

INTERNATIONAL PRE-ORIENTATION

STUDENT TEAM (2023)

Student Coordinator

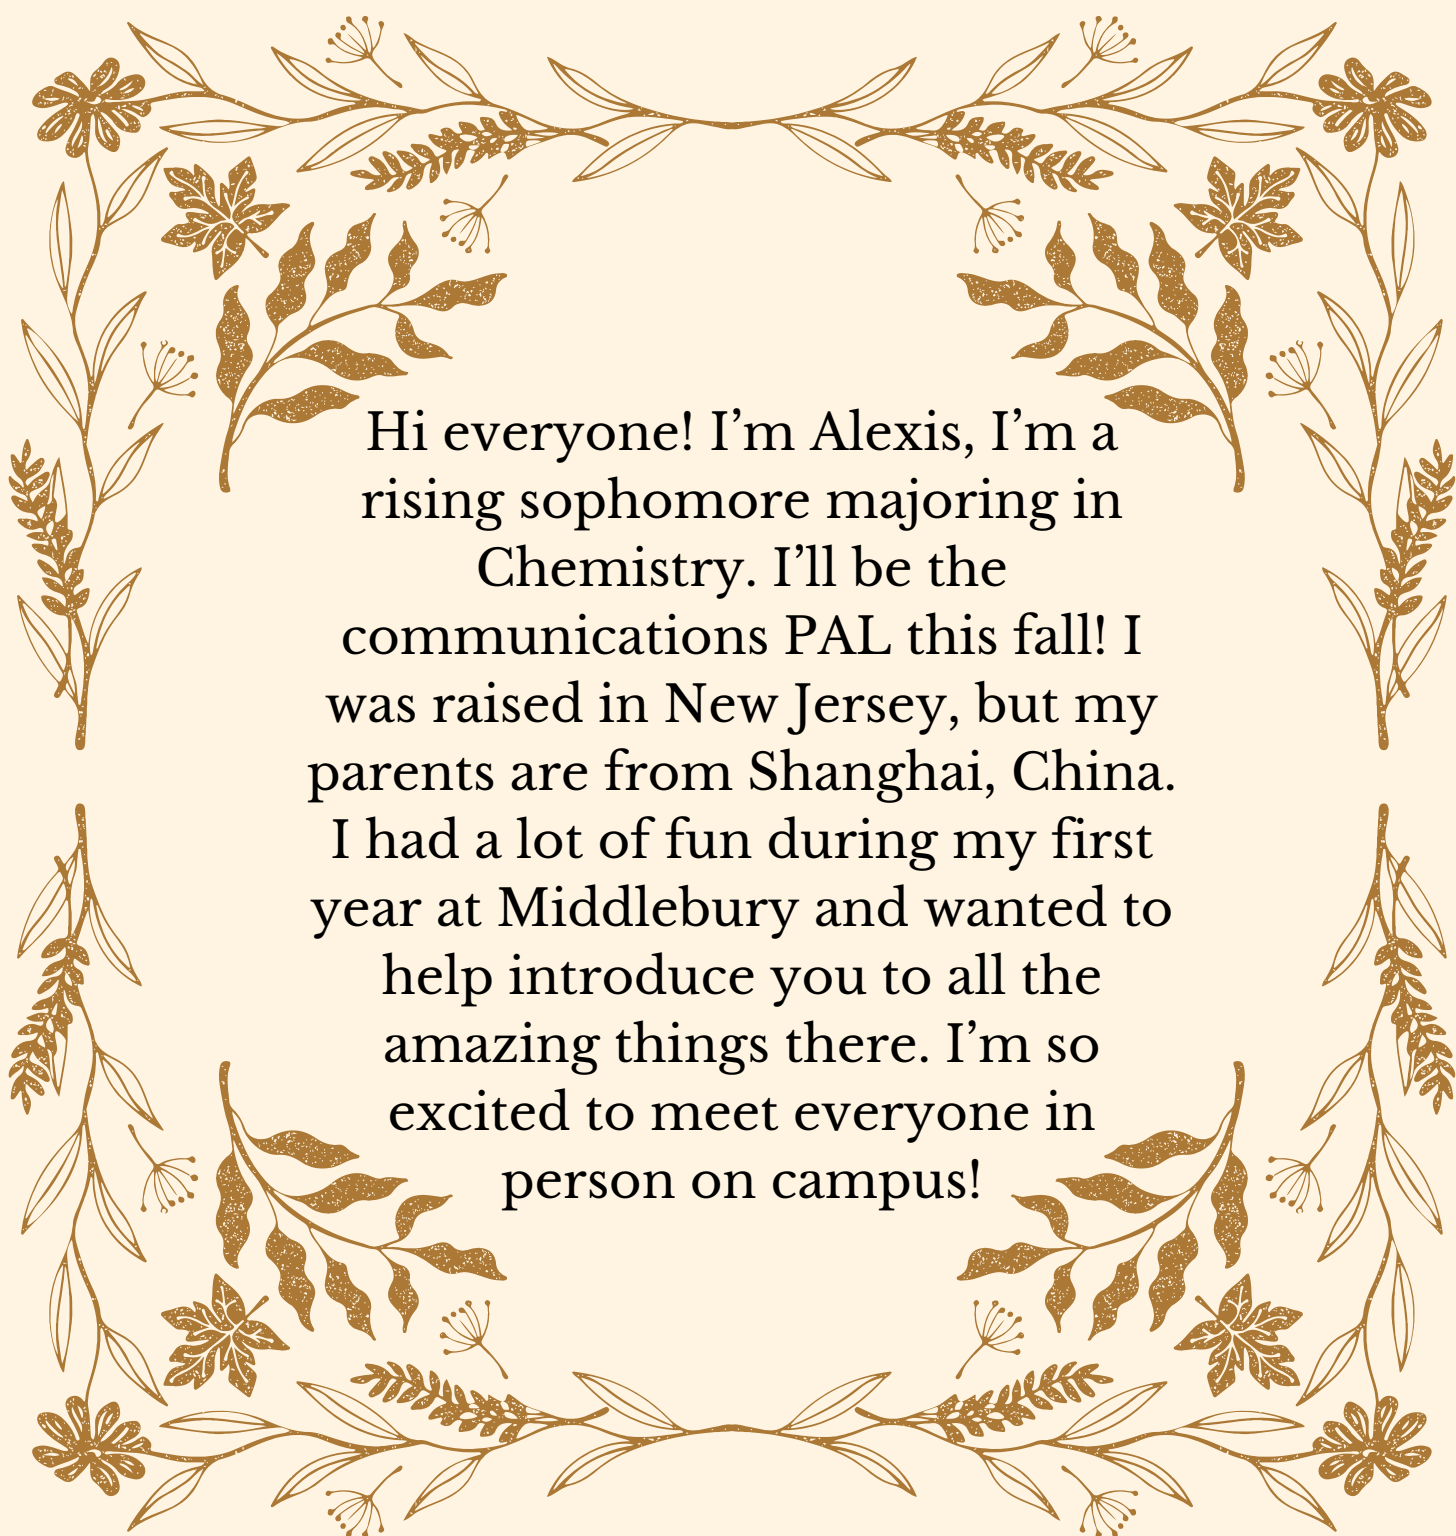

Angela Izi Nkusi '24
(she/her)

Hi everyone 😊 Welcome to Middlebury!! My name is Angela Izi Nkusi, and I am the ISSS Student Coordinator for the Pre-Orientation program this Fall 2023. I am a rising senior majoring in International and Global Studies (IGS) with a focus on global environmental change and a minor in French (lengthy I know lol). I am from Kigali city in Rwanda where I live with my parents and two younger siblings. Participating in the Pre-Orientation program has always been a chance for me to welcome, support, and guide incoming international students as they arrive at Middlebury. I know what it feels like to be in a completely new place with a new culture and novel ways of living, so it is always an opportunity for me to share my experiences and hope that new Midd kids can find a new home far from home.

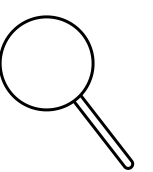

ComPAL

Hi everyone! I'm Alexis, I'm a rising sophomore majoring in Chemistry. I'll be the communications PAL this fall! I was raised in New Jersey, but my parents are from Shanghai, China. I had a lot of fun during my first year at Middlebury and wanted to help introduce you to all the amazing things there. I'm so excited to meet everyone in person on campus!

(she/her)

Greetings everyone!

This is AJ Byambasaikhan (she/her) here, returning as a PAL for the second year. As a rising senior who is about to finish the International Politics and Economics major, I figured the best way to kick off this Fall was joining the Pre-O team. So why do it again? Well, I did branch out and make new friends throughout my Midd journey, but I also met a lot of my current best friends through my early orientation three years ago. So I would love to see you all make new pals and cherish these moments with us too!

Hi!

My name is Autumn (they/them) and I'm an international student from Beijing. I study physics and engineering, but I also like art history (despite having little artistic skill). Some of my best friends over the years have been international students, and I'm looking forward to meeting the next cohort of Middlebury's internationals!

¡Holis! Hope everyone is doing well this summer so far. My name is José, and I am a rising sophomore at Midd 🤗 I grew up in Monterrey, Mexico and have lived the past couple of years in St. Joseph, Michigan! I have yet to declare my major, but I intend in majoring in Film and Media Culture or Linguistics—as an Independent Scholar—and minoring in Chinese. I'm very much excited to welcome you all to Midd during the ISSS Pre-O and be involved as a PAL this year. With just one year here, I've been able to tell that the magic of a small liberal arts college is how personally suited and world-exploring it can be as long as you look in the right places. And, ISSS Pre-O is definitely the best first experience at it. Having fun and meeting some of the best people all over the world, it has easily become one of my favorite memories at Middlebury. Hope you all can make the most of it, and wish you safe travels to Midd. See you all soon and feel free to reach out with any questions!

Hi everyone!

I'm Onat (he/him), a very confused junior majoring in economics while contemplating minors in German and math. I was born and raised in Turkey, but had the opportunity to spend the last two years of high school in Hong Kong at LPCUWC (yes, we are everywhere). I enjoy playing video games and collecting Lego sets. You can find me at the German House on your way to town, or drinking copious amounts of bubble tea at Yogurt City. Welcome to Midd, and see you all in a bit!

Hey y'all! My name is Luna Simone-Gonzalez (she/her) and I'm a senior feb majoring in biology and double minoring in computer science and portuguese. I am Venezuelan and Brazilian but am a born and raised New Yorker. I came to Middlebury as a city kid to find how diversity can be found in smaller communities, and discovered that diversity within the language programs and students coming to Midd from places far different from New York City. I was a PAL two years ago and could not wait to be one again, last year I was unable to join in on the fun due to studying abroad in Uganda and Spain! I can't wait to meet you all and discover Middlebury again with y'all after being away for so long. Vermont is a beautiful and fun place and I hope to enjoy that alongside each other.

Hello hello! My name is Barry, and I am a rising junior (the American way of saying Year 3) from Shenzhen, China. I major in IGS European Studies and Economics- a good balance, in my opinion, between daydreaming and reality. If you actually took the time to read our bios- a very heartfelt welcome to Middlebury! If you did not- also a very heartfelt welcome to Middlebury! We are so, so happy that you are (about to be) here! I love this place, and I am sure that we are going to have so much fun during the pre-o (and beyond). Cannot wait to see you in September, if not sooner! You can also find me at the German House on your way to town. An exciting journey awaits :).

Hi everyone! Welcome to Midd! My name is Yifan Yin (She/Her) and I am a rising sophomore this fall. I am from Qingdao, China, and I went to high school in New Hampshire. Hiii! My name is Ksiusha (/Kseniia). I'm from Kyiv, the capital of Ukraine. I'm a rising sophomore and I'm planning on double-majoring in Film and Media Culture and Computer Science. I decided to become a PAL because last year I had so much fun during the international orientation and it was an important start point of my college life. Please don't be scared to reach out during the orientation, you'll be happy to find out that there is an amazing supportive community of international students on campus :) Looking forward to seeing you in September!

Hi, my name is Stefan Stromback and I'm in the class of 2026. I'm half Greek and half Swedish but I live in Geneva, Switzerland. I decided to become a PAL because I really look forward to meeting more international students and helping as much as I can in the adjustment process. As a foreigner myself, I really recognize how difficult it can all be and I'm sure that I can be a great source of help for that. Welcome to campus and I hope you look forward to pre-orientation as much as I do.

Hi everyone, welcome to Midd! My name is Vlera Hasani (she/her) and I'm a Senior Feb majoring in International Politics and Economics. I'm from Kosovo, but I also lived in Canada for two years when I studied at UWC, and this past year I've studied abroad in Oxford and in Paris through Middlebury's Study Abroad Programs. I'm very excited to meet all of you and to show you what a wonderful place your new home is going to be.

*We can't wait
