Instructions for F-1 Students in the U.S.
for international employees in Middlebury summer programs

If you are currently in the U.S. as an F-1 student, then you might have the opportunity to apply for work authorization associated with your current F-1 status. This might be Optional Practical Training (OPT) or Curricular Practical Training (CPT). You must speak with your current Designated School Official (DSO) at your U.S. school about the type of off-campus training benefit you may be eligible for. Once that is determined, you should begin the application process as soon as possible.

Once you have determined which type of work authorization to apply for, please read the relevant section below for detailed information about what documentation Middlebury ISSS will need from you to establish you have the appropriate status and work authorization to work for Middlebury in the summer.

If it is determined that you are not eligible for F-1 work authorization benefits, please contact ISSS at isss@middlebury.edu as soon as possible to discuss what other options may be available for you to pursue employment at Middlebury for the summer.

After reading this document, if you have questions, please contact isss@middlebury.edu.

F-1 CPT page 2

F-1 Optional Practical Training (OPT):
If you are an F-1 student in the U.S., who intends to work for a Middlebury summer program using OPT work authorization, please email isss@middlebury.edu confirming that you will be obtaining F-1 OPT work authorization. This email confirms with us that you will be obtaining work authorization associated with your current U.S. status, and you will not need additional visa-related support from Middlebury.

You must be able to show you have work authorization as soon as possible. If you are unable to show you have authorization for the period of your contract by the first week of June, you may not be able to work for Middlebury.

IMPORTANT: Having a pending application with USCIS does NOT permit you to work. You must have a valid Employment Authorization Document (EAD) for the dates of your contract to be able to work. The application adjudication process for OPT can take up to, or more than, 90 calendar days from the day USCIS receives it. If you plan to work at Middlebury using OPT, please be in touch with your International Student Advisor (DSO) to inquire about or begin the OPT application process. Also, please remain in consistent and timely communication with ISSS regarding the status of your work authorization documentation.

Once USCIS has approved your OPT authorization and you have received the EAD, submit the following documents to Middlebury ISSS. Documents must be submitted through our secure web document submission link: https://middlebury.qualtrics.com/jfe/form/SV_8rkqqZCH4Cp7EKW. DO NOT send these documents by email for privacy and security reasons.

**F-1 Curricular Practical Training (CPT):**

If you are an F-1 student in the U.S., who intends to work for a Middlebury summer program using CPT work authorization, please email isss@middlebury.edu confirming that you will be obtaining F-1 CPT work authorization. When requesting CPT authorization, please ensure:
