How to Browse the Oracle Learn Course Catalog and Enroll in a Course:

1. Navigate to My Learning from the “Me” tab on the Oracle home page.

2. Click on “Browse Catalog”

3. Select “Featured Learning” to see a full list of courses. Or select one of the categories to explore courses related to the topic.
4. Selecting “Featured Learning” will bring you to the list of courses. It will default to sort by “Featured on Date”. You may change this to sort by “Title” by selecting the drop down.

5. Selecting a specific category will show you those courses related to the topic.
6. To search for a specific course by name or keyword, select “Search” in the top right corner on the “Featured Learning” page.

7. Type in the name of the course or a keyword and then select “Advanced Search”.

8. From here, your course should appear. If you do not see it, try searching by one keyword.

9. To enroll in the course, click on the title of the course.

10. This will bring you to the course page where you will select “Enroll” at the top of the screen.
11. After selecting “Enroll” the course activities will become available. To start an activity, select “Launch” on the right-hand side. Once all activities are completed, the course will be marked “Complete”.
