically cost much less than brandname medications - in some cases, up to 85% less.⁸ Just because generics cost less than brands, doesn't mean they're lower-quality medications.

Q. My pharmacy isn't in my plan's network. Can I continue to fill my prescriptions there?

A. To receive in-network coverage under your plan, you'll need to switch to a pharmacy in your plan's network. If your plan offers out-of-network coverage, you'll pay out-of-network costs to fill a prescription there.

Q. Can I fill my prescriptions by mail?

A. Yes, as long as your plan offers home delivery.⁹

Frequently Asked Questions (FAQs) (cont)

Home delivery with Express Scripts® Pharmacy

Express Scripts® Pharmacy, our home delivery pharmacy, is a convenient option when you're taking a medication on a regular basis to treat an ongoing health condition. It's simple and safe, and saves you trips to the pharmacy. To learn more, go to **Cigna.com/homedelivery**.

- Easily order, manage, track, and pay for your medications on your phone or online
- > Standard shipping at no extra cost¹⁰
- Automatic refills or refill reminders
- > Fill up to a 90-day supply at one time
- > Helpful pharmacists available 24/7
- > Flexible payment options

Here are three easy ways to get started.

- Log in to the myCigna App or myCigna.com to move your prescription electronically. Click on the Prescriptions tab and select My Medications from the dropdown menu. Then simply click the button next to your medication name to move your prescription(s). Or,
- 2. Call your doctor's office. Ask them to send a 90-day prescription (with refills) electronically to Express Scripts Home Delivery. Or,
- 3. Call Express Scripts® Pharmacy at 800.835.3784. They'll contact your doctor's office to help transfer your prescription. Have your Cigna ID card, doctor's contact information and medication name(s) ready when you call.

Accredo®, a Cigna specialty pharmacy

If you're taking a specialty medication to treat a complex medical condition, Accredo's team of specialty trained pharmacists and nurses can help. They'll fill and ship your specialty medication to your home (or location of your choice). They'll also provide you with the personalized care and support you need to manage your therapy – at no extra cost. To learn more, go to **Cigna.com/specialty**.

- Easily manage and track your medications on your phone or online
- Fast shipping, at no extra cost¹⁰

- > Easy refills and free reminders
- 24/7 access to specialty-trained pharmacists and nurses
- Personalized care services like training on how to administer your medication
- Help with applying for third-party copay assistance programs and other options

To get started using Accredo, call **877.826.7657**, Monday-Friday, 7:00 am-10:00 pm CST and Saturdays, 7:00 am-4:00 pm CST. Be sure to call Accredo about two weeks before your next refill so they have time to get a new prescription from your doctor's office.

Q. Where can I find more information about my pharmacy benefits?

A. You can use the online tools and resources on the **myCigna** App or **myCigna.com** to help you better understand your pharmacy coverage. You can find out how much your medication costs, see which medications your plan covers, find an in-network pharmacy, ask a pharmacist a question and see your pharmacy claims and coverage details. You can also manage your home delivery prescription orders.

Exclusions and limitations for coverage

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and be medically necessary. If your plan provides coverage for certain preventive prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, the prescription may not be covered. Certain drugs may require prior authorization, or be subject to step therapy, quantity limits or other utilization management requirements.

Plans generally do not provide coverage for the following under the pharmacy benefit, except as required by state or federal law, or by the terms of your specific plan:¹²

- over-the-counter (OTC) medicines (those that do not require a prescription) except insulin unless state or federal law requires coverage of such medicines;
- prescription medications or supplies for which there is a prescription or OTC therapeutic equivalent or therapeutic alternative;
- doctor-administered injectable medications covered under the Plan's medical benefit, unless otherwise covered under the Plan's prescription drug list or approved by Cigna;
- implantable contraceptive devices covered under the Plan's medical benefit;
- medications that are not medically necessary;
- experimental or investigational medications, including FDA-approved medications used for purposes other than those approved by the FDA unless the medication is recognized for the treatment of the particular indication;
- medications that are not approved by the Food & Drug Administration (FDA);
- prescription and non-prescription devices, supplies, and appliances other than those supplies specifically listed as covered;
- medications used for fertility¹³, sexual dysfunction, cosmetic purposes, weight loss, smoking cessation¹³, or athletic enhancement;
- prescription vitamins (other than prenatal vitamins) or dietary supplements unless state or federal law requires coverage of such products;
- immunization agents, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions and medications used for travel prophylaxis;

- replacement of prescription medications and related supplies due to loss or theft;
- medications which are to be taken by or administered to a covered person while they are a patient in a licensed hospital, skilled nursing facility, rest home or similar institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceuticals;
- prescriptions more than one year from the date of issue; or
- coverage for prescription medication products for the amount dispensed (days' supply) which is more than the applicable supply limit, or is less than any applicable supply minimum set forth in The Schedule, or which is more than the quantity limit(s) or dosage limit(s) set by the P&T Committee.
- more than one prescription order or refill for a given prescription supply period for the same prescription medication product prescribed by one or more doctors and dispensed by one or more pharmacies.
- prescription medication products dispensed outside the jurisdiction of the United States, except as required for emergency or urgent care treatment.

In addition to the plan's standard pharmacy exclusions, certain new FDA-approved medication products (including, but not limited to, medications, medical supplies or devices that are covered under standard pharmacy benefit plans) may not be covered for the first six months of market availability unless approved by Cigna as medically necessary.

Cigna reserves the right to make changes to the Drug List without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

- 1. The downloading and use of the **myCigna** App is subject to the terms and conditions of the App and the online stores from which it is downloaded. Standard mobile phone carrier and data usage charges apply. Actual App features available may vary depending on your plan and individual security profile.
- 2. Customers under age 13 (and/or their parent/quardian) will not be able to register at myCigna.com.
- 3. State laws in **Connecticut**, **Louisiana**, **New York**, and **Texas** may require your plan to cover your medication at your current benefit level until your plan renews. This means that if your medication is taken off the drug list, is moved to a higher cost-share tier or needs approval from Cigna before your plan will cover it, these changes may not begin until your plan's renewal date. To find out if these state laws apply to your plan, please call Customer Service using the number on your Cigna ID card.
- 4. State law in Illinois may require your plan to cover your medications at your current benefit level until your plan renews. This means that if you currently have approval through a review process for your plan to cover your medication, the drug list change(s) listed here may not affect you until your plan renewal date. If you don't currently have approval through a coverage review process, you may continue to receive coverage at your current benefit level if your doctor requests it. To find out if this state law applies to your plan, please call Customer Service using the number on your Cigna ID card.
- 5. For insured plans that must follow **Delaware**'s state insurance laws: Brand-name antidepressant, smoking cessation, attention deficit hyperactivity disorder (ADHD), and anti-psychotic medications that don't have a generic equivalent available will be covered as Tier 2 (preferred brand). This is true even if the medication is listed as Tier 3 (non-preferred brand) on your plan's drug list. To find out how your specific plans covers these medications, log in to the **myCigna** App or **myCigna.com**, or call Customer Service using the number on your Cigna ID card.
- 6. Smoking cessation medications are not typically covered under the plan, except as required by law or by the terms of your specific plan. Costs and complete details of the plan's prescription drug coverage, including a full list of exclusions and limitations, are set forth in the plan documents. If there are any differences between the information provided here and the plan documents, the information in the plan documents takes complete precedence.
- 7. Prices shown on **myCigna** are not guaranteed and coverage is subject to your plan terms and conditions. Visit myCigna for more information.
- 8. U.S. Food and Drug Administration (FDA) website, "Generic Drugs: Questions and Answers." Last updated 03/16/21. https://www.fda.gov/drugs/questions-answers/generic-drugs-questions-answers.
- 9. Not all plans offer home delivery and Accredo as covered pharmacy options. Log in to the **myCigna** App or **myCigna.com**, or check your plan materials, to learn more about the pharmacies in your plan's network.
- 10. Standard shipping costs are included as part of your prescription plan.
- 11. As allowable by law. For medications administered by a health care provider, Acrredo will ship the medication directly to your doctor's office.
- 12. Costs and complete details of the plan's prescription drug coverage are set forth in the plan documents. If there are any differences between the information provided here and the plan documents, the information in the plan documents takes complete precedence.
- 13. Plans that must follow state insurance laws, like **Delaware**'s state insurance laws, may provide coverage for infertility medications and smoking cessation medications even if this drug list states that your plan may not cover them. To find out if your specific plan covers these medications, log in to the **myCigna** App or **myCigna.com**, or check your plan materials.

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact a Cigna representative.

DISCRIMINATION IS AGAINST THE LAW

Medical coverage

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact customer service at the toll-free number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by sending an email to ACAGrievance@Cigna.com or by writing to the following address:

Cigna

Nondiscrimination Complaint Coordinator

PO Box 188016

Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@Cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and Human Services 200 Independence Avenue, SW Room 509F, HHH Building Washington, DC 20201 1.800.368.1019, 800.537.7697 (TDD) Complaint forms are available at http://www.hhs.gov/ocr/office/file/index.html.
